adult (ages 18 to 24) offenders and high
school dropouts in high-poverty, high-
crime communities. The purpose of
these grants is to prepare these
individuals for employment. These
grants will be awarded through a
competitive process open to national
and regional intermediaries with
experience conducting multi-site
projects and experience serving young
adult offenders. The Department expects
to award two grants of \$10 million each
covering a six-month planning period
and two full years of operation. Grantees
will be required to competitively select
local sub-grantees to operate the
program in a minimum of five high-

poverty, high-crime communities across
at least two States.

This solicitation provides background

I. Funding Opportunity Description

Each year approximately 650,000
persons are released from State and
Federal prisons. These prisoners do not
return to communities evenly
distributed across the United States, but
rather return disproportionately to high-
poverty communities characterized by
high rates of joblessness, crime, and
drug abuse. Released prisoners face high
probabilities of returning to crime, with
Department of Justice data showing that
three out of five released prisoners are
arrested for new crimes within three
years, and two out of five return to
prison within three years. Returning
offenders face a myriad of problems that
contribute to their high rates of re-arrest
and re-imprisonment, including
joblessness, low educational levels, and
drug addiction. The unemployment rate
among ex-prisoners has been estimated
between 25 and 40 percent. An
estimated 19 percent of adult State
prisoners are completely illiterate and
40 percent are functionally illiterate;
over half of State parole entrants are not
high school graduates; and as many as
eleven percent have only an eighth
grade education or less.

To help address these problems the
DOL will award grants under this
announcement to improve the
employment prospects of young adult
(ages 18 to 24) released prisoners and
high school dropouts living in high-
poverty, high-crime communities. The
purpose of these grants is to prepare

these individuals for employment, by
increasing the employment rate of
participants, decreasing the recidivism
rate of young offenders served,
increasing the rate at which participants
receive high school diplomas and
industry-recognized credentials, and
increasing the rate at which participants
enter post-secondary education and
training. These grants will be awarded
through a competitive process open to
national and regional intermediaries
with experience conducting multi-site
projects and experience serving young
adult offenders. The DOL expects to
award two grants of \$10 million each
covering a six-month planning period
and two full years of operation. Program
Requirements are as follows:

A. Selection of Sub-Grantees

Grantees will be required to
competitively select local sub-grantees
to operate the program in a minimum of
five high-poverty, high-crime
communities across at least two States.
This competition should be held after
grant award. The Department is not
encouraging applicants to hold
competitions or select local sub-grantees
and sites prior to submitting their
proposals and applicants will not
receive any additional points for
identifying local sub-grantees and sites
in their proposals.

Grantees must follow their own
procurement requirements in
conducting this competition, provided
that they meet the federal standards at
29 CFR Parts 95 and 97. These federal
standards require that procurement
transactions be conducted in a manner
providing to the maximum extent
practical, open and free competition.
The Department recognizes that national
and regional intermediary organizations
vary as to whether or not they have local
offices, affiliates, or members. National
and regional intermediaries without
local offices, affiliates, or members must
conduct an open and free competition to
select sub-grantees and sites. National
and regional intermediaries with local
offices, affiliates, or member
organizations must also conduct an
open and free competition to select sub-
grantees and sites but may restrict the
competition to its local offices, affiliates,
or members to select sub-grantees and
sites. If a proposal identifies a specific
entry to provide services, the DOL/
ETA's award does not provide the
justification or basis to sole source the
procurement, i.e., avoid competition,
unless the activity is regarded as the
primary work of an official partner to
the application.
