

Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted.”

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The effective date of this use cancellation is November 2, 2010. The cancellation order that is the subject of this notice includes the following existing stock provisions:

The registrant may sell and distribute existing stocks of products listed in Table 1 in Unit II. until November 2, 2010. Persons other than the registrant may sell and distribute existing stocks of products listed in Table 1 in Unit II. until exhausted. Use of the products listed in Table 1 in Unit II. may be exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: March 16, 2010.

Richard P. Keigwin, Jr.,

*Director, Pesticides Re-evaluation Division,
Office of Pesticide Programs.*

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9132-5; Docket ID No. EPA-HQ-ORD-2010-0224]

Draft Toxicological Review of Dichloromethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Public Comment Period and Listening Session.

SUMMARY: EPA is announcing a 60-day public comment period and a public listening session for the external review draft human health assessment titled, “Toxicological Review of Dichloromethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)” (EPA/

635/R-10/003). The draft assessment was prepared by the National Center for Environmental Assessment (NCEA) within EPA’s Office of Research and Development (ORD). The public comment period and external peer review meeting, which will be scheduled at a later date and announced in the **Federal Register**, are separate processes that provide opportunities for all interested parties to comment on the assessment. EPA intends to forward the public comments that are submitted in accordance with this notice to the peer review panel prior to the meeting for their consideration. When finalizing the draft assessment, EPA intends to consider any public comments that EPA receives in accordance with this notice.

EPA is also announcing a listening session to be held on May 11, 2010, during the public comment period for this draft assessment. This listening session is a step in EPA’s revised IRIS process, announced on May 21, 2009, for developing human health assessments for inclusion in the IRIS database. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties during the public comment period and before the peer review meeting. EPA welcomes the comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment in response to the independent SAB peer review and the public comments. All presentations submitted to EPA according to the instructions below will become part of the official public record.

EPA is releasing this draft assessment solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This assessment has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

DATES: The public comment period begins March 31, 2010, and ends June 1, 2010. Comments should be in writing and must be received by EPA by June 1, 2010.

The listening session on the draft assessment for dichloromethane will be held on May 11, 2010, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. If you would like to attend the listening session, you should register by May 4, 2010. If you would like to make a presentation at the listening session, you should register by

May 4, 2010, indicate that you wish to make oral comments at the session, and indicate the length of your presentation. When you register, please indicate if you will need audio-visual aid (*e.g.*, laptop computer and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time allows, then the time limit for each presentation will be adjusted. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by May 4, 2010, the listening session will be cancelled, and EPA will notify those registered of the cancellation.

Listening session participants who want EPA to share their comments with the external peer reviewers should also submit written comments during the public comment period using the detailed and established procedures described in the **SUPPLEMENTARY INFORMATION** section of this notice. Comments submitted to the docket prior to the end of the public comment period will be submitted to the external peer reviewers and considered by EPA in the disposition of public comments. All comments received will be submitted to the docket, but comments received after the public comment period closes will not be submitted to the external peer reviewers and will only be considered by EPA if time permits.

ADDRESSES: The draft “Toxicological Review of Dichloromethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)” is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Team (Address: Information Management Team, National Center for Environmental Assessment (Mail Code: 8601P), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-8561; facsimile: 703-347-8691). If you request a paper copy, please provide your name, mailing address, and the assessment title.

Comments may be submitted electronically via <http://www.regulations.gov>, by e-mail, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions provided in the **SUPPLEMENTARY INFORMATION** section of this notice.

The listening session on the draft Dichloromethane assessment will be held at the EPA offices at Potomac Yard

North Building, Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. To attend or give verbal comments at the listening session, register by May 4, 2010, via the Internet at <https://www2.ergweb.com/projects/conferences/peerreview/register-dichl.htm>. You may also register via e-mail at meetings@erg.com (subject line: Dichloromethane Listening Session), please indicate whether you would like to make oral comments, and include your name, title, affiliation, full address and contact information). You may also register by phone at 781-674-7374 or toll free at 800-803-2833, or by faxing a registration request to 781-674-2906 (please reference the "Dichloromethane Listening Session" and include your name, title, affiliation, full address and contact information). Please note that to gain entrance to this EPA building to attend the meeting, attendees must have photo identification with them and must register at the guard's desk in the lobby. The guard will retain your photo identification and will provide you with a visitor's badge. At the guard's desk, attendees should give the name Christine Ross and the telephone number 703-347-8592 to the guard on duty. The guard will contact Ms. Ross who will meet you in the reception area to escort you to the meeting room. When you leave the building, please return your visitor's badge to the guard and you will receive your photo identification.

A teleconference line will also be available for registered attendees/speakers. The teleconference number is 866-299-3188 and the access code is 926-378-7897, followed by the pound sign (#). The teleconference line will be activated at 8:45 a.m., and you will be asked to identify yourself and your affiliation at the beginning of the call.

Information on Services for Individuals with Disabilities: EPA welcomes public attendance at the "Dichloromethane Listening Session" and will make every effort to accommodate persons with disabilities. For information on access or services for individuals with disabilities, please contact Christine Ross by phone: 703-347-8592 or by e-mail at ross.christine@epa.gov. To request accommodation of a disability, please make the proper notification, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

FOR FURTHER INFORMATION CONTACT: For information on the public comment period, please contact the Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental

Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

For information on the public listening session, please contact Christine Ross, IRIS Staff, National Center for Environmental Assessment (Mail Code: 8601P), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-8592; facsimile: 703-347-8689; or e-mail: ross.christine@epa.gov.

If you have questions about the assessment, please contact Glinda S. Cooper, National Center for Environmental Assessment, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., 8601P, Washington, DC 20460, telephone: 703-347-8636; facsimile: 703-347-8689; or e-mail: cooper.glinda@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Information About IRIS

EPA's IRIS is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to specific chemical substances found in the environment. Through the IRIS Program, EPA provides the highest quality science-based human health assessments to support the Agency's regulatory activities. The IRIS database contains information for more than 540 chemical substances that can be used to support the first two steps (hazard identification and dose-response evaluation) of the risk assessment process. When supported by available data, IRIS provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic noncancer health effects and cancer assessments. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

II. How To Submit Comments to the Docket at <http://www.regulations.gov>

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2010-0224, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.
- E-mail: ORD.Docket@epa.gov.
- Facsimile: 202-566-1753.
- Mail: Office of Environmental Information (OEI) Docket (Mail Code:

2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. The telephone number is 202-566-1752. If you provide comments by mail, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

- **Hand Delivery:** The OEI Docket is located in the EPA Headquarters Docket Center, EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center's Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744. Deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. If you provide comments by hand delivery, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment and cannot contact you for clarification, EPA may not be able to consider your comment.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2010-0224. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [http://](http://www.regulations.gov)

www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters and any form of encryption and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.

Dated: March 25, 2010.

Lynn Flowers,

Acting Director, National Center for Environmental Assessment.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9132-1]

Science Advisory Board Staff Office; Notification of a Public Teleconference and Public Meeting of the SAB Trichloroethylene (TCE) Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces two public meetings of the SAB Trichloroethylene (TCE) Review Panel: a teleconference and a face-to-face meeting to review EPA's *Toxicological Review of Trichloroethylene in Support of Summary Information on the Integrated Risk Information System (IRIS)*, External Review Draft.

DATES: There will be a public teleconference on April 20, 2010 from 2:30 p.m. to 4:30 p.m. (Eastern Time). The public meeting will be held on May 10, 2010 from 9 a.m. to 5 p.m. (Eastern Time), May 11, 2010 from 9 a.m. to 5 p.m. and May 12, 2010 from 9 a.m. to 3 p.m. (Eastern time).

ADDRESSES: The teleconference will be conducted by phone only. The face-to-face meeting on May 10-12, 2010 will be held at The Hilton Embassy Row Hotel, 2015 Massachusetts Avenue, NW., Washington, DC 20036; telephone (202) 265-1600.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain information concerning the public teleconference and/or public meeting may contact Dr. Marc Rigas, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone/voice mail at (202) 343-9978 or at rigas.marc@epa.gov. General information about the SAB, as well as any updates concerning the meeting announced in this notice, may be found on the EPA Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, notice is hereby given that the SAB Trichloroethylene Review Panel will hold a public teleconference to discuss the plans for the subsequent public face-to-face meeting to conduct a peer review of the EPA's *Toxicological Review of Trichloroethylene in Support of Summary Information on the Integrated Risk Information System (IRIS)*, External Review Draft (October 2009). The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: EPA's Integrated Risk Information System (IRIS) is an electronic database containing descriptive and quantitative toxicological information on human health effects that may result from chronic exposure to various substances in the environment. This information supports human health risk assessments and includes hazard identification, dose-response data and derivations of oral reference doses (RfDs) and inhalation reference concentrations

(RfCs) for noncancer effects and oral slope factors and oral and inhalation unit risks for cancer effects. IRIS is prepared and maintained by EPA's National Center for Environmental Assessment (NCEA) within the Office of Research and Development (ORD).

In 2001, ORD developed a draft IRIS Toxicological Assessment for TCE, which was released for public comment and external peer review. In 2002, the Environmental Health Committee of the SAB reviewed the draft TCE Assessment and made several recommendations to strengthen the dose-response assessment. In 2004, in preparation for development of a new TCE assessment, the National Research Council (NRC) was requested to provide a scientific consultation on key scientific issues related to assessing the human health risks of TCE, including those relevant to hazard characterization/mode of action, physiologically-based pharmacokinetic (PBPK) modeling, and dose-response assessment. ORD has taken the recommendations and conclusions included in the NRC's report, which was released in 2006, into account as it developed a new revised draft IRIS Toxicological Assessment for TCE. ORD has requested that the SAB review its revised draft assessment.

In response to ORD's request, the SAB Staff Office solicited nominations of experts and formed a review panel for TCE [Federal Register Notice dated October 22, 2009 (74 FR 54563-54564)]. The panel will conduct a review of EPA's October 2009 External Review Draft of its *Toxicological Review of Trichloroethylene in Support of Summary Information on the Integrated Risk Information System (IRIS)*. Specifically, the panel is being asked to provide recommendations on physiologically-based pharmacokinetic (PBPK) modeling, meta-analysis for cancer epidemiology, components of the TCE hazard assessment and dose-response assessment. The purpose of the teleconference is for the panel to receive a briefing on the assessment and for members to clarify the charge to the panel. During the face-to-face meeting, the panel will review the assessment.

Availability of Meeting Materials: Agendas and materials in support of these meetings will be placed on the EPA Web site at <http://www.epa.gov/sab> in advance of each meeting. For technical questions and information concerning EPA's draft document, please contact Dr. Weihsueh Chiu at (703) 347-8607, or chiu.weihsueh@epa.gov.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral
