

Title: NSPS for Pressure Sensitive Tape and Label Surface Coating Operations (Renewal).

ICR Numbers: EPA ICR Number 0658.10, OMB Control Number 2060-0004.

ICR Status: This ICR is scheduled to expire on May 31, 2010. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This Information Collection Request (ICR) renewal is being submitted for the NSPS for Pressure Sensitive Tape and Label Surface Coating Operations (40 CFR part 60, subpart RR), which were promulgated on October 18, 1983. These regulations apply to each coating line used in the manufacture of pressure sensitive tape and label materials, and on which construction or reconstruction commenced after the proposal date. Facilities that input 45 megagrams of volatile organic compounds (VOC) or less per 12 month period are not subject to the emission limit established by the subpart. The affected entities are subject to the General Provisions of the NSPS at 40 CFR part 60 subpart A and any changes, or additions to the Provisions specified at 40 CFR part 60, subpart RR.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 25.21 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information;

search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners or operators of pressure sensitive tape and label surface coating operations.

Estimated Number of Respondents: 37.

Frequency of Response: Initially, occasionally, and semiannually.

Estimated Total Annual Hour Burden: 3,353.

Estimated Total Annual Cost: \$387,141 which includes \$315,341 in labor costs, \$7,000 in capital/startup costs, and \$64,800 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the labor hours or cost to the respondents in this ICR compared to the previous ICR because the regulations have not changed over the past three years and are not anticipated to change over the next three years. Since this ICR renewal was approved to be processed under the "Expedited Approach" option, EPA has maintained the same estimate for the number of sources currently subject to this standard as indicated in the most recently approved ICR. Therefore, the labor hours figures in the previous ICR reflect the current burden to the respondents and are reiterated in this ICR.

Dated: April 29, 2010.

Director, Collection Strategies Division.

Agency Information Collection Activities; Proposed Collection; Comment Request; Plant-Incorporated Protectants; CBI Substantiation and Adverse Effects Reporting; EPA ICR No. 1693.06, OMB Control No. 2070-0142

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR, entitled: "Plant-Incorporated

Protectants; CBI Substantiation and Adverse Effects Reporting" and identified by EPA ICR No. 1693.06 and OMB Control No. 2070-0142, is scheduled to expire on January 31, 2011. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection.

DATES: Comments must be received on or before July 6, 2010.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2010-0281, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket Facility's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number EPA-HQ-OPP-2010-0281. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your

comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

SUPPLEMENTARY INFORMATION:

I. What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting

electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the collection activity.
7. Make sure to submit your comments by the deadline identified under **DATES**.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

III. What Information Collection Activity or ICR Does This Action Apply to?

Affected entities: Entities potentially affected by this ICR include producers and importers of plant-incorporated protectants (PIPs). The North American Industrial Classification System (NAICS) codes for respondents under this ICR include: Pesticide and other agricultural chemical manufacturing (NAICS code 325320), biological products (except diagnostic) manufacturing (NAICS code 325414), farm supplies wholesalers (NAICS code 422910), flower, nursery stock, and florists's suppliers (NAICS code 422930), research and development in the physical, engineering, and life sciences (NAICS code 541710), and colleges, universities, and professional schools (NAICS code 611310).

Title: Plant-Incorporated Protectants; CBI Substantiation and Adverse Effects Reporting.

ICR numbers: EPA ICR No. 1693.06, OMB Control No. 2070-0142.

ICR status: This ICR is currently scheduled to expire on January 31, 2011. An Agency may not conduct or sponsor, and a person is not required to

respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR addresses the two information collection requirements described in regulations pertaining to pesticidal substances that are produced by plants (PIPs) and which are codified in 40 CFR part 174. A PIP is defined as "the pesticidal substance that is intended to be produced and used in a living plant and the genetic material necessary for the production of such a substance." Many, but not all, PIPs are exempt from registration requirements under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Registrants sometimes include in a submission to EPA for registration of a PIP information that they claim to be CBI. CBI is protected by FIFRA and generally cannot be released to the public. Under 40 CFR part 174, whenever a registrant claims that information submitted to EPA in support of a registration application for PIPs contains CBI, the registrant must substantiate such claims when they are made, rather than provide it later upon request by EPA. In addition, manufacturers of PIPs that are otherwise exempted from the requirements of registration must report adverse effects of the PIP to the Agency. Such reporting will allow the Agency to determine whether further action is needed to prevent unreasonable adverse effects to the environment. Submission of this information is mandatory.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 7 hours for an adverse effects report and 21.5 hours for substantiation of a CBI claim, per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the

existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 18.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: One for each registration application, experimental use permit, or reporting of adverse effects.

Estimated total annual burden hours: 389 hours.

Estimated total annual costs: \$26,875.00. This includes an annual cost of \$26,721 for CBI substantiations and \$154 for adverse effects reporting.

IV. Are There Changes in the Estimates From the Last Approval?

There is an increase of 86 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects an increase in the number of PIP applications during the last 2 years. EPA expects that this higher level of activity will continue. This change is an adjustment.

V. What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Meeting of the Ozone Transport Commission

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: The United States Environmental Protection Agency is announcing the 2010 Annual Meeting of the Ozone Transport Commission (OTC). This OTC meeting will explore options available for reducing ground-level ozone precursors in a multi-pollutant context. The Commission will be evaluating potential measures and considering actions in areas such as performance standards for electric generating units (EGUs) on high electric demand days, oil and gas boilers serving EGUs, small natural gas boilers, stationary generators, energy security/energy efficiency, architectural industrial and maintenance coatings, consumer products, industrial commercial and institutional (ICI) boilers, vapor recovery at gas stations, large above ground storage tanks, seaports, aftermarket catalysts, lightering, and non-road idling.

DATES: The meeting will be held on June 3, 2010 starting at 9 a.m. and ending at 4 p.m.

Location: Tremont Plaza Hotel, 222 St. Paul Place, Baltimore, Maryland 21202; (410) 727-4222 or (800) 873-6668.
