I. Introduction

On April 7, 2010, the Postal Service filed a notice announcing that it has entered into an additional Global Expedited Package Services 2 (GEPS 2) contract.¹ The Postal Service believes the instant contract is functionally equivalent to previously submitted GEPS 2 contracts, and is supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1, Attachment 3. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1. In Order No. 290, the Commission approved the GEPS 2 product.²

The instant contract. The Postal Service filed the instant contract pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that the contract is in accordance with Order No. 86. The Postal Service submitted the contract and supporting materials under seal, a redacted copy of the contract as Attachment 1, a certified statement required by 39 CFR 3015.5(c)(2) as Attachment 2, Governors' Decision No. 08-7 and an application for non-public treatment of materials as Attachments 3 and 4, respectively. *Id.* at 1-2. The term of the contract is 1 year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received.

The Notice advances reasons why the instant GEPS 2 contract fits within the Mail Classification Schedule language for GEPS 2. The Postal Service identifies customer-specific information, general contract terms and other differences that distinguish the instant contract from the baseline GEPS 2 agreement, all of which are highlighted in the Notice. *Id.* at 3-6. It contends that the instant contract is functionally equivalent to the GEPS 2 contracts filed previously notwithstanding these differences. *Id.* at 6-7.

¹ Notice of United States Postal Service Filing of Functionally Equivalent Global Expedited Package Services 2 Negotiated Service Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, April 7, 2010 (Notice).

² Docket No. CP2009-50, Order Granting Clarification and Adding Global Expedited Package Services 2 to the Competitive Product List, August 28, 2009 (Order No. 290).

The Postal Service asserts that several factors demonstrate the contract's functional equivalence with previous GEPS 2 contracts, including the general terms of the contract, the market to which it is being offered, and its cost characteristics. *Id.* at 3. The Postal Service concludes that because the "GEPS agreements incorporate the same cost attributes and methodology, the relevant cost and market characteristics are similar, if not the same..." despite any incidental differences. *Id.* at 6.

The Postal Service contends that its filings demonstrate that this new GEPS 2 contract is established in compliance with the requirements of 39 U.S.C. 3633, is functionally equivalent to previous GEPS 2 contracts, and requests that this contract be included within the GEPS 2 product. *Id.* at 7.

II. Notice of Filing
