outstanding voting securities, as defined
in the Act, or in the case of a Fund
whose public shareholders purchase
shares on the basis of a prospectus
containing the disclosure contemplated
by condition 2 below, by the sole initial
shareholder before offering the Fund’s
shares to the public.
2. The prospectus for each Fund will
disclose the existence, substance, and
effect of any order granted pursuant to
the application. In addition, each Fund
will hold itself out to the public as
employing the manager of managers
structure described in the application.
The prospectus will prominently
disclose that the Adviser has the
ultimate responsibility (subject to
oversight by the Board) to oversee the
Sub-Advisers and to recommend their
hiring, termination and replacement.
3. At all times, at least a majority of
the Board will be Independent Trustees,
and the nomination of new or additional
Independent Trustees will be placed
within the discretion of the then
existing Independent Trustees.
4. The Adviser will not enter into a
Sub-Advisory Agreement with any
Affiliated Sub-Adviser without that
agreement, including the compensation
to be paid thereunder, being approved
by the shareholders of the applicable
Fund.
5. When a change of Sub-Adviser is
proposed for a Fund with an Affiliated
Sub-Adviser, the Board, including a
majority of the Independent Trustees,
will make a separate finding, reflected
in the Board minutes, that the change is
in the best interests of the Fund and its
shareholders and does not involve a
conflict of interest from which the
Adviser or the Affiliated Sub-Adviser
derives an inappropriate advantage.
6. Within 90 days of hiring any new
Sub-Adviser, the affected Fund’s
shareholders will be furnished all
information about the new Sub-Adviser
that would be contained in a proxy
statement, except as modified to permit
Aggregate Fee Disclosure. This
information will include Aggregate Fee
Disclosure and any change in such
disclosure caused by the addition of the
new Sub-Adviser. To meet this
obligation, the Fund will provide
shareholders within 90 days of the
hiring of a new Sub-Adviser with an
information statement meeting the
requirements of Regulation 14C,
Schedule 14C, and Item 22 of Schedule
14A under the 1934 Act, except as
modified by the order to permit
Aggregate Fee Disclosure.
7. The Adviser will provide general
investment advisory services to the
Funds, including overall supervisory
responsibility for the general
management and investment of each
Fund’s assets, and, subject to review
and approval by the Board, the Adviser
will (i) set each Fund’s overall
investment strategies; (ii) evaluate,
select and recommend Sub-Advisers to
manage all or part of each Fund’s assets;
(iii) when appropriate, allocate and
reallocate each applicable Fund’s assets
among multiple Sub-Advisers; (iv)
monitor and evaluate the performance
of the Sub-Advisers, and (v) implement
procedures reasonably designed to
ensure that the Sub-Advisers comply
with each Fund’s investment objective,
policies and restrictions.
8. No trustee or officer of a Trust, or
director or officer of the Adviser, will
own, directly or indirectly (other than
through a pooled investment vehicle
that is not controlled by such person),
any interest in a Sub-Adviser, except for:
(i) Ownership of interests in the
Adviser or any entity that controls, is
controlled by, or is under common
control with the Adviser; or (ii)
ownership of less than 1% of the
outstanding securities of any class of
equity or debt of a publicly traded
company that is either a Sub-Adviser
or an entity that controls, is controlled by,
or is under common control with a Sub-
Adviser.
9. Independent legal counsel, as
defined in rule 0–1a(6) under the Act,
will be engaged to represent the
Independent Trustees. The selection of
such counsel will be within the
discretion of the then existing
Independent Trustees.
10. Each Fund will disclose in its
registration statement the Aggregate Fee
Disclosure.
11. Whenever a Sub-Adviser is hired
or terminated, the Adviser will provide
the Board with information showing the
expected impact on the Adviser’s
profitability.
12. The Adviser will provide the
Board, no less frequently than quarterly,
with information about the Adviser’s
profitability, on a per-Fund basis. The
information will reflect the impact on
profitability of the hiring or termination
of any Sub-Adviser during the
applicable quarter.
13. In the event that the Commission
adopts a rule under the Act providing
substantially similar relief to that in the
order requested in the application, the
requested order will expire on the
effective date of that rule.

For the Commission, by the Division of
Investment Management, under delegated
authority.

SECURITIES AND EXCHANGE
COMMISSION

[Release No. 34–61650; File No. SR–BATS–
2010–005]

Self-Regulatory Organizations; BATS
Exchange, Inc.; Notice of Filing and
Immediate Effectiveness of Proposed
Rule Change Related to Fees for Use
of BATS Exchange, Inc.

March 4, 2010.

Pursuant to Section 19(b)(1) of the
Securities Exchange Act of 1934 (the
“Act”), 1 and Rule 19b–4 thereunder,2
notice is hereby given that on February
25, 2010, BATS Exchange, Inc. (the
“Exchange” or “BATS”) filed with the
Securities and Exchange Commission
(“Commission”) the proposed rule
change as described in Items I, II and III
below, which Items have been prepared
by the Exchange. BATS has designated
the proposed rule change as one
establishing or changing a member due,
fee, or other charge imposed by the
Exchange under Section 19(b)(3)(A)(ii)
of the Act 3 and Rule 19b–4(f)(2)4
thereunder,5 which renders the
proposed rule change effective upon
filing with the Commission. The
Commission is publishing this notice to
solicit comments on the proposed rule
change from interested persons.

I. Self-Regulatory Organization’s
Statement of the Terms of Substance of
the Proposed Rule Change

The Exchange proposes to modify its
fee schedule applicable to Members5 of
the Exchange pursuant to BATS Rules
15.1(a) and (c). While changes to the fee
schedule pursuant to this proposal will
be effective upon filing, the changes will
become operative on February 26, 2010.
The text of the proposed rule change is
available at the Exchange’s Web site
at http://www.batstrading.com, on the
sec.gov, at the principal office of the
Exchange, and at the Commission’s
Public Reference Room.

5 A Member is any registered broker or dealer that
has been admitted to membership in the Exchange.
II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule applicable to use of the Exchange effective February 26, 2010, in order to (i) establish fees for executions that occur on the BATS Exchange options market (“BATS Options”); (ii) establish fees for executions routed via BATS Options to other options exchanges; and (iii) make other technical changes to the fee schedule.

(i) Fees for Executions on BATS Options

The Exchange proposes to implement fees based on the pricing model currently in place for the trading of equities via the Exchange. Specifically, the Exchange will assess fees for the execution of options contracts based upon which Member provides liquidity to the BATS Options order book and which Member takes liquidity from BATS Options order book. This model seeks to attract liquidity to BATS Options by providing credits to Members that provide liquidity, and to assess a fee to the Member whose order executes against an order that has provided liquidity. An order that provides liquidity is any order that is entered into BATS Options and is placed on the BATS Options order book for potential execution. An order that takes liquidity is one that is entered into BATS Options and that executes against an order resting on the BATS Options order book.

The Exchange is proposing to charge $0.30 per contract for executions that remove liquidity from BATS Options and to rebate $0.20 per contract for executions that add liquidity to BATS Options.

(ii) Routing Fees for Orders Routed Away From BATS Options

The Exchange proposes to charge the routing charges per contract as described below. All charges by the Exchange for routing away from BATS Options are applicable only in the event that an order is executed. In other words, there is no charge for orders that are routed away from the Exchange but are not filled.

BATS Options will pass through the charges assessed by other markets for the execution of options orders, plus an additional charge. Specifically, in connection with routing of orders other than directed ISOs away from BATS Options, the Exchange proposes to charge $0.05 per contract plus all destination exchange fees incurred for the execution. In connection with routing of directed ISOs away from BATS Options, the Exchange proposes to charge $0.10 per contract plus all destination exchange fees incurred for the execution. For instance, if the Exchange routes an order (other than a directed ISO) to another options exchange and is charged $0.30 for the execution, then the total charge billed to the Member will be $0.35. Similarly, if the Exchange routes a directed ISO to another options exchange and is charged $0.30 for the execution, then the total charge billed to the Member will be $0.40. With respect to orders that are executed at other options exchanges without a charge to the Exchange, such orders will only be assessed the applicable additional charge (i.e., $0.05 per contract for all orders other than directed ISOs and $0.10 per contract for all directed ISOs).

(iii) Technical Changes to Fee Schedule

The Exchange proposes to create headings to make clear which fees apply to the Exchange’s pre-existing equity securities trading platform, the BATS Options trading platform, which will commence operations on February 26, 2010, or both. At this time, the Exchange is not proposing to charge for logical ports for Members who connect to BATS Options. Accordingly, the Exchange has intentionally left the portions of the fee schedule that set forth fees for logical ports classified under the new “Equities Pricing” heading. However, the Exchange’s proposal to implement physical port fees, which was recently approved, was intended to operate such that physical port fees charged by the Exchange apply to any Member or non-Member that maintains more than four (4) physical ports at either of the Exchange’s data centers, regardless of their activities on the Exchange (e.g., equities trading, options trading, receipt of Exchange market data or some combination of the foregoing). Accordingly the Exchange has also created a heading to make clear that such physical connection charges are applicable to all Exchange constituents.

In addition, the Exchange proposes an amendment to the description of pricing for executions on the Exchange in equity securities priced below $1.00 to make clear that the 0.10% fee applies to executions on the Exchange that remove liquidity from the Exchange by adding the words “to remove liquidity” to the existing text.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act. Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. Upon launch, BATS Options will be the eighth options market in the national market system. Joining BATS Options and electing to trade options via BATS Options is entirely voluntary. Under these circumstances, the fees for trading on and through BATS Options must be competitive in order for BATS Options to attract order flow, execute orders, and grow as a market. The Exchange believes that the fees and credits proposed for BATS Options are competitive with those charged by other venues. In addition, the Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members.

(B) Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C) Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(ii) of the Act1 and Rule 19b–4(f)(2) thereunder,2 because it establishes or changes a due, fee or other charge imposed on members by the Exchange. Accordingly, the proposal is effective upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
