

RECORD ACCESS PROCEDURES:

Direct requests to access, amend or correct a record to the Privacy Act Officer, Federal Housing Finance Agency, 1625 Eye Street NW., Washington, DC 20006, in accordance with the procedures set forth in 12 CFR part 1204.

CONTESTING RECORD PROCEDURES:

Direct requests to contest or appeal an adverse determination for a record to the Privacy Act Appeals Officer, Federal Housing Finance Agency, 1700 G Street NW., Washington, DC 20552, in accordance with the procedures set forth in 12 CFR part 1204.

RECORD SOURCE CATEGORIES:

Information is provided by the subject of the record, authorized representatives, supervisors, employers, other employees, other Federal, state, or local agencies, and commercial entities. Indexing information is derived from information recorded on photographs or from FHFA staff or other individuals who have knowledge of the event and individuals photographed.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

BILLING CODE P

FEDERAL RESERVE SYSTEM**Change in Bank Control Notices; Acquisition of Shares of Bank or Bank Holding Companies**

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the office of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than May 25, 2010.

A. Federal Reserve Bank of Minneapolis (Jacqueline G. King, Community Affairs Officer) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *Peter Paul Bell*, Lake Forest, Illinois; to acquire voting shares of Lake

Shore Wisconsin Corporation, Kohler, Wisconsin, and thereby indirectly acquire voting shares of Hiawatha National Bank, Hager City, Wisconsin.

Board of Governors of the Federal Reserve System, May 5, 2010.

Robert deV. Frierson,

Deputy Secretary of the Board.

[FR Doc. 2010-10986 Filed 5-7-10; 8:45 am]

BILLING CODE 6210-01-S

FEDERAL RESERVE SYSTEM**Formations of, Acquisitions by, and Mergers of Bank Holding Companies**

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than June 4, 2010.

A. Federal Reserve Bank of Chicago (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Commercial Bancshares Corporation*, Frontenac, Missouri; to become a bank holding company by acquiring 25 percent or more of the voting shares of Centrust Financial, Inc., and thereby indirectly acquire voting

shares of Centrust Bank, N.A., both of Northbrook, Illinois.

B. Federal Reserve Bank of Dallas (E. Ann Worthy, Vice President) 2200 North Pearl Street, Dallas, Texas 75201-2272:

1. *Specialty Bancor, Inc.*; to become a bank holding company by acquiring 100 percent of the voting shares of Community State Bank, both of Austin, Texas.

Board of Governors of the Federal Reserve System, May 5, 2010.

Robert deV. Frierson,

Deputy Secretary of the Board.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an email to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Morbidity Study of Former Marines, Dependents, and Employees Potentially Exposed to Contaminated Drinking Water at USMC Camp Lejeune—New—Agency for Toxic Substances and Disease Registry (ATSDR), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

On January 28, 2008, President Bush signed H.R. 4986: National Defense Authorization Act for Fiscal Year 2008 which requires ATSDR to develop a health survey of individuals possibly exposed to contaminated drinking water at Camp Lejeune. The survey will collect personal health information that may provide a basis for further reliable scientific studies of potentially adverse health impacts of exposure to contaminated water at Camp Lejeune. The Act requires the survey to be

developed within 120 days of enactment and to be conducted within one year of enactment.

Additionally, in 2005, a panel of independent scientists convened by ATSDR to explore opportunities for conducting additional health studies at Camp Lejeune recommended that the agency:

- Identify cohorts of individuals with potential exposure, including adults who lived on base; adults who resided off base, but worked on base; children who lived on base; and those who may have been exposed while in utero; and
- Conduct a feasibility assessment to address the issues involved in planning future studies of mortality, cancer incidence, and other health outcomes of interest at the base.

In response, ATSDR prepared a report on the feasibility of conducting future epidemiological studies at the base. ATSDR determined that available databases could be used to identify adults who lived at the base or civilians who worked at the base during the period when drinking water was contaminated with volatile organic compounds (VOCs).

In addition to questions on cancers, the health survey instrument will include questions on non-fatal diseases that can be confirmed by medical records and are known or suspected of being associated with VOCs.

This project proposes to examine the relationship between medically confirmed cancers and drinking water

contaminated with VOCs including trichloroethylene (TCE), perchloroethylene, (PCE), and BTEX (benzene, toluene, ethylbenzene and xylenes) compounds by mathematically modeling the exposure to contaminated drinking water while living or working at Camp Lejeune.

The relationship between the following non-fatal diseases that can be confirmed by medical records and VOC-contaminated drinking water will also be examined: Parkinson’s disease, kidney failure and other severe kidney diseases, severe liver diseases, lupus, aplastic anemia, TCE-related skin disorders, scleroderma, multiple sclerosis, motor neuron disease/ amyotrophic lateral sclerosis, and infertility. In addition, the health survey instrument will include questions on miscarriages occurring to women who were pregnant while residing or working on base.

The health survey instrument will request information about the type of cancer or non-fatal, non-cancer disease, date of diagnosis, hospital of diagnosis, and doctor who diagnosed the disease to facilitate the acquisition of medical record confirmation. Because medical records are usually unavailable for miscarriages, the survey will not request information to facilitate medical record confirmation of this adverse outcome. For cancers, state of diagnosis will also be obtained to facilitate acquisition of cancer registry data. Self-reported

cancers and other diseases will be confirmed by medical records or cancer registrations. To facilitate medical record confirmation, the participant will be asked to provide a copy of the medical record to ATSDR or to sign a medical records release form allowing ATSDR to gain access to the medical record. The survey will also collect information on residential history on base, occupational history, and information on several risk factors (e.g., socio-economic status, demographics, smoking, alcohol consumption, etc.). A space will also be provided so that the respondent can report other disease conditions. The collected information will be used to assign exposure status and to assess potential confounding.

To improve the credibility of the study, it is necessary to include an external, unexposed comparison group, similar in all respects to the Marines and civilian workers at Camp Lejeune except for exposure to VOC-contaminated drinking water. Camp Pendleton is that comparison group.

As required by law, health surveys will also be mailed to those who registered with the United States Marine Corps. Health surveys completed by those who were identified solely because they registered with the USMC will be analyzed separately (“registered” group).

There are no costs to the respondents other than their time. The estimated annualized burden hours are 58,013.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Former active duty marines and navy personnel stationed at Camp Lejeune during 1975–1985	45,500	1	45/60
Former civilian workers employed at Camp Lejeune during 1972–1985	1,733	1	45/60
Former dependents (now all adults) and former Marines who were stationed at Camp Lejeune prior to 1975—Camp Lejeune	6,284	1	45/60
Former active duty marines and navy personnel stationed at Camp Pendleton during 1975–1985 (comparison group)	10,833	1	45/60
Former civilian workers employed at Camp Pendleton during 1972–1985 (comparison group)	2,167	1	45/60
“Registered” group	10,833	1	45/60

Dated: May 4, 2010.
Maryam I. Daneshvar,
Reports Clearance Officer, Centers for Disease Control and Prevention.
