

control number 2528–0256. Approximately 1,430 DHAP participants responded to the baseline survey. Respondents were contacted in January-February 2010 to update their contact information under the same OMB control number.

A 12-month follow-up survey of respondents to the baseline survey is planned for fall 2010 and is the subject of this notice. The survey will collect data on participants' housing employment, income, and savings/debt outcomes approximately 12 to 15 months after they transitioned off DHAP assistance. The survey also will ask about participants' experiences with the alternative strategies employed by participating public housing authorities (PHAs) for providing case management to help households with the recovery process. The information collected through these surveys will be supplemented by administrative data on participant characteristics and program services (including rental assistance and case management) collected during program operation. The participant survey will take approximately 40 minutes per respondent to complete.

Members of affected public: The data collection effort for the DHAP IRT Study initially involved a baseline survey conducted under OMB control number 2528–0256. Approximately 1,430 DHAP participants responded to the baseline survey. Respondents were contacted in January-February 2010 to update their contact information under the same OMB control number.

Estimation of the total number of hours needed to prepare the information collection, including the number of respondents, frequency of response, and hours of response: The researchers will survey 1,430 participants in all; the surveys are expected to last 40 minutes. This constitutes a total burden hour estimate of 958 burden hours.

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 20, 2010.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5382–N–09]

Notice of Proposed Information Collection for Public Comment: 202 Demonstration Planning Grant Evaluation

AGENCY: Office of Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* July 6, 2010.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Ashaki Robinson Johns, Office of Policy Development and Research, Department of Housing and Urban Development, 451 7th Street, SW., Suite 8120, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Ashaki Robinson Johns (202) 402–7545, (this is not a toll free number) for copies of the proposed forms and other available documents.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including if the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Title of Proposal: Research Plan for an Evaluation of the Section 202 Demonstration Planning Grant Program.

Description of the need for information and proposed use: The Department is conducting, through a contract to Abt Associates Inc. and its subcontractor, VIVA Consulting LLC, a study of the Section 202 Supportive Housing for the Elderly Demonstration Planning Grant Program. The Section 202 Supportive Housing for the Elderly program provides capital advances and operating funds to nonprofit organizations (“sponsors”) to develop affordable elderly housing. HUD's goal for Section 202 properties is for sponsors to reach initial closing within 18 months of fund reservation. However, a 2003 study of the Section 202 program by the Governmental Accountability Office (GAO) found that approximately 70 percent of Section 202 properties funded between 1998 and 2009 did not meet this goal and that properties that did not meet the 18-month timeline took an average of 29 months to reach initial closing. The predevelopment delays were attributed to a number of factors, including the lack of predevelopment funding.

The Section 202 Demonstration Planning Grant Program (DPG) was created in 2004 to provide predevelopment funding to Section 202 sponsors to reduce development delays and increase the number of affordable rental units made available each year for low-income elderly households. This evaluation will assess the awareness and effectiveness of the program through telephone surveys with project sponsors. The key research question is whether the DPG helps sponsors get from Section 202 award to initial closing on the project within 18 months, HUD's target duration for the predevelopment period.

To collect the information necessary for this study, the Department will conduct a telephone survey of staff members from a sample of sponsor organizations. The surveys will be conducted with both staff from sponsor organizations that have received Demonstration Planning Grants (“DPG recipients”) and staff from sponsor organizations that have received Section 202 funding between fiscal years 2004 and 2008 but have not received a Demonstration Planning Grant (“non-recipients”). Surveys will be conducted with 70 DPG recipients and 30 non-recipients. The samples will be selected purposively to provide geographic diversity by Census region and a range of durations of predevelopment periods.

DPG recipients will be asked about their knowledge of and experience with the DPG program and how the DPG and other factors influenced their ability to reach initial closing within 18 months.

Non-recipients will be asked about their familiarity with the DPG program, the reasons they did not apply for the program, and the factors that contributed to their ability to reach initial closing within 18 months.

Members of Affected Public: The telephone sponsor survey will affect approximately 100 recipients of a

Section 202 Supportive Housing for the Elderly grant.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: For the DPG recipient survey, the researchers will administer a one-time telephone survey to 70

sponsor staff. These interviews are expected to last 60 minutes for a total burden hour estimate of 70 hours. For the non-recipient survey, the researchers will administer a one-time telephone survey to 30 sponsor staff. The non-recipient interviews are expected to last 30 minutes for a total burden hour estimate of 15 hours.

Respondents	Number of respondents	Number responses per respondent	Average burden/response (in hours)	Total burden hours
DPG Recipients	70	1	1.0	70
Non-recipients	30	1	0.5	15
Total	100	100	85

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 28, 2010.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee), as amended by the National Wildlife Refuge System Improvement Act of 1997, and the Refuge Recreation Act of 1962 (16 U.S.C. 460k-460k-4) govern the administration and uses of national wildlife refuges and wetland management districts. We are authorized to permit public uses on lands of the National Wildlife Refuge System, including hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation, and other visitor uses when we find that the activities are compatible and appropriate with the purpose or purposes for which the refuges were established.

We collect information on hunters and anglers and other visitors in order to protect refuge resources and administer and evaluate the success of visitor programs. Because of high demand and limited resources, we often provide visitor opportunities by permit, based on dates, locations, or type of public use. We may not allow all opportunities on all refuges and harvest information differs on each refuge. Therefore, we are proposing two forms to collect this information. Not all

refuges will use each form and some refuges may collect the information in a nonform format. We propose to collect:

- Information on the visitor (name, address, and contact information).
- Whether or not hunters/anglers were successful (number and type of harvest/caught).

- Purpose of visit (hunting, fishing, wildlife observation, wildlife photography, auto touring, birding, hiking, boating/canoeing, visitor center, special event, environmental education class, volunteering, other recreation).
- Date of visit.

This information will be a vital tool in meeting refuge objectives and maintaining quality visitor experiences. The above information will help us:

- Administer and monitor visitor programs and facilities on refuges.
- Distribute visitor permits to ensure safety of visitors.
- Ensure a quality visitor experience.
- Minimize resource disturbance, manage healthy game populations, and ensure the protection of fish and wildlife species.
- Assist in Statewide wildlife management and enforcement and develop reliable estimates of the number of all game fish and wildlife.
- Determine facility and program needs and budgets.

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We (Fish and Wildlife Service) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act of 1995 and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: To ensure that we are able to consider your comments on this IC, we must receive them by July 6, 2010.
