

the Office of Management and Budget (OMB) a request for review of a revised information collection. This information collection, "CSRS/FERS Documentation in Support of Disability Retirement Application" (OMB Control No. 3206-0228; Standard Form 3112), collects information from applicants for disability retirement so that OPM can determine whether to approve a disability retirement. The applicant will only complete Standard Forms 3112A and 3112C. Standard Forms 3112B, 3112D and 3112E will be completed by the immediate supervisor and the employing agency of the applicant.

Approximately 12,100 disability retirements are processed annually. We estimate it takes one hour to fill out SF 3112C. A burden of 12,100 hours is estimated for SF 3112C. SF 3112A is used each year by approximately 1,350 persons who are not Federal employees. We estimate it takes 30 minutes to fill out SF 3112A. A burden of 675 hours is estimated for SF 3112A. The total burden for SF 3112 is 12,775 hours.

All 12,100 respondents must use SF 3112C; of the 12,100, only 1,350 respondents are not Federal Employees and use SF 3112A.

SUPPLEMENTARY INFORMATION:

A. General

The Privacy Act (5 U.S.C. 552a), as amended, establishes the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section

7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency for agencies participating in the matching programs;

(2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching;

(5) Verify match findings before reducing, suspending, termination or denying and individual's benefits or payments.

B. OPM Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of OPM's computer matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer Matching Program, Office of Personnel Management (OPM) With the Social Security Administration (SSA)

A. Participating Agencies

OPM and SSA.

B. Purpose of the Matching Program

The purpose of this agreement is to establish the conditions under which SSA agrees to disclose tax return and/or Social Security benefit information to OPM. The SSA records will be used in redetermining and recomputing the benefits of certain annuitants and survivors whose computations are based, in part, on military service performed after December 1956 under the Civil Service Retirement System (CSRS) and certain annuitants and survivors whose annuity computation under the Federal Employees Retirement System (FERS) have a CSRS component.

C. Authority for Conducting the Matching Program

Chapters 83 and 84 of title 5 of the United States Code provide the basis for computing annuities under CSRS and FERS, respectively, and require release

of information by SSA to OPM in order to administer data exchanges involving military service performed by an individual after December 31, 1956. The CSRS requirement is codified at section 8332(j) of title 5 of the United States Code; the FERS requirement is codified at section 8422(e)(4) of title 5 of the United States Code. The responsibilities of SSA and OPM with respect to information obtained pursuant to this agreement are also in accordance with the following: the Privacy Act (5 U.S.C. 552a), as amended; section 307 of the Omnibus Budget Reconciliation Act of 1982 (Pub. L. 97-253), codified at section 8332 of title 5 of the United States Code; section 1306(a) of title 42 of the United States Code; and section 6103(1)(11) of title 26 of the United States Code.

D. Categories of Records and Individuals Covered by the Match

SSA will disclose data from its MBR file (60-0090, Master Beneficiary Record, SSA/OEEAS) and MEF file (60-0059, Earnings Recording and Self-Employment Income System, SSA/OEEAS) and manually-extracted military wage information from SSA's "1086" microfilm file when required (71 FR 1796, January 11, 2006). OPM will provide SSA with an electronic finder file from the OPM system of records published as OPM/Central-1, Civil Service Retirement and Insurance Records. The system of records involved have routine uses permitting the disclosures needed to conduct this match.

E. Privacy Safeguards and Security

The Privacy Act (5 U.S.C. 552a(o)(1)(G)) requires that each matching agreement specify procedures for ensuring the administrative, technical and physical security of the records matched and the results of such programs. All Federal agencies are subject to: the Federal Information Security Management Act of 2002 (FISMA) (44 U.S.C. 3541 *et seq.*); related OMB circulars and memorandum (e.g. OMB Circular A-130 and OMB M-06-16); National Institute of Science and Technology (NIST) directives; and the Federal Acquisition Regulations (FAR). These laws, circulars, memoranda, directives and regulations include requirements for safeguarding Federal information systems and personally identifiable information used in Federal agency business processes, as well as related reporting requirements. OPM and SSA recognize that all laws, circulars, memoranda, directives and regulations relating to the subject of this agreement and published subsequent to

the effective date of this agreement must also be implemented if mandated.

FISMA requirement apply to all Federal contractors and organizations or sources that process or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. OPM will be responsible for oversight and compliance of their contractors and agents. Both OPM and SSA reserve the right to conduct onsite inspection to monitor compliance with FISMA regulations.

F. Inclusive Dates of the Match

The matching program shall become effective upon the signing of the agreement by both parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of the matching program is sent to Congress and the Office of Management and Budget or 30 days after publication of this notice in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met. U.S. Office of Personnel Management.

Director.

This notice addresses related preliminary procedural steps and announces the Commission's intention to hold some hearings outside of the Washington, DC area.

DATES: Interventions are due: April 26, 2010; prehearing conference: April 27, 2010.

ADDRESSES: Submit notices of intervention and other documents

electronically via the Commission's Filing Online system. Commenters who cannot submit documents electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for advice on alternatives to electronic filing.

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 202-789-6820 or stephen.sharfman@prc.gov.

SUPPLEMENTARY INFORMATION: On March 30, 2010, the United States Postal Service (Postal Service) filed a request with the Postal Regulatory Commission (Commission) for the Commission to issue an advisory opinion under 39 U.S.C. 3661(c) for the elimination of Saturday delivery.¹ Section 3661(c) requires that such service changes conform to the policies reflected in title 39 of the United States Code.

The Postal Service proposes to eliminate Saturday delivery nationally, except for delivery of Express Mail and delivery to those post office boxes currently providing Saturday delivery. The change will not take place before October 1, 2010. Request at 1, 10. The Postal Service also proposes to eliminate Saturday initial processing of all mail but Express Mail and qualifying destination entry bulk mail. *Id.* at 1.

The Postal Service bases the Request on its deteriorating financial condition, precipitated by drastic volume decline. *Id.* at 3-4. If the Postal Service is authorized to make its proposed changes, it claims that its financial condition would be improved by a net of \$3.1 billion annually. *Id.* at 4. The Postal Service summarizes all of its statutory service and financial obligations, and the need for operational flexibility to reduce delivery days to respond to the changing needs of the postal customer. *Id.* at 9-11.

The Postal Service's Request is accompanied by 11 pieces of testimony and 12 library references.² The Postal Service states that the service changes in the Request, and the basis thereof, are examined in detail in the Direct Testimony of Samuel Pulcrano on Behalf of the United States Postal Service, March 30, 2010 (USPS-T-1). That testimony indicates that collecting mail from blue street collection boxes will also be eliminated on Saturday, except to collect overflow on an as needed basis. USPS-T-1 at 4, 14. The Postal Service states it has taken stakeholder views into account in
