ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 372
RIN 2025–AA27

Hydrogen Sulfide; Community Right-to-Know Toxic Chemical Release Reporting; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Intent to consider lifting administrative stay; opportunity for public comment; extension of comment period.

SUMMARY: On February 26, 2010, EPA issued a Federal Register document concerning the Agency’s intent to consider lifting the Administrative Stay of the Emergency Planning and Community Right-to-Know Act (EPCRA) section 313 toxic chemical release reporting requirements for hydrogen sulfide (Chemical Abstracts Service Number (CAS No.) 7783–06–4) (75 FR 8889). The purpose of today’s action is to inform interested parties that, in response to a request for an extension, EPA is extending the comment period by 15 days until May 12, 2010. The comment period was previously scheduled to close on April 27, 2010.

DATES: Comments must be received on or before May 12, 2010.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–TRI–2009–0844, by one of the following methods:

- E-mail: oeidocket@epa.gov.
- Hand Delivery: EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC 20460. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA–HQ–TRI–2009–0844. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at http://www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through http://www.regulations.gov or e-mail. The http://www.regulations.gov Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through http://www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, avoid any form of encryption, and be free of any defects or viruses.

A. Does This Action Apply to Me?

You may be potentially affected by this action if you manufacture, process, or otherwise use hydrogen sulfide. Potentially affected categories and entities may include, but are not limited to:

<table>
<thead>
<tr>
<th>Category</th>
<th>Examples of potentially affected entities</th>
</tr>
</thead>
</table>

*Exceptions and/or limitations exist for these NAICS codes.
This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Some of the entities listed in the table have exemptions and/or limitations regarding coverage, and other types of entities not listed in the table could also be affected. To determine whether your facility would be affected by this action, you should carefully examine the applicability criteria in part 372 subpart B of Title 40 of the Code of Federal Regulations. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding “FOR FURTHER INFORMATION CONTACT” section.

B. Why and for How Long Is EPA Extending the Comment Period?

EPA has received a request on behalf of a number of groups to extend the comment period on EPA’s intent to consider lifting the Administrative Stay of the EPCRA section 313 reporting requirements for hydrogen sulfide. The groups requesting an extension are the American Coke and Coal Chemicals Institute, American Forest and Paper Association, Corn Refiners Association, and The Sulphur Institute. These groups have requested additional time to review relevant information and prepare comments. EPA has considered this request and has determined that extending the comment period is an appropriate action. Therefore, EPA is extending the comment period on the February 26, 2010, Federal Register document by 15 days and May 12, 2010. All comments should be submitted following the detailed instructions as provided in the “ADDRESSES” section of this document, and in Unit I. of the “SUPPLEMENTARY INFORMATION” section of this document. All comments must be received by May 12, 2010.

List of Subjects in 40 CFR Part 372

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, and Toxic chemicals.

Dated: April 7, 2010.

Richard A. Martin,
Acting Director, Office of Information Analysis and Access.

Federal Emergency Management Agency

44 CFR Part 67

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this document is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before July 13, 2010.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community’s map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA–B–1110, to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation
