SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61770; File No. SR-NASDAQ-2010-039]

Self-Regulatory Organizations; the NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Delay the Application of NASDAQ Rule 4611(d)

March 24, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 17, 2010, The NASDAQ Stock Market LLC (the "Exchange" or "NASDAQ") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing this proposed rule change to delay the application of NASDAQ Rule 4611(d) until 180 days following its approval. The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com/>, at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 13, 2010, the Commission approved SR-NASDAQ-2008-104 which established new standards for sponsored access as set forth in NASDAQ Rule 4611(d), NASDAQ's Market Access Rule.⁴ Based upon conversations with industry participants, NASDAQ believes that market participants need additional time to implement the Market Access Rule. Accordingly, NASDAQ is proposing to delay for 180 days from approval the implementation of new NASDAQ Rule 4611(d) as set forth in the NASDAQ Market Access Approval Order.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general and with Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade and to protect investors and the public interest. The proposal is consistent with these obligations because market participants require

additional time to comply with the new market access provisions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. NASDAQ has satisfied this requirement.

DEPARTMENT OF STATE

[Public Notice 6938]

Certifications Pursuant to Section 609 of Public Law 101-162

SUMMARY: On March 24, 2010, the Department of State notified Congress that it had withdrawn Mexico's certification under United States Public Law 101-162, Section 609, because

Mexico's turtle excluder device (TED) program was not currently comparable to the United States program as required by the statute. Withdrawal of Mexican certification is primarily a compliance and environmental issue, but it does have trade implications. The United States government is providing the Government of Mexico with detailed technical recommendations and capacity-building support with a view to strengthening Mexico's sea turtle protection program. Both governments will continue to actively seek further engagement opportunities to ensure renewal of Mexican certification within the shortest period of time consistent with the requirements of U.S. law.

DATES: *Effective Date:* On publication.

FOR FURTHER INFORMATION CONTACT: James J. Hogan, III, Office of Marine Conservation, Bureau of Oceans and International Environmental and Scientific Affairs, Department of State, Washington, DC 20520-7818; telephone: (202) 647-2252.

SUPPLEMENTARY INFORMATION: Section 609 of Public Law 101-162 prohibits imports of certain categories of shrimp unless the President certifies to the Congress not later than May 1 of each year either: (1) That the harvesting nation has adopted a program governing the incidental capture of sea turtles in its commercial shrimp fishery comparable to the program in effect in the United States and has an incidental take rate comparable to that of the United States; or (2) that the fishing environment in the harvesting nation does not pose a threat of the incidental taking of sea turtles. The President has delegated the authority to make this certification to the Department of State. Revised State Department guidelines for making the required certifications were published in the **Federal Register** on July 2, 1999 (Vol. 64, No. 130, Public Notice 3086).

The Department of State has communicated this decision under Section 609 to the Office of Field Operations of U.S. Customs and Border Protection.

This decision regarding withdrawal of Mexico's certification means that wild-harvest shrimp from Mexico's commercial trawl fisheries may not be imported into the United States until Section 609 certification for Mexico can be reinstated. A Department of State DS-2031 form signed by the exporter and importer must accompany all shrimp imports into the United States. If shrimp products are from a non-certified country, a government official of the harvesting nation must also certify the shrimp was caught without

harming sea turtles. Users should check boxes 7(A)(1) for aquaculture shrimp products or 7(A)(3) for artisanal shrimp products. Users should note that exception 7.A.(2) on the form "Harvested Using TEDs," while a currently valid exception to the prohibition on imports from nations not certified under Public Law 101-162, is only available once the Department of State determines in advance that a country wishing to use this exception has in place an enforcement and catch segregation system for making such individual shipment certifications. Presently, only Brazil and Australia have shown that they have a system in place for specific fisheries. Exception 7(A)(4) is for other case-by-case, special circumstance determinations made by the Department of State in advance. For these reasons exceptions 7(A)(2) and 7(A)(4) are not applicable to imports of wild-caught shrimp from Mexico.

Dated: March 24, 2010.

David A. Balton,

Deputy Assistant Secretary for Oceans and Fisheries, Department of State.
