[Docket No. USCG-2010-0087]

RIN 1625-AA08

Special Local Regulations for Marine Events; Patapsco River, Northwest Harbor, Baltimore, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish special local regulations during the "Baltimore Dragon Boat Challenge," a marine event to be held on the waters of the Patapsco River, Northwest Harbor, Baltimore, MD on June 19, 2010. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to temporarily restrict vessel traffic in a portion of the Chester River during the event.

DATES: Comments and related material must be received by the Coast Guard on or before May 3, 2010.

ADDRESSES: You may submit comments identified by docket number USCG-2010-0087 using any one of the following methods:

(1) *Federal eRulemaking Portal:* <http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or e-mail Mr. Ronald Houck, U.S. Coast Guard Sector Baltimore, MD; telephone 410-576-2674, e-mail Ronald.L.Houck@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2010-0087), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via <http://www.regulations.gov>) or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via www.regulations.gov, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, click on the "submit a comment" box, which will then become highlighted in blue. In the "Document Type" drop down menu select "Proposed Rule" and insert "USCG-2010-0087" in the "Keyword" box. Click "Search" then click on the balloon shape in the "Actions" column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, click on the

“read comments” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2010–0087” and click “Search.” Click the “Open Docket Folder” in the “Actions” column. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On June 19, 2010, Baltimore Dragon Boat Club, Inc. will sponsor Dragon Boat Races in the Patapsco River, Northwest Harbor at Baltimore, MD. The event will consist of approximately 15 teams rowing Chinese Dragon Boats in heats of 2 or 3 boats for a distance of 500 meters. Due to the need for vessel control during the event, the Coast Guard will temporarily restrict vessel traffic in the event area to provide for the safety of participants, spectators and other transiting vessels.

The Baltimore Dragon Boat Club held these races last year on August 22, 2009, in the same location. The Coast Guard published a Special Local Regulation, docket number USCG–2009–0251. The Notice of Proposed Rulemaking was published on June 2, 2009 (74 FR 26326), and the Temporary Final Rule published on August 6, 2009 (74 Fed. Reg. 39214) No comments were received on last years Special Local Regulation.

Discussion of Proposed Rule

The Coast Guard proposes to establish temporary special local regulations on

specified waters of the Patapsco River, Northwest Harbor, Baltimore, MD. The regulations will be in effect from 6 a.m. to 5 p.m. on June 19, 2010. In the case of inclement weather this marine event may be postponed and rescheduled for 6 a.m. to 5 p.m. on June 20, 2010. The regulated area includes all waters of the Patapsco River, Northwest Harbor, in Baltimore, MD, within an area bounded by the following lines of reference; bounded on the west by a line running along longitude 076°35'35" W; bounded on the east by a line running along longitude 076°35'10" W; bounded on the north by a line running along latitude 39°16'40" N; and bounded on the south by the shoreline. The effect of this proposed rule will be to restrict general navigation in the regulated area during the event. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. Vessel traffic will be allowed to transit the regulated area at slow speed between heats, when the Coast Guard Patrol Commander determines it is safe to do so. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. Although this regulation will prevent traffic from transiting a portion of the Patapsco River during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners and marine information broadcasts, so mariners can adjust their plans accordingly. Additionally, the regulated area has been narrowly tailored to impose the

least impact on general navigation yet provide the level of safety deemed necessary. Vessel traffic will be able to transit the regulated area at slow speed between heats, when the Coast Guard Patrol Commander deems it safe to do so.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in the effected portions of the Patapsco River during the event.

Although this regulation prevents traffic from transiting a portion of the Patapsco River, Northwest Harbor during the event, this proposed rule will not have a significant economic impact on a substantial number of small entities for the following reasons. This proposed rule would be in effect for only a limited period. Vessel traffic will be able to transit the regulated area between heats, when the Coast Guard Patrol Commander deems it safe to do so. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (*see* **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Coast Guard

Sector Baltimore, MD. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more (adjusted for inflation) in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on

the human environment. This proposed rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, canoe and sail board racing. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

2. Add a temporary section, § 100.35–T05–0087 to read as follows:

§ 100.35–T05–0087 Special Local Regulations for Marine Events; Patapsco River, Northwest Harbor, Baltimore, MD.

(a) *Regulated area.* The following locations are regulated areas: All waters of the Patapsco River, Northwest Harbor, in Baltimore, MD, within an area bounded by the following lines of reference; bounded on the west by a line running along longitude 076°35′35″ W; bounded on the east by a line running along longitude 076°35′10″ W; bounded on the north by a line running along latitude 39°16′40″ N; and bounded on the south by the shoreline. All coordinates reference Datum NAD 1983.

(b) *Definitions:* (1) *Coast Guard Patrol Commander* means a commissioned, warrant, or petty officer of the U. S. Coast Guard who has been designated by the Commander, Coast Guard Sector Baltimore.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Sector Baltimore with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(c) *Special local regulations:* (1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area must: (i) Stop the vessel

immediately when directed to do so by the Coast Guard Patrol Commander or any Official Patrol.

(ii) Proceed as directed by the Coast Guard Patrol Commander or any Official Patrol.

(d) Enforcement period: This section will be enforced from 6 a.m. until 5 p.m. on June 19, 2010, or in the case of inclement weather, from 6 a.m. to 5 p.m. on June 20, 2010.

(3) The Coast Guard will publish a notice in the Fifth Coast Guard District Local Notice to Mariners and issue marine information broadcast on VHF-FM marine band radio announcing specific event date and times.

Dated: March 12, 2010.

Mark P. O'Malley,

Captain, U.S. Coast Guard, Captain of the Port Baltimore, Maryland.

SUPPLEMENTARY INFORMATION:

Background

Section 114 of the Copyright Act, title 17 of the United States Code, provides a statutory license which allows for the public performance of sound recordings by means of a digital audio transmission by, among others, eligible nonsubscription transmission services and new subscription services. 17 U.S.C. 114(f). For purposes of the section 114 license, an "eligible nonsubscription transmission" is a noninteractive digital audio transmission which does not require a subscription for receiving the transmission. The transmission must also be made as part of a service that provides audio programming consisting in whole or in part of performances of sound recordings the purpose of which is to provide audio or other entertainment programming, but not to sell, advertise, or promote particular goods or services. *See* 17 U.S.C. 114(j)(6). A "new subscription service" is a "service that performs sound recordings by means of noninteractive subscription digital audio transmissions and that is not a preexisting subscription or preexisting satellite digital audio radio service." 17 U.S.C. 114(j)(8).

Services using the section 114 license may need to make one or more temporary or "ephemeral" copies of a sound recording in order to facilitate the transmission of that recording. The section 112 statutory license allows for the making of these ephemeral reproductions. 17 U.S.C. 112(e).

Chapter 8 of the Copyright Act requires the Copyright Royalty Judges ("Judges") to conduct proceedings every

five years to determine the rates and terms for the sections 114 and 112 statutory licenses, beginning with the license period 2006 through 2010.¹ 17 U.S.C. 801(b)(1), 804(b)(3)(A). The Judges announced their final determination of the rates and terms for the 2006-2010 license period on May 1, 2007. 72 FR 24084 (May 1, 2007), *affirmed in part, remanded in part, Intercollegiate Broadcast System v. Copyright Royalty Board*, 574 F.3d 748 (DC Cir. 2009).

Therefore, the next proceeding to determine reasonable terms and rates of royalty payment for the sections 114 and 112 licenses was to be commenced in January 2009, with such rates and terms to become effective on January 1, 2011. 17 U.S.C. 804(b)(3)(A). Pursuant to section 804(b)(3)(A), the Judges published in the **Federal Register** a notice commencing the rate determination proceeding for the license period 2011-2015 and requesting interested parties to submit their petitions to participate. 74 FR 318 (January 5, 2009). Petitions to Participate were received from: Intercollegiate Broadcast System, Inc./Harvard Radio Broadcasting Co.; Live365, Inc.; LoudCity LLC; AccuRadio, LLC, Digitally Imported, Inc., Got Radio, LLC, IoWorldMedia, Inc., Radio Paradise, Inc., and SomaFM.com LLC, filing jointly; SoundExchange, Inc. ("SoundExchange"); Amazon.com; RealNetworks, Inc.; College Broadcasters, Inc. ("CBI"); David W. Rahn; Royalty Logic, Inc.; Commonwealth Broadcasting Corporation; Sirius XM Radio, Inc.; Clear Channel Communications, Inc.; National Religious Broadcasters Music License Committee; National Religious Broadcasters Noncommercial Music License Committee; Apple, Inc.; Digital Media Association, Inc.; Citadel Broadcasting Corporation, Clarke Broadcasting Corporation, Entercom Communications Corp., Galaxy Communications LP, and Greater Media, Inc., filing jointly; CBS Radio, Inc.; NCE Radio Coalition; Slacker, Inc.; Catholic Radio Association; Yahoo! Inc.; Spatial Audio Solutions; National Association of Broadcasters ("NAB"); Bonneville International Corporation; Pandora Media, Inc.; mSpot, Inc.; MTV Networks Viacom; and Access2ip.

¹ Prior to the enactment of the Copyright Royalty and Distribution Reform Act of 2004, which established the Copyright Royalty Judges, rates and terms for the sections 114 and 112 statutory licenses were set under the Copyright Arbitration Royalty Panel system, which was administered by the Librarian of Congress.
