The amended notice applicable to TA–W–64,401 is hereby issued as follows:

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of DRAM semiconductor wafers. The intent of the Department’s certification to include all workers employed at Qimonda 200MM Facility, Sandston, Virginia who were adversely affected by a shift in production to a foreign country followed by increased imports of articles like or directly competitive with DRAM semiconductor wafers produced by the subject firm. The amended notice applicable to TA–W–64,401 is hereby issued as follows:
