The Settlement Agreement resolves claims of the Environmental Protection Agency ("EPA") against certain Lyondell Debtors for response costs under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601-9675, with respect to the following sites: (1) The 68th Street Dump Site located in Maryland; (2) the Allied Paper/Portage Creek/Kalamazoo River Site located in Michigan; (3) the Barefoot Disposal Site located in Pennsylvania; (4) the Berks Landfill Site located in Pennsylvania; (5) the Chief Supply Site located in Oklahoma; (6) the Clinton Dock Area Site located in Iowa; (7) the Diamond Alkali/Lower Passaic River Study Area Site located in New Jersey; (8) the French Limited Site located in Texas; (9) the Hegeler Zinc Site located in Illinois; (10) the Malone Service Site located in Texas; (11) the Many Diversified Interests Site located in Texas; (12) the Omega Chemical Corporation Site located in California; and (13) the San Fernando Valley Site located in California.

The Settlement Agreement further settles EPA's claims against certain Lyondell Debtors for: (1) Civil penalties under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6901-

6992k, with respect to the Brunswick Facility located in Georgia; (2) civil penalties under the Clean Air Act, 42 U.S.C. 7401-7671q, with respect to the Houston Refinery located in Texas; and (3) stipulated penalties under CERCLA Administrative Orders on Consent with respect to the Allied Paper/Portage Creek/Kalamazoo River Site and the Chief Supply Site.

The Settlement Agreement also resolves claims of the Department of the Interior ("DOI") and the National Oceanic and Atmospheric Administration ("NOAA") against certain Lyondell Debtors for natural resource damages and related assessment costs with respect to the following sites: (1) The Allied Paper/Portage Creek/Kalamazoo River Site; (2) the Diamond Alkali/Lower Passaic River Study Area Site; and (3) the Hegeler Zinc Site.

Under the Settlement Agreement, EPA, DOI, and NOAA collectively will receive allowed general unsecured claims in the bankruptcy totaling \$1,135,895,990.

The United States will also receive a cash payment of \$53,628,150, which will be applied to the following six sites: (1) The 68th Street Dump Site; (2) the Allied Paper/Portage Creek/Kalamazoo River Site; (3) the Barefoot Disposal Site; (4) the Berks Landfill Site; (5) the Diamond Alkali/Lower Passaic River Study Area Site; and (6) the French Limited Site.

Pursuant to the Settlement Agreement, the United States may seek to recover response costs and natural resource damages with respect to approximately 380 additional non-debtor-owned sites, and such costs and damages will be treated as general unsecured claims under the Lyondell Debtors' Plan of Reorganization. The United States may pursue injunctive relief against the Lyondell Debtors under RCRA Section 7003 with respect to nine of the approximately 380 sites, but may not otherwise seek injunctive relief under CERCLA Section 106 or RCRA Section 7003 against the Lyondell Debtors with respect to those sites.
