#### SUPPLEMENTARY INFORMATION:

##### A. Need for and Use of the Information Collection

Section 4 of the Federal Home Loan Bank Act (Bank Act) establishes the eligibility requirements an institution must meet in order to become a member of a Federal Home Loan Bank (Bank).<sup>1</sup> The membership rule, which implements section 4 of the Bank Act, provides uniform requirements an applicant for Bank membership must meet and review criteria a Bank must apply to determine if an applicant satisfies the statutory and regulatory membership eligibility requirements.<sup>2</sup> More specifically, the membership rule implements the statutory eligibility requirements and provides guidance on how an applicant may satisfy such requirements. The rule authorizes a Bank to approve or deny each membership application subject to the statutory and regulatory requirements and permits an applicant to appeal to FHFA a Bank's decision to deny certification as a Bank member. The rule also imposes a continuing obligation on a current Bank member to provide information necessary to determine if it remains in compliance with applicable statutory and regulatory eligibility requirements.

The information collection is necessary to enable a Bank to determine whether prospective and current Bank members satisfy the statutory and regulatory requirements to be certified initially and maintain their status as members eligible to obtain Bank advances. FHFA requires and uses the

<sup>1</sup> 12 U.S.C. 1424.

<sup>2</sup> 12 CFR part 1263 (former part 925). See 75 FR 678, 690 (Jan. 5, 2010).

information collection to determine whether to uphold or overrule a Bank's decision to deny member certification to an applicant.

The OMB control number for the information collection is 2590-0003, which is due to expire on July 31, 2010. The likely respondents are institutions that want to be certified as or are members of a Bank seeking continued certification.

##### B. Burden Estimate

FHFA estimates the total annual average number of respondents who are initial applicants at 212, with 1 response per applicant. The estimate for the average hours per application is 21.5 hours. The estimate for the annual hour burden for applicants is 4,558 hours (212 applicants × 1 response per applicant × 21.5 hours per response).

FHFA estimates the total annual average number of maintenance respondents, *i.e.*, current Bank members, at 8,106, with 1 response per member. The estimate for the average hours per maintenance response is 0.6 hours. The estimate for the annual hour burden for Bank members is 4,864 hours (8,106 members × 1 response per member × 0.6 hours per response).

The estimate for the total annual hour burden for all respondents is 9,422 hours.

##### C. Comment Request

FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA's estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Dated: March 22, 2010.

**SUPPLEMENTARY INFORMATION:**

**A. Need For and Use of the Information Collection**

Section 6 of the Federal Home Loan Bank Act (Bank Act) establishes the capital structure for the Federal Home Loan Banks (Banks) and requires FHFA to issue regulations prescribing uniform capital standards applicable to each Bank.<sup>1</sup> Parts 930, 931, 932, and 933 of title 12, Code of Federal Regulations implement the statutory capital structure for the Banks. Part 930 establishes definitions applicable to risk management and the capital regulations; part 931 concerns Bank capital stock; part 932 establishes Bank capital requirements; and part 933 sets forth the requirements for Bank capital structure plans. The provisions of part 931 provide that a Bank must require its members to maintain a minimum investment in the capital stock of the Bank as a condition to becoming and remaining a member of the Bank and as a condition to transacting business with the Bank or obtaining advances from the Bank. The amount of the required minimum investment is determined in accordance with the Bank's capital plan under part 933.

The Banks use the information collection to determine the amount of capital stock a member must purchase to maintain membership in and to obtain services from a Bank. More specifically, the provisions of §§ 931.3 and 933.2(a) authorize a Bank to offer its members several options to satisfy a membership investment in capital stock and an activity-based stock purchase requirement. The information collection is necessary to provide the Banks with the flexibility to meet the statutory and regulatory capital structure requirements while allowing Bank members to choose the option best suited to their business requirements.

The OMB number for the information collection is 2590-0002. The OMB clearance for the information collection expires on July 31, 2010. The likely respondents include Banks and Bank members.

**B. Burden Estimate**

FHFA estimates the total annual average number of activity-based stock purchase requirement respondents at 5,813, with 4 responses per respondent. The estimate for the average hours per response is 20 hours. The estimate for the annual hour burden for activity-based stock purchase requirement

respondents is 465,040 hours (5,813 activity-based respondents × 4 responses per respondent × 20 hours per response).

FHFA estimates the total annual average number of membership investment in capital stock respondents at 8,106, with 4 responses per respondent. The estimate for the average hours per response is 10 hours. The estimate for the annual hour burden for membership investment in capital stock respondents is 324,240 hours (8,106 membership investment respondents × 4 responses per respondent × 10 hours per response).

The estimate for the total annual hour burden for all respondents is 789,280 hours.

**C. Comment Request**

FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA's estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
