Paperwork Burden Act

The information collection requirements contained in this Notice have received approval from the Office of Management and Budget (OMB) under Control Number 0570-0190.

Overview

The Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010 (Pub. L. 111-80), October 16, 2009 details the level of funding. The Section 515 Multi-Family Housing (MFH) program is authorized by the Housing Act of 1949, as amended (42 U.S.C. 1485) and provides Rural Development with the authority to make loans for low-income MFH.

Program Administration

I. Authorities

Section 515 of the Housing Act of 1949, as amended, (42 U.S.C. 1485) provides USDA Rural Development with the authority to make loans to any individual, corporation, association, trust, Indian tribe, public or private nonprofit organization, which may include a faith-based or community organization, consumer cooperative, or partnership to provide rental or cooperative housing and related facilities in rural areas for very-low, low, or moderate income persons or families, including elderly persons and persons with disabilities. Rental assistance (RA) is a tenant subsidy for very-low and low-income families residing in rural rental housing facilities with USDA Rural Development financing. \$2,030,000 in RA will be available for new construction in Fiscal Year (FY) 2010.

II. Description of Section 515 New Construction Funding Opportunity

The total amount available for FY 2010 for Section 515 new construction is \$18,902,349:

Non-Restricted	\$8,808,935
Set-aside for non-profits	4,617,827
Set-aside for Underserved Counties and Colonias	3,475,587
REAP Zones available until June 30, 2010	2,000,000

All applications for new construction funding must qualify under one of the three Set-asides or as a non-restricted. Qualifications for the Set-asides are described in paragraph VII below. Those applications scoring highest in each of the four categories will be funded first. Any unused funds will revert to Non-restricted status.

III. Award Information

(A) Individual loan requests may not exceed \$1 million. This applies to regular Section 515 funds and set-aside funds. The Administrator may make an exception to this limit in cases where a State's average total development costs exceed the National average by 50 percent or more.

(B) No State may receive more than 20 percent of the total amount available for new construction, including set-aside funds.

(C) Funding for this program will be equitably distributed across the country, and applied to all Five (5) Climate Zones within the U.S. as defined by the Department of Energy. A map of the 5 climate zones can be found at: http://www.eia.doe.gov/emeu/recs/climate_zone.html. The four highest scoring applications in each of the five climate zones will be selected for further processing. An Agency architect from each climate zone will be assigned to assist in evaluating applications.

IV. Eligibility Information

Applicants must meet the eligibility criteria as determined under 7 CFR 3560.55.

V. Application and Submission Information

(A) Application Requirements: All applications must be filed with the appropriate Rural Development State Office where the project will be located and must meet the requirements of 7 CFR 3560.56, as well as comply with the provisions of this NOFA. A list of State Office contacts may be found in Section XI of this NOFA. Incomplete applications will not be reviewed and will be returned to the applicant. No application will be accepted after 5 p.m., local time, on the application deadline previously mentioned unless that date and time is extended by a Notice published in the **Federal Register**.

Applicants that are selected will be given instructions on how to proceed, following the procedures established in 7 CFR part 3560.

VI. Selection Process

An amount of \$8,808,935 is available for non-restricted Section 515 new construction. Initial applications shall be submitted to the States. States will

then accept; review, score, and rank requests in accordance with 7 CFR 3560.56 and this NOFA. The four highest scoring applications in each of the five climate zones will receive further processing. The National Office will divide the applications by climate zone, rank all requests within each climate zone, and equitably distribute funds, within funding limits. If insufficient funds remain for the next ranked proposal, USDA Rural Development will select the next ranked proposal in that particular climate zone that falls within the remaining levels. Point score ties within a particular climate region will be handled in accordance with 7 CFR 3560.56(c)(2). All eligible and complete applications will be evaluated based on the following criteria:

(A) *Net Zero Energy Consumption*. In an effort to implement USDA's nationwide initiative to promote sustainable building development, energy-efficiency and conservation, USDA Rural Development has adopted a goal that all new MFH projects, financed in whole or in part by the USDA, will achieve net zero energy consumption—it will consume no more energy than it produces. As a result, points will be awarded for participation in this initiative pursuant to 7 CFR section 3560.56(c)(1)(iii). Program participation points will be awarded as follows:

(1) *Participation in a System Third-Party Measured and Verified Sustainable Development and Energy-Efficiency program*. The points will be allocated as follows: (maximum 37 points).

(a) Participate in the Department of Energy's Energy Star for Homes program: http://www.energystar.gov/index.cfm?c=bldrs_lenders_raters.nh_multifamily_units. (2 points);

(b) Participate in the Department of Energy's Builder's Challenge program: <http://www1.eere.energy.gov/buildings/challenge/about.html>. (6 points);

(c) Participation in the following programs will be awarded 5 points for each program with a maximum of 15 points.

(1) Green Communities program by the Enterprise Community Partners (<http://www.enterprisecommunity.org>);

(2) LEED for Homes program by the United States Green Building Council (USGBC) (<http://www.usgbc.org>); and

(3) The National Association of Home Builders (NAHB) ICC 700–2008 National Green Building Standard™ (<http://www.nahb.org>).

(d) Participation in higher certification levels. LEED for Homes and ICC 700–2008 National Green Building

Standard™ each have four levels of increasingly challenging certification. For specific information on the different levels for these programs please refer to their websites listed above. Projects will receive an additional 2 points for each higher certification level commitment beyond the baseline of the program. (16 points maximum)

(e) Participate in local green/energy efficient building standards. Applicants, who participate in a city, county or municipality program, will receive an additional 2 points. Points will be awarded only if the applicant is cross-enrolled with a national program described under section VI.A.(1).

The applicant should be aware that most of the following requirements are embedded in the third-party programs rating and verification systems; the applicant should look at the requirements for each program for specific details:

(a) Team of qualified professionals in design and construction of sustainable buildings.

(b) Initial design charette, ongoing third party verification and post-construction operations & maintenance education.

(c) Tight building envelope with indoor air quality assurance.

(d) Program for education of tenants and property managers in operations and maintenance.

(2) *Energy Generation.* To reach USDA's goal of net zero energy consumption, it is essential to generate renewable energy on site which will complement a weather tight, well-insulated building envelope with highly efficient mechanical systems. Possible renewable energy generation technologies include: Wind turbines and micro-turbines, micro-hydro power, photovoltaics, solar hot water systems and biomass/biofuel systems that do not use fossil fuels in production. Geo-exchange systems are highly encouraged as they lessen the total demand for energy and, if supplemented with other renewable energy sources, can achieve zero energy consumption more easily. Energy analysis of preliminary building plans using industry recognized simulation software should document the projected energy consumption of the building, the portion of building consumption which will be satisfied through on-site generation, and the building's HERS (Home Energy Rating System) score. In order to receive points under this section the energy analysis will need to be submitted with the application. Points under this section will be awarded as follows:

(a) New MFH projects whose preliminary building plans project it

will consume no more energy than it produces. (30 Points)

(b) Projects whose preliminary building plans project they will have less than a one hundred percent energy generation commitment (where generation is considered to be the total amount of energy needed to be generated on-site to make the building a net-zero consumer of energy), will be awarded points corresponding to their percent of commitment. (ex. 80 percent commitment to energy generation = 24 points or 80 percent of 30 points).

Note: This section was moved up substantially shortened.

(B) *Leverage Assistance:* The presence and extent of leveraged assistance for the units that will serve USDA Rural Development income-eligible tenants at basic rents, as defined in 7 CFR 3560.11, comparable to those rents if USDA Rural Development provided full financing, computed as a percentage of the USDA Rural Development total development cost (TDC). Each of the environmental conservation programs mentioned under VI.(A) may include grants and additional funding. This funding is also considered leverage assistance and can receive points under this section. Also, funding sources for energy-efficiency in each State can be found at: <http://www.dsireusa.org/>. Loan proposals that include leveraged/secondary funds which have been requested but have not yet been committed will be processed as follows: The proposal will be scored based on the requested secondary funds, provided (1) the applicant includes evidence of a filed application for the funds; and (2) the funding date of the requested funds will permit processing of the loan request in the current funding cycle, or, if the applicant does not receive the requested funds, will permit processing of the next highest ranked proposal in the current year. Points will be awarded in accordance with the following table. Percentages will be rounded to the next higher whole number. (0 to 30 points)

Number of points	Description % of leveraging
30	150 or more
25	100-149
20	50-99
15	1-49

(C) The units to be developed are in a colonia, tribal land, or Rural Economic Area Partnership (REAP) community, or in a place identified in the State Consolidated Plan or State Needs

Assessment as a high need community for MFH. (20 points)

(D) Pursuant to 7 CFR 3560.56(c)(1)(iii), a National Office initiative will provide points to loan requests that meet the selection criteria as follows: In States where USDA Rural Development has an on-going formal working relationship, agreement, or Memorandum of Understanding (MOU) with the State to provide state financial resources (State funds, State RA, HOME funds, Community Development Block Grant (CDBG) funds, or Low-Income Housing Tax Credits (LIHTC)) for USDA Rural Development proposals; or where the State provides preference or points to USDA Rural Development proposals in awarding such State resources, 20 points will be provided to loan requests that include such State resources in an amount equal to at least 5 percent of the TDC. Native American Housing and Self Determination Act (NAHASDA) funds may be considered a State resource if the tribal plan for NAHASDA funds contains provisions for partnering with USDA Rural Development for MFH. The applicant can contact its USDA Rural Development State Office to determine whether a particular State falls into this initiative. (20 Points)

(E) The loan request includes donated land meeting the provisions of 7 CFR 3560.56(c)(1)(iv). (5 points)

(F) Pursuant to 7 CFR 3560.56(c)(1)(iii), points will be awarded if the property will be constructed in a Presidentially declared disaster area. The area must have been Presidentially declared a disaster area in 2009. For further information on Presidentially declared disaster areas, see <http://www.rurdev.usda.gov/rd/disasters/>. (10 Points)

VII. Set Asides

Loan requests will be accepted for the following set asides:

(1) *Nonprofit set-aside.* An amount of \$4,617,827 has been set aside for non-profit applicants as defined in 7 CFR 3560.11. All loan proposals must be in designated places in accordance with 7 CFR 3560.57. A State or jurisdiction may fund one proposal from this set-aside, which cannot exceed \$1 million. A State could get additional funds from this set-aside if any funds remain after funding one proposal from each participating State. The National Office will inform the State Offices if additional funds are available. If additional set-aside funds remain, each State's second highest scoring proposal will be funded. If there are insufficient funds to fund one loan request from each participating State, selection will be determined nationally by point score

on each State's highest ranking proposal. This method will also be used if additional funds are available to fund more than 1 loan proposal per State where there are insufficient funds to fund a second or more proposal for each State. If there are any funds remaining, they will be handled in accordance with 42 U.S.C. 1485(w)(3). Funds from this set-aside will be available only to nonprofit entities, which may include a partnership that has as its general partner a nonprofit entity or the nonprofit entity's for-profit subsidiary which will be receiving low-income housing tax credits authorized under section 42 of the Internal Revenue Code of 1986. To be eligible for this set-aside, the nonprofit entity must be an organization that:

(a) Will own an interest in the project to be financed and will materially participate in the development and the operations of the project;

(b) Is a private organization that has nonprofit, tax exempt status under section 501(c)(3) or section 501(c)(4) of the Internal Revenue Code of 1986;

(c) Has among its purposes the planning, development, or management of low-income housing or community development projects; and

(d) Is not affiliated with or controlled by a for-profit organization.

(2) *Underserved counties and colonias set-aside.* An amount of \$3,475,587 has been set-aside for loan requests to develop units in the 100 most needy underserved counties or colonias as defined in section 509(f) of the Housing Act of 1949, as amended.

(3) *REAP Set-aside.* An amount of \$2,000,000 has been set-aside to develop units in a REAP zone. Loan requests that are eligible for this set-aside are also eligible for regular Section 515 funds. When requests for this set-aside exceed available funds, selection will be made in accordance with 7 CFR 3560.56(c) and ranking as described earlier in this NOFA. This set-aside is only available until June 30, 2010.

VIII. Rental Assistance (RA)

New construction RA will be available for FY 2010 in the amount of \$2,030,000. Unused RA may be allocated from within the State jurisdiction to approved new construction projects. Unused RA can only be allocated within the same State, and shall not be reallocated to another State. New construction RA may not be used in conjunction with a transfer or subsequent loan for repairs or rehabilitation, preservation purposes or for inventory property sales.

IX. Appeal Process

Applicants that are rejected will be notified and given appeal rights under 7 CFR part 11. All adverse determinations regarding applicant's eligibility and the awarding of points as a part of the selection process are appealable. Instructions on the appeal process will be provided at the time an applicant is notified of the adverse action.

X. Equal Opportunity and Non-Discrimination Requirements

U.S. Department of Agriculture is an equal opportunity provider, employer, and lender.

Borrowers and applicants will comply with the provisions of 7 CFR 3560.2. All housing must meet the accessibility requirements found at 7 CFR 3560.60(d).
