SUPPLEMENTARY INFORMATION: On January 13, 2010, the Commission issued an order approving the addition of certain postal services to the Mail Classification Schedule (MCS) product lists.¹ In approving these additions, the Commission directed the Postal Service to file product descriptions for eight additional services that were being added to the Market Dominant Product List as elements of Address Management Services (AMS). Order No. 391 at 31, Ordering Paragraph 4. In addition, Order No. 391 directed the Postal Service to file an appropriate request to add Stamp Fulfillment Services (SFS) to the MCS Market Dominant Product List.² Order No. 391 at 31, Ordering Paragraph 5.

As directed, the Postal Service has filed product descriptions for the eight additional elements of AMS that were being added to the Market Dominant Product List.³ The Postal Service has also filed a request to add SFS to the Market Dominant Product List.⁴

In its First Response, the Postal Service has proposed AMS product description language based upon the Library Reference, but revised in several respects. First, language concerning one of the eight services that the Commission had directed be added to the Market Dominant Product List, Mailpiece Quality Control Certification, has been removed because the service is no longer being offered. Second, Address Management Services Prices

⁴ Request of the United States Postal Service to Add Stamp Fulfillment Services to the Mail Classification Schedule in Response to Order No. 391, April 26, 2010 (Request). In its filing, the Postal Service states that it is filing separate requests to add charges for orders of philatelic items to the provisional Philatelic Sales nonpostal product and to add charges for personalized stamped envelopes to the Stamped Envelopes ancillary Special Services section of the Mail Classification Schedule. See Docket No. MC2009-20, Notice of the United States Postal Service of Amendment to Mail Classification Schedule Language for Nonpostal Activities Required to be Filed By Order No. 154, April 26, 2010; see also Docket No. MC2010-23, Notice of the United States Postal Service of Classification Change to Add Existing Shipping Charges to the Mail Classification Schedule Section for Stamped Envelopes, April 26, 2010.

have been edited to remove references to Cartridge pricing since this format is no longer available; to add a description of the Computerized Delivery Sequence (CDS) No Stat service to reflect the fact that the minimum price for this service is treated separately from the CDS service minimum; and to add a previously omitted price for retesting FASTforward MLOCR. Finally, the Postal Service adds information regarding two existing services or license types that were previously overlooked: 99 Percent Accurate Method and NCOA^{Link} Mail Processing Equipment.

In its Request, the Postal Service states that Stamp Fulfillment Services is an existing product and that the Request relates only to the charges for ordering stamps. Attachment A to the Request shows the proposed changes to the MCS in legislative format. Attachment B provides a statement of supporting justification for the Request. The Postal Service asserts these classification changes are consistent with the requirements of 39 U.S.C. 3642. Request at 2-3.

The Commission hereby provides notice of the Postal Service's First Response and its Request, and affords interested persons an opportunity to express views and offer comments on those filings. Comments are due May 19, 2010.

SUMMARY: The Commission is noticing a recently-filed Postal Service request to

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 202-789-6820 and stephen.sharfman@prc.gov.

SUPPLEMENTARY INFORMATION: On April 26, 2010, the Postal Service filed a notice of an amendment to the Mail Classification Schedule (MCS) language for the stamped envelope price category in the Ancillary Services product in Special Services.¹ In its filing, the Postal Service points out that the current MCS language for the stamped envelope price category includes pricing for personalized stamped envelopes, but omits applicable shipping charges. *Id.* at 1.

The Postal Service states that while orders for personalized stamped envelopes are placed with its Stamp Fulfillment Services office, orders are actually fulfilled by a private printer located in another state. Currently effective shipping charges for orders fulfilled by that printer are set forth in the Ordering Instructions for Personalized Stamped Envelopes (PS Form 3202-X, October 2009). *Id.*, Attachment A.

The Postal Service states further its belief that the appropriate place to include shipping charges for stamped envelopes is in the Stamped Envelope section of the MCS, rather than in the new Stamp Fulfillment Services product that it has requested be added to the MCS.² Attachment B to the Notice shows the proposed changes to the Stamped Envelope MCS language in section 1505.19 of the MCS. These charges are a continuation of the

existing charges already being paid by customers.

The Commission hereby provides public notice of the Postal Service's filing and affords interested persons the opportunity to express views and offer comments on the proposed MCS classification change. Comments are due May 19, 2010.
