

8. Impacts on air, soil, and water resources (including air quality and surface water impacts)

9. Visual impacts

10. Socioeconomic impacts and disproportionately high and adverse impacts to minority and low-income populations

This list is not intended to be all-inclusive or to imply any predetermination of impacts. Western and BLM invite interested parties to suggest specific issues within these general categories, or other issues not included above, to be considered in the EIS/SA.

A certificate designating approval from the CEC must be obtained by RSE before construction of power plants and/or electric transmission lines and related facilities.

Public Participation

The EIS process includes a public scoping period; public scoping meetings, public review, and hearings on the draft EIS, publication of a final EIS, and publication of separate records of decision by Western and BLM. Persons interested in receiving future notices, Project information, copies of the EIS, and other information on the NEPA review process should contact Ms. Reilly at the address listed in the **ADDRESSES** section.

Western and BLM will hold public scoping meetings as described in the **DATES** section above.

The purpose of the scoping meetings is to provide information about the proposed Project, review Project maps, answer questions, and take written comments from interested parties. All meeting locations are handicapped-accessible. Anyone needing special accommodations should contact Ms. Reilly to make arrangements. The public will have the opportunity to provide written comments at the public scoping meetings. Written comments may also be sent to Ms. Reilly by fax, e-mail, or U.S. Postal Service mail. To help define the scope of the EIS, comments should be received by Western no later than April 28, 2010.

Dated: March 24, 2010.

Timothy J. Meeks,
Administrator, Western Power.

Dated: March 19, 2010.

Karla D. Norris,
Associate Deputy State Director, Bureau of Land Management.
