For the grant reviews, the Department will use independent reviewers from various backgrounds and professions including: Pre-kindergarten–12 teachers and principals, college and university educators, researchers and evaluators, social entrepreneurs, strategy consultants, grant makers and managers, community development practitioners (in areas such as health or safety), and others with education expertise. The Department will thoroughly screen all reviewers for conflicts of interest to ensure a fair and competitive review process.

Reviewers will read, prepare a written evaluation, and score the applications assigned to their panel, using the selection criteria provided in this notice.

For applications addressing Absolute Priority 1, Absolute Priority 2, and Absolute Priority 3, the Secretary prepares a rank order of applications for each absolute priority based solely on the evaluation of their quality according to the selection criteria. In accordance with 34 CFR 75.217(d), the Secretary will make final awards after considering the rank ordering and other information including an applicant's performance and use of funds and compliance history under a previous award under any Department program. In making awards under any future competitions, the Secretary will consider an applicant's past performance.
