## DEPARTMENT OF ENERGY

### Proposed Agency Information Collection

**AGENCY:** U.S. Department of Energy.  
**ACTION:** Notice and request for OMB review and comment.

**SUMMARY:** The Department of Energy (DOE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995. The In-Vehicle Driver Feedback study will enable the Department of Energy to establish a rigorous scientific basis for informing consumers about the potential fuel economy benefits of in-vehicle fuel economy feedback devices. The target population consists of 150 volunteer households who are AAA insurance policy holders who carry minimum automobile insurance coverage and hold a valid driver's license. If this testing confirms that fuel economy feedback devices can enable drivers to achieve measurable improvements in fuel economy, the information will be made available to the general public via the Joint Department of Energy and Environmental Protection Agency Web site, <http://www.fueleconomy.gov>.

**DATES:** Comments regarding this collection must be received on or before June 1, 2010. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the DOE Desk Officer at OMB of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at 202-395-4650.

**ADDRESSES:** Written comments should be sent to the DOE Desk Officer, Office

of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street, NW., Washington, DC 20503; and to Mr. Dennis A. Smith, Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy, EE-2G, 1000 Independence Avenue, SW., Washington, DC 20585-0121, Phone: 202-586-1791, Fax: 202-586-2476,  
E-mail: [dennis.a.smith@ee.doe.gov](mailto:dennis.a.smith@ee.doe.gov).

**FOR FURTHER INFORMATION CONTACT:** Mr. Dennis A. Smith, Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy, EE-2G, 1000 Independence Avenue, SW., Washington, DC 20585-0121, Phone: 202-586-1791, Fax: 202-586-2476,  
E-mail: [dennis.a.smith@ee.doe.gov](mailto:dennis.a.smith@ee.doe.gov).

**SUPPLEMENTARY INFORMATION:** This information collection request contains: (1) *OMB No.:* New; (2) *Information Collection Request Title:* U.S. Department of Energy Test of Potential Fuel Economy Benefits of In-Vehicle Driver Feedback Devices; (3) *Type of Request:* New collection; (4) *Purpose:* The In-Vehicle Driver Feedback Study will evaluate driving behaviors and the effect fuel economy feedback devices will have in changing those behaviors. The data derived from this study will be used to provide the public with information that will enable them to achieve better fuel economy and thereby enable them to save money on fuel consumption which will therefore enable us to reduce greenhouse gas emissions and thereby reduce petroleum consumption. The information obtained via this collection will be made available to the general public via the DOE Sponsored Fuel Economy Guide and associated Web site, <http://www.fueleconomy.gov>. AAA of Northern California will ask for volunteers for this study. These volunteers will be chosen based on demographics, geography, and ownership of vehicles which currently do not display fuel-economy data; (5) *Estimated Number of Respondents:* 150 (not an annual collection); (6) *Estimated Number of Total Responses:* 150; (7) *Estimated Number of Burden Hours:* 300; (8) *Estimated Reporting and Recordkeeping Cost Burden:* \$350,000.00.

**Statutory Authority:** U.S.C. 16191; 49 U.S.C. 32908(c)-(3) and (g)(2)(A).

Issued in Washington, DC, on April 20, 2010.

**Dennis A. Smith,**

*National Clean Cities Director, Office of Vehicle Technologies, Energy Efficiency and Renewable Energy, U.S. Department of Energy.*

## DEPARTMENT OF ENERGY

[OE Docket No. EA-365]

### Application To Export Electric Energy; Centre Lane Trading Limited

**AGENCY:** Office of Electricity Delivery and Energy Reliability, DOE.

**ACTION:** Notice of application.

**SUMMARY:** Centre Lane Trading Limited (CLT) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

**DATES:** Comments, protests, or requests to intervene must be submitted on or before June 1, 2010.

**ADDRESSES:** Comments, protests, or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-8008).

**FOR FURTHER INFORMATION CONTACT:** Christopher Lawrence (Program Office), 202-586-5260 or Michael Skinker (Program Attorney), 202-586-2793.

**SUPPLEMENTARY INFORMATION:** Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the FPA (16 U.S.C. 824a(e)).

On April 20, 2010, DOE received an application from CLT for authority to transmit electric energy from the United States to Canada as a power marketer using existing international transmission facilities for five years. CLT does not own any electric transmission facilities nor does it hold a franchised service area.

The electric energy that CLT proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies and other entities within the United States. The existing international transmission facilities to be utilized by CLT have previously been authorized by Presidential permits issued pursuant to

Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

**Procedural Matters:** Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment, or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the date listed above.

Comments on the CLT application to export electric energy to Canada should be clearly marked with Docket No. EA-365. Additional copies are to be filed directly with Jason Brandt, Centre Lane Trading Ltd., 113 Wineva Avenue, Toronto, ON, Canada M4E 2T1. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at [http://www.oe.energy.gov/permits\\_pending.htm](http://www.oe.energy.gov/permits_pending.htm), or by e-mailing Odessa Hopkins at [Odessa.hopkins@hq.doe.gov](mailto:Odessa.hopkins@hq.doe.gov).

Issued in Washington, DC on April 26, 2010.

## DEPARTMENT OF ENERGY

[OE Docket No. EA-185-C]

### Application To Export Electric Energy; Morgan Stanley Capital Group Inc.

**AGENCY:** Office of Electricity Delivery and Energy Reliability, DOE.

**ACTION:** Notice of application.

**SUMMARY:** Morgan Stanley Capital Group Inc. (MSCG) has applied to renew its authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

**DATES:** Comments, protests, or requests to intervene must be submitted on or before June 1, 2010.

**ADDRESSES:** Comments, protests or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-8008).

**FOR FURTHER INFORMATION CONTACT:** Anthony Como (Program Office) 202-586-5935 or Michael Skinker (Program Attorney) 202-586-2793.

**SUPPLEMENTARY INFORMATION:** Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the FPA (16 U.S.C. 824a(e)).

On August 21, 1998, DOE issued Order No. EA-185 authorizing MSGC to transmit electric energy from the United States to Canada as a power marketer using existing international electric transmission facilities for two years. On August 14, 2000, DOE issued Order No. EA-185-A, which renewed MSGC's authority for a five-year period. On August 19, 2005, DOE issued Order No. EA-185-B, authorizing MSGC's authority for an additional five-year period, which expires on August 21, 2010. On February 17, 2010, MSCG filed an application with DOE to renew the export authority contained in Order No. EA-185-B for an additional five-year period.

The electric energy that MSCG proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies and other entities within the United States. The existing international transmission facilities to be utilized by MSCG have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

**Procedural Matters:** Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment, or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the date listed above.

Comments on the MSCG application to export electric energy to Canada should be clearly marked with Docket

No. EA-185-C. Additional copies are to be filed directly with Edward J. Zabrocki, Morgan Stanley & Co. Incorporated, 2000 Westchester Ave., Purchase, NY 10577 and Daniel E. Frank, Sutherland Asbill & Brennan LLP, 1275 Pennsylvania Ave., NW., Washington, DC 20004. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at [http://www.oe.energy.gov/permits\\_pending.htm](http://www.oe.energy.gov/permits_pending.htm), or by e-mailing Odessa Hopkins at [Odessa.Hopkins@hq.doe.gov](mailto:Odessa.Hopkins@hq.doe.gov).

Issued in Washington, DC, on April 20, 2010.

**Anthony J. Como,**

*Director, Permitting and Siting, Office of Electricity Delivery and Energy Reliability.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 13317-000]

### Bishop Paiute Tribe; Notice of Competing Preliminary Permit Application Accepted for Filing and Soliting Comments and Motions To Intervene

April 21, 2010.

On November 3, 2008, the Bishop Paiute Tribe filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Bishop Paiute Hydroelectric Project to be located on a new penstock between the base of a mine and Morgan Creek in Inyo County, California. The proposed project would be located within the Inyo National Forest on lands of the U.S. Forest Service. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.
