II. Background Information

A. What Does This Document Do and What Action Does This Document Affect?

This document extends the comment period for EPA’s February 26, 2010, **Federal Register** document concerning EPA’s intent to consider lifting the Administrative Stay of the EPCRA section 313 reporting requirements for hydrogen sulfide (75 FR 8889).

B. Why and for How Long Is EPA Extending the Comment Period?

EPA has received a request on behalf of a number of groups to extend the comment period on EPA’s intent to consider lifting the Administrative Stay of the EPCRA section 313 reporting requirements for hydrogen sulfide. The groups requesting an extension are the American Coke and Coal Chemicals Institute, American Forest and Paper Association, American Petroleum Institute, Asphalt Institute, Carbon Disulfide Coalition, Corn Refiners Association and The Sulphur Institute. These groups have requested additional time to review relevant information and prepare comments. EPA has considered this request and has determined that extending the comment period is an appropriate action. Therefore, EPA is extending the comment period on the February 26, 2010, **Federal Register** document by 15 days until May 12, 2010. All comments should be submitted following the detailed instructions as provided in the “**ADDRESSES**” section of this document, and in Unit I. of the “**SUPPLEMENTARY INFORMATION**” section of this document. All comments must be received by May 12, 2010.

[Docket ID FEMA–2010–0003; Internal Agency Docket No. FEMA–B–1110]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this document is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before July 13, 2010.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community’s map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA–B–1110, to Kevin C. Long, Acting Chief, Engineering Management Branch, Mitigation
