

Bear Valley National Wildlife Refuge was established in 1978 under the authority of the Endangered Species Act to protect a major night roost site for wintering bald eagles in Southern Oregon. The refuge consists of 4,200 acres, primarily of old growth ponderosa pine, incense cedar, and white and Douglas fir. Bear Valley National Wildlife Refuge also provides nesting habitat for several bald eagle pairs.

Clear Lake National Wildlife Refuge was established by President William Taft in 1911 as a "preserve and breeding ground for native birds" (Executive Order 1332). Located in northeastern California, the Refuge consists of approximately 20,000 acres of open water surrounded by over 26,000 acres of upland bunchgrass, low sagebrush, and juniper habitat. Small, rocky islands in the lake provide nesting sites for American white pelicans, double-crested cormorants, and other colonial nesting birds.

The Klamath Basin Refuges consist of a variety of habitats, including freshwater marshes, open water, grassy meadows, coniferous forests, sagebrush and juniper grasslands, agricultural lands, and rocky cliffs and slopes. These habitats support diverse and abundant populations of resident and migratory wildlife, with 433 species having been observed on or near the Refuges. In addition, each year the Refuges serve as a migratory stopover for about three-quarters of the Pacific Flyway waterfowl, with peak fall concentrations of over 1 million birds.

SUPPLEMENTARY INFORMATION: The Secure Rural Schools and Community Self-Determination Act was extended to provide stability for local counties by compensating them, in part, for the decrease in funds formerly derived from the harvest of timber on Federal lands. Pursuant to the Act, the five Committees serve western Oregon BLM districts that contain Oregon and California grant lands and Coos Bay Wagon Road grant lands. Committees consist of 15 local citizens representing a wide array of interests.

The RACs provide a mechanism for local community collaboration with Federal land managers as they select projects to be conducted on Federal lands or that will benefit resources on Federal lands using funds under Title II of the Act.

Committee membership must be balanced in terms of the categories of interest represented. Prospective members are advised that membership on a Resource Advisory Committee calls for a substantial commitment of time and energy.

Any individual or organization may nominate one or more persons to serve on the Committees. Individuals may also nominate themselves or others. Nominees must reside within one of the counties that are (in whole or in part) within the BLM District boundaries of the Committee(s) on which membership is sought. A person may apply for more than one Committee. Nominees will be evaluated based on their education, training, and experience relating to land use issues and knowledge of the geographical area of the Committee. Nominees must also demonstrate a commitment to collaborative resource decision-making. The Obama Administration prohibits individuals who are currently Federally registered lobbyists from serving on all Federal Advisory Committee Act (FACA) and non-FACA boards, committees or councils.

You may make nominations for the following categories of interest:

- Category One—5 persons who:
1. Represent organized labor or non-timber forest product harvester groups;
 2. Represent developed outdoor recreation, off-highway vehicle users, or commercial recreation activities;
 3. Represent energy and mineral development interests; or commercial or recreational fishing interests;
 4. Represent the commercial timber industry; or

5. Hold Federal grazing permits, or other land permits, or represent nonindustrial private forest land owners within the area for which the committee is organized.

Category Two—5 persons that represent:

1. Nationally recognized environmental organizations;
2. Regionally or locally recognized environmental organizations;
3. Dispersed recreational activities;
4. Archeological and historical interests; or
5. Nationally or regionally recognized wild horse and burro interest groups, wildlife or hunting organizations, or watershed associations.

Category Three—5 persons that:

1. Hold State elected office (or a designee);
2. Hold county or local elected office;
3. Represent American Indian Tribes within or adjacent to the area for which the committee is organized;
4. Are school officials or teachers; or
5. Represent the affected public at large.

The Resource Advisory Committees will be based on western Oregon BLM District boundaries. Specifically, the BLM Committees are as follows:
