SUPPLEMENTARY INFORMATION:

Case History

On October 13, 2009, the Department initiated a countervailing duty (CVD) investigation of certain coated paper from Indonesia. See *Certain Coated Paper from Indonesia: Initiation of Countervailing Duty Investigation*, 74 FR 53707 (October 20, 2009) (*Initiation Notice*).¹ In the *Initiation Notice*, the Department set aside a period for all interested parties to raise issues regarding product coverage. The comments we received are discussed in the "Scope Comments" section below.

In the *Initiation Notice*, the Department identified the Asia Pulp & Paper/Sinar Mas Group (APP/SMG), through the Indonesian paper mills it operates, as the mandatory company respondent in this investigation. Respondent APP/SMG companies identified in this investigation are PT. Pabrik Kertas Tjiwi Kimia Tbk. (Tjiwi Kimia or TK), PT. Pindo Deli Pulp and Paper Mills (Pindo Deli or PD), and PT. Indah Kiat Pulp & Paper, Tbk. (Indah Kiat or IK) (hereinafter designated as respondents, APP/SMG, or by their individual company names).

On November 3, 2009, the Department issued the questionnaire (including government and company sections) to the Government of Indonesia (GOI). On the same day, the Department also provided a copy of the questionnaire to APP/SMG. On December 29, 2009, APP/SMG and the GOI submitted their questionnaire responses. (*APP/SMG*

¹ Petitioners in this investigation are Appleton Coated LLC, NewPage Corporation, S.D. Warren Company d/b/a/ Sappi Fine Paper North America, and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (collectively, petitioners).

Initial Questionnaire Response and *GOI Initial Questionnaire Response*) On January 11 and January 14, 2010, the Department received comments from petitioners regarding these questionnaire responses. On January 28 and 29, 2010, the Department issued supplemental questionnaires to APP/SMG and the GOI, respectively (*Supplemental Questionnaire to APP/SMG* and *Supplemental Questionnaire to the GOI*, respectively). Responses to these questionnaires were received on February 16, and 22, 2010, and March 1, 2010 (*APP/SMG Supplemental Questionnaire Response* and *GOI Supplemental Questionnaire Response*). The Department notes that the March 1 questionnaire response was received too late to be considered for this preliminary determination.

On February 16, 2010, petitioners submitted comments for the Department to consider for purposes of the preliminary determination. On February 23, 2010, petitioners submitted additional comments for the Department's consideration. On February 26, 2010, respondents submitted comments for the Department's preliminary determination. However, the most recent comments from petitioners and respondents did not reach the Department in time for sufficient consideration to be given for purposes of the preliminary determination. The Department will therefore consider these submissions in its analysis for the final determination.

On February 17, 2010, the Department issued a memorandum finding that petitioners' original allegation that APP/SMG was uncreditworthy from 2001 to April 2005 was sufficient and timely, and stating that we would cover creditworthiness in our analysis. See Memorandum to File from Justin M. Neuman, International Trade Analyst, AD/CVD Operations, Office 6, *Countervailing Duty Investigation of Certain Coated Paper from Indonesia: Allegation of Uncreditworthiness*, dated February 17, 2010 (*Creditworthiness Memorandum*). On that same day, we issued a questionnaire to respondents regarding creditworthiness. Respondents submitted their response on February 22, 2010 (*Creditworthiness Questionnaire Response*).

On December 3, 2009, the Department postponed the preliminary determination until February 20, 2010. However, since February 20, 2010 fell on a Saturday, the Department stated its determination would be issued on the next business day, February 22, 2010. See *Certain Coated Paper from Indonesia: Postponement of Preliminary*
