iron, steel, and the relevant manufactured goods are not produced in the U.S. in sufficient and reasonably available quantities or of satisfactory quality, or (3) inclusion of iron, steel, and manufactured goods will increase the cost of the overall project by more than 25 percent. Section 1605(c) provides that if the head of a Federal department or agency makes a determination pursuant to section 1605(b), the head of the department or agency shall publish a detailed written justification in the Federal Register.

In accordance with section 1605(c) of the Recovery Act and OMB’s implementing guidance published on April 23, 2009 (74 FR 18449), this notice advises the public that, on March 5, 2010, HUD granted the following two exceptions to the Buy American Act:

1. Seattle Housing Authority. Upon request of the Seattle Housing Authority, HUD granted an exception to the applicability of the Buy American Act with respect to work, using CFRFC grant funds, based on the fact that the relevant manufactured goods (Access Control and Alarm Monitoring system) are not produced in the U.S. in sufficient and reasonably available quantities or of satisfactory quality.

2. Everett Housing Authority. Upon request of the Everett Housing Authority, HUD granted an exception to the applicability of the Buy American Act with respect to work, using CFRFC grant funds, based on the fact that the relevant goods, ductless split systems, are not produced in the U.S. in sufficient and reasonably available quantities or of satisfactory quality.
