Agency Information Collection Activities; Proposed Collection; Comment Request; Request for Contractor Access to TSCA CBI; EPA ICR No. 1250.09, OMB Control No. 2070-0075

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR, entitled: "Request for Contractor Access to TSCA CBI" and identified by EPA ICR No. 1250.09 and OMB Control No. 2070-0075, is scheduled to expire on November 30, 2010. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the information collection.

DATES: Comments must be received on or before May 24, 2010.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2009-0929, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.
- *Hand Delivery:* OPPT Document Control Office (DCO), EPA East, Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number EPA-HQ-OPPT-2009-0929. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the DCO's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to docket ID number EPA-HQ-OPPT-2009-0929. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless

the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through regulations.gov or e-mail. The regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket. The OPPT Docket is located in the EPA Docket Center (EPA/DC) at Rm. 3334, EPA West Bldg., 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number of the EPA/DC Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Docket visitors are required to show photographic identification, pass through a metal detector, and sign the EPA visitor log. All visitor bags are processed through an X-ray machine and subject to search. Visitors will be provided an EPA/DC badge that must be visible at all times in the building and returned upon departure.

SUPPLEMENTARY INFORMATION:

I. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Provide specific examples to illustrate your concerns.

6. Offer alternative ways to improve the collection activity.

7. Make sure to submit your comments by the deadline identified under **DATES**.

8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

III. What Information Collection Activity or ICR Does this Action Apply to?

Affected entities: Entities potentially affected by this information collection are companies under contract to the Environmental Protection Agency to provide certain services, whose employees must have access to Toxic Substances Control Act (TSCA) confidential business information to perform their duties.

Title: Request for Contractor Access to TSCA CBI.

ICR numbers: EPA ICR No. 1250.09, OMB Control No. 2070-0075.

ICR status: This ICR is currently scheduled to expire on November 30, 2010. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Certain employees of companies working under contract to EPA require access to TSCA confidential business information collected under the authority of TSCA in order to perform their official duties. The Office of Pollution Prevention and Toxics (OPPT), which is responsible for maintaining the security of TSCA confidential business information, requires that all individuals desiring access to TSCA CBI obtain and annually renew official clearance to TSCA CBI. As part of the process for obtaining TSCA CBI clearance, OPPT requires certain information about the contracting company and about each contractor employee requesting TSCA CBI clearance, primarily the name, Social Security Number and EPA

identification badge number of the employee, the type of TSCA CBI clearance requested and the justification for such clearance, and the signature of the employee to an agreement with respect to access to and use of TSCA CBI.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1.6 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 30.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 12.5.

Estimated total annual burden hours: 601 hours.

Estimated total annual costs: \$30,253. This includes an estimated burden cost of \$30,253 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

IV. Are There Changes in the Estimates from the Last Approval?

There is an increase of 155 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects EPA's estimate of the number of contractor employees affected by this information collection.V. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR

1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION:

Why Were These Documents Prepared?

Executive Order 13508, Chesapeake Bay Protection and Restoration, dated May 12, 2009 (74 FR 23099, May 15, 2009), requires the Administrator of EPA within 1 year and after consulting with the Committee and providing for public review and comment to publish this guidance document by May 12, 2010. The purpose of this document is to provide information and data on land management practices that, if implemented widely across the Chesapeake Bay watershed by both Federal land managers and non-Federal entities (and assuming that all necessary point source reductions are achieved and other needed restoration actions are taken), will enable the Chesapeake Bay to be restored. In significant part, this guidance is being developed to offer solutions for implementation to meet specific Chesapeake Bay goals. EPA, in conjunction with other agencies, is currently developing Bay-wide pollutant reduction goals that will ultimately be used to establish total maximum daily loads (TMDL) under Section 303(d) of the Clean Water Act for the Chesapeake Bay watershed. The TMDL will be followed by the development of watershed implementation plans in 92 Bay sub-watersheds that will have had load and wastelod allocations assigned based on the TMDL and the Chesapeake Bay model. While the Section 502 guidance document is required to be published by

May 12, 2010, before the TMDL is finalized, we expect that the TMDL and sub-watershed allocations will clarify that the great majority of nonpoint sources in the Chesapeake Bay watershed will need to be controlled, and be controlled well, in order to restore the Bay. This guidance will have chapters addressing the following categories of activity: Agriculture; Urban areas, including Turf (excluding sources regulated as point sources); Onsite/Decentralized Treatment Systems; Forestry; Riparian Areas; and Hydromodification. Each chapter will contain one or more "implementation goals" that provide the framework for the chapter. These are intended to convey the essential actions that will need to be implemented in order to assure that the broad goals of the Chesapeake Bay Executive Order can be achieved. Each chapter also includes information on practices that can be used to achieve the goals; information on the effectiveness and costs of the practices; where relevant, cost savings or other economic/societal benefits (in addition to the pollutant reduction benefits) that derive from the implementation goals and/or practices; and copious references to other documents that provide additional information. Due to the expedited timeframe set by the Executive Order, the document is undergoing concurrent Federal Leadership Committee and public review, both as required by the Executive Order. Note that this public review is also concurrent with a technical peer review. EPA anticipates reviewing comments by these three entities in advance of the development of the final document.

How Can I Access the Docket and/or Submit Comments?

Docket: EPA has established a public docket for this Notice under Docket ID No. EPA-HQ-OW-2010-0164. The E.O. Section 502 draft guidance document is available in the docket at <http://www.regulations.gov>, as well as at <http://www.epa.gov/nps> and <http://executiveorder.chesapeakebay.net>. Assistance and tips for accessing the docket can be found at <http://executiveorder.chesapeakebay.net>. Comments via e-mail are not being accepted. Instead, comments will be accepted through <http://www.regulations.gov> and by mail. If you are commenting on the Section 502 draft guidance, submit comments to this specific document within the docket and identify the page number(s) at which each comment is directed. All comments received, including any
