SUPPLEMENTARY INFORMATION:

I. Abstract

Our Regional Migratory Bird Permit Offices use information that we collect on permit applications to determine the eligibility of applicants for permits requested in accordance with the criteria in various Federal wildlife conservation laws and international treaties, including:

- (1) Migratory Bird Treaty Act (16 U.S.C. 703 et seq.).
- (2) Lacey Act (16 U.S.C. 3371 et seq.).
- (3) Bald and Golden Eagle Protection Act (16 U.S.C. 668).

Service regulations implementing these statutes and treaties are in Chapter I, Subchapter B of Title 50 Code of Federal Regulations (CFR). These regulations stipulate general and specific requirements that, when met, allow us to issue permits to authorize activities that are otherwise prohibited. This revised IC includes migratory bird permit applications and the reports associated with the permits.

This IC includes four permit application and report forms that are currently approved under OMB Control Number 1018-0136. Once OMB takes action on this IC, we will discontinue OMB Control No. 1018-0136.

- 3-200-71—Eagle Take (Disturb).
- 3-200-72—Eagle Nest Take.

- 3-202-15—Eagle Take Monitoring and Annual Report.

- 3-202-16—Eagle Nest Take Monitoring and Reporting.

In addition, we plan to add three new forms:

- FWS Form 3-200-81 (Special Purpose-Utility) will provide an application specifically tailored for utilities (e.g., power, communications) to request permits to salvage migratory birds on their property and rights-of-way.

- FWS Form 3-200-82 (Eagle Transport Into and Out of the United States) will provide an application for permits under the Bald and Golden Eagle Protection Act to transport dead eagle specimens into and out of the country temporarily for scientific or exhibition purposes, such as for museum exhibits.

- FWS Form 3-202-17 (Special Purpose-Utility Annual Report) will provide a standardized annual report form for Special Purpose-Utility permits.
