SUPPLEMENTARY INFORMATION:

Notice of CIPAC Renewal: On March 19, 2010, the Secretary of Homeland Security extended CIPAC for a period of two years. The current CIPAC charter reflecting the Secretary's action is available on the CIPAC Web site.

Purpose and Activities: CIPAC facilitates interaction between government officials and representatives of the community of owners and operators for each of the critical infrastructure and key resources (CIKR) sectors defined by Homeland Security Presidential Directive 7 (HSPD-7) and identified in the National Infrastructure Protection Plan (NIPP). The scope of activities covered by CIPAC includes planning; coordinating among government and CIKR owner/operator security partners; implementing security program initiatives; conducting operational activities related to critical infrastructure protection security measures, incident response, recovery, and infrastructure resilience; reconstituting CIKR assets and systems for both man-made and naturally occurring events; and sharing threat, vulnerability, risk mitigation, and infrastructure continuity information.

Organizational Structure: CIPAC members are organized into the 18 HSPD-7 CIKR sectors. Within all of the sectors containing CIKR owner/operators, there generally exists a Sector Coordinating Council (SCC) that includes CIKR owners and/or operators or their representative trade associations. Each of the sectors also has a Government Coordinating Council (GCC) whose membership includes a lead Federal agency that is defined as the Sector Specific Agency (SSA), and all of the relevant Federal, State, local, tribal, and/or territorial government agencies (or their representative bodies) whose mission interests also involve the scope of the CIPAC activities for that particular sector.

Membership: CIPAC Membership includes (i) CIKR owner and/or operator members of an SCC; (ii) trade associations representing the interests of CIKR owners and/or operators that own and invest in infrastructure assets or in the systems and processes to secure them, or representing CIKR owners and/

or operators whom are held responsible by the public for CIKR operations and the response and recovery when their CIKR assets and systems are disrupted who are members of an SCC; (iii) each sector's GCC; and (iv), based upon DHS' recent establishment of this council, State, local, tribal, and territorial governmental officials comprising the DHS State, Local, Tribal, and Territorial GCC.

CIPAC Membership Roster and Council Information: The current roster of CIPAC membership is published on the CIPAC Web site (<http://www.dhs.gov/cipac>) and is updated as the CIPAC membership changes. Members of the public may visit the CIPAC Web site at any time to obtain current CIPAC membership as well as the current and historic list of CIPAC meetings and agendas.

Dated: April 16, 2010.

Designated Federal Official for the CIPAC.

Extension of Agency Information Collection Activity Under OMB Review: Highway Corporate Security Review (CSR)

AGENCY: Transportation Security Administration, DHS.

ACTION: Notice of reinstatement.

SUMMARY: This notice is a correction notice for the previous 30-day notice, 74 FR 57326 that was published on November 5, 2009 announcing that the Transportation Security Administration (TSA) forwarded the Information Collection Request (ICR), OMB control number 1652-0036, abstracted below to the Office of Management and Budget (OMB) for review and approval of a reinstatement of a formerly approved collection under the Paperwork Reduction Act. The ICR had not been reviewed by OMB, and will be forwarded to OMB within 30 days of this **Federal Register** notice. The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on June 15, 2009, 74 FR 28264. TSA received two comments and they have been addressed by letters to the commenters. The collection involves the assessment of current security

practices in the highway and motor carrier industry by way of its Highway Corporate Security Review Program, which encompasses site visits and interviews, and is part of the larger domain awareness, prevention and protection program supporting TSA's and the Department of Homeland Security's missions.

DATES: Send your comments by May 24, 2010. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-6974.

FOR FURTHER INFORMATION CONTACT:

Joanna Johnson, Office of Information Technology, TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-3651; e-mail joanna.johnson@dhs.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

TSA published a notice in the **Federal Register** on June 15, 2009 (74 FR 28264) announcing our intent to reinstate the OMB control number, 1652-0036, for this information collection. In response

to this notice, TSA has received comments from the American Trucking Association (ATA) and the American Bus Association (ABA). TSA has responded to ATA's and ABA's concerns and thanked them for their comments.

Information Collection Requirement

Title: Corporate Security Review (CSR).

Type of Request: Reinstatement.

OMB Control Number: 1652-0036.

Form(s): Corporate Security Review Interview Form.

Affected Public: Owners and operators of school bus, motor coach, and trucking (general freight and hazardous materials) companies, privately-owned assets, State Departments of Transportation, and State Departments of Education.

Abstract: TSA is seeking to reinstate its OMB approval for this information collection so that TSA can continue to ascertain minimum security standards and identify coverage gaps, activities that are critical to carrying out its transportation security mission. TSA conducts this collection through voluntary face-to-face visits at the headquarters of the subject surface transportation owners/operators. During the site visit, TSA personnel complete the CSR form, which asks security-related questions. This assessment is necessary for TSA to establish the current state of security practices for highway modes of transportation. TSA will then be able to make policy and programmatic decisions to improve the overall security posture within the surface transportation community. The data collected also can be utilized to develop security practice assessments and issue security guidelines, best practices, and lessons learned for the stakeholder community.

Number of Respondents: 400.

Estimated Annual Burden Hours: An estimated 1,200 hours annually.

Issued in Arlington, Virginia on April 15, 2010.

Joanna Johnson,

Paperwork Reduction Act Officer, Office of Information Technology.
