3. *Type of Information Collection Request*: New collection; *Title of Information Collection*: Program Evaluation of the Eighth and Ninth Scope of Work Quality Improvement Organization Program; *Use*: The statutory authority for the Quality Improvement Organization (QIO) Program is found in Part B of Title XI of the Social Security Act, as amended by the Peer Review Improvement Act of 1982. The Social Security Act established the Utilization and Quality Control Peer Review Organization Program, now known as the QIO Program. The statutory mission of the QIO Program, as set forth in Title XVIII—Health Insurance for the Aged and Disabled, Section 1862(g) of the Social Security Act—is to improve the effectiveness, efficiency, economy, and quality of services delivered to Medicare beneficiaries. The quality strategies of the Medicare QIO Program are carried out by specific QIO contractors working with health care providers in their state, territory, or the District of Columbia. The QIO contract contains a number of quality improvement initiatives that are authorized by various provisions in the Act. As a general matter, Section 1862(g) of the Act mandates that the secretary enter into contracts with QIOs for the purpose of determining that Medicare services are reasonable and medically necessary and for the purposes of promoting the effective, efficient, and economical delivery of health care services and of promoting the quality of the type of services for which payment may be made under Medicare. CMS interprets the term "promoting the quality of services" to involve more than QIOs reviewing care on a case-by-case basis, but to include a broad range of proactive initiatives that will promote higher quality. CMS has, for example, included in the SOW tasks in which the QIO will provide technical assistance to Medicare-participating providers and practitioners in order to help them improve the quality of the care they furnish to Medicare beneficiaries.

Additional authority for these activities appears in Section 1154(a)(8) of the Act, which requires that QIOs perform such duties and functions, assume such responsibilities, and comply with such other requirements as may be required by the Medicare statute. CMS regards survey activities as appropriate if they will directly benefit Medicare beneficiaries. In addition, Section 1154(a)(10) of the Act specifically requires that the QIOs “coordinate activities, including information exchanges, which are consistent with economical and efficient operation of programs among appropriate public and private agencies or organizations, including other public or private review organizations as may be appropriate.” CMS regards this as specific authority for QIOs to coordinate and operate a broad range of collaborative and community activities among private and public entities, as long as the predicted outcome will directly benefit the Medicare program.

The purpose of the study is to design and conduct an analysis evaluating the impact on national and regional health care processes and outcomes of the Ninth Scope of Work QIO Program. The QIO Program is national in scope and scale and affects the quality of healthcare of 43 million elderly and disabled Americans. CMS will conduct an impact and process analysis using data from multiple sources: (1) Primary data collected via in-depth interviews, focus groups, and surveys of QIOs, health care providers, and other stakeholders; (2) secondary data reported by QIOs through CMS systems; and (3) CMS administrative data. The findings will be presented in a final report as well as in other documents and reports suitable for publication in peer-review journals. This request relates to the following data collections: (1) Survey of QIO directors and theme leaders; (2) Survey of hospital QI directors and nursing home administrators; (3) focus groups with Medicare beneficiaries; and (4) in-person and telephone discussions with QIO staff, partner organizations, health care providers, and community health leaders. *Form Number:* CMS-10294 (OMB# 0938-New); *Frequency:* Occasionally; *Affected Public:* Business or other for-profits, and Medicare beneficiaries; *Number of Respondents:* 3,343; *Total Annual Responses:* 3,343; *Total Annual Hours:* 1,707. of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

#### Proposed Project: Assessment of the Town Hall Meetings on Underage Drinking Prevention—Revision

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP), is proposing a revision to the information collection regarding the Assessment of the Town Hall Meetings (THMs) on Underage Drinking (UAD) Prevention. The current data collection has approval under OMB #0930-0288, which expires on January 31, 2011. Revisions were made to the Town Hall Meeting Feedback Form, now being referred to as the Organizers Survey; the data collection method; and the number of respondents. Additionally, CSAP is adding a new data collection component titled the Participants Survey, which is the data collection instrument for the participants (or attendees) of the THM events.

#### Changes

Under the current approval, SAMHSA/CSAP distributes a brief Town Hall Meeting Feedback Form to all CBOs participating in THM events. This paper-and-pencil based form includes 14 items about the THM event, among which—

- Where, when, and who conducted the meeting;
- Number of attendees;
- Format of the meeting;
- Participants in the presentations;
- Actions planned;
- Media coverage;
- Composition of the audience;
- Responses of the attendees;
- Materials provided;
- Indications of increased awareness; and
- Indications of increased involvement.

Under this revision, SAMHSA/CSAP will provide organizers of THM events with password-protected login information to access the Organizers Survey via the Internet. The Organizers Survey includes 36 items about the THM event. Listed below is a summary of the revisions that were made—
