Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance;
James N. Cox Dayton International Airport, Dayton, OH

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the release of 9.167 acres of airport property for future non-aeronautical use. The land consists of portions of 2 original airport acquired parcels. These parcels were acquired by the City of Dayton from the U.S. Government, Department of Housing and Urban Development without federal participation. There are no requirements to retain the land for airport use. There are no impacts to the airport by allowing the City of Dayton to lease the property. The land is not needed for aeronautical use. Approval does not constitute a commitment by the FAA to financially assist in the lease of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the lease of the airport property will be in accordance with FAA’s Policy and Procedures Concerning the Use of Airport Revenue, published in the Federal Register on February 16, 1999. In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the Federal Register 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

DATES: Comments must be received on or before April 26, 2010.

ADDRESSES: Written comments on the Sponsor’s request must be delivered or mailed to: Irene R. Porter, Program Manager, Detroit Airports District Office, 11677 South Wayne Road, Suite 107, Romulus, MI 48174
