SUPPLEMENTARY INFORMATION: A Notice of Intent (NOI) to prepare the first Environmental Impact Statement (EIS) was published in the **Federal Register** on April 19, 2006. A combined draft Watershed Plan and Environmental Impact Statement (EIS) was completed in February 2009 and reviewed with local citizens on February 26, 2009, at the Clarke County Fairgrounds. The draft Plan and EIS was posted in the **Federal Register** on March 6, 2009, for public and interagency review. Comments were received until April 20, 2009.

During the consideration of public and interagency comments by NRCS information related to water supply demand requirements for permitting by the State was discovered. This information effectively lowered the water supply project target from 3.2 mgd to 2.2 mgd. This lowered target made the consideration of site 3.5 (in addition to site 4B) possible and required to meet Federal water resource planning requirements. An additional potential site (Site 5) was also identified for evaluation.

As a result of these findings, Richard Sims, NRCS State Conservationist, has determined that the preparation and review of a revised combined watershed plan and environmental impact statement (EIS) is needed for this project. The Army Corp of Engineers, United States Fish and Wildlife Service, Environmental Protection Agency and Iowa Department of Natural Resources have been formally requested to be cooperating agencies. Formal responses to these requests are pending.

This project involves the development of a plan for agricultural water management (rural water supply), public recreation, public fish and wildlife, and watershed protection near Osceola in southern Iowa. The Clarke County Water Supply project area is 18,360 acres. It is located northwest of Osceola from the headwaters of the Squaw Creek Watershed to the confluence of the South Squaw Creek Watershed.

An open house informational meeting was held in Osceola on December 1, 2004, to initiate the planning process and obtain public input. State and federal agencies, private organizations, and local individuals were invited to a scoping meeting on March 15, 2006. The

public input received from these meetings and at meetings of the Clarke County Reservoir Commission was considered as the first draft Environmental Impact Statement was developed. The same scoping meeting information will be used for the revised combined watershed plan and environmental impact statement (EIS). The periodic meetings of the Commission as well as individual member sponsor meetings are open to the public and have provided opportunity for citizen input.

The revised draft EIS will evaluate three potential multiple-purpose structures that provide for rural water supply and water based recreational opportunities. Additionally, sediment basins that reduce agricultural pollutants to the lake will be evaluated.

The Clarke County Water Supply Watershed Project Revised Draft EIS will be developed and published in the **Federal Register** with a target date of June 1, 2010. A 45-day comment period will be available for the public to provide comments. A 30-day comment period will be available following publication of the final EIS. A meeting will be held in the Osceola area near the date of the revised draft EIS publication to inform the public about the revised draft watershed plan-EIS and to obtain comments. A notice will be published in the **Federal Register** with a specific date, time, and location of this meeting.

The revised draft watershed plan-EIS will be prepared and circulated for review by agencies and the public and a notice of the availability of the Draft EIS published in the **Federal Register**. The Natural Resources Conservation Service invites participation and consultation of public agencies, any affected Indian tribe, and individuals who have special expertise, legal jurisdiction, or interest in providing data for consideration in preparing the revised draft EIS. Comments and other input received will be considered in plan development. Further information on the proposed action may be obtained from Marty Adkins, Assistant State Conservationist for Planning, at the above address or telephone number.

This **Federal Register** Notice will also be available at the Iowa NRCS Web site at <http://www.ia.nrcs.usda.gov>. A map of the Clarke County Water Supply proposed study sites will also be posted.

Dated: May 4, 2010.

Richard Sims,
State Conservationist.

Persons with disabilities who require alternative means for communication (Braille, large print, audio tape, etc.) should contact the USDA Target Center at (202) 720-2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: In August 2009, USDA established the Dairy Committee. The Dairy Committee will review the issues of farm milk price volatility and dairy farmer profitability. The Dairy Committee will provide recommendations to the Secretary on how USDA can best address these issues to meet the dairy industry's needs.

The Secretary of Agriculture selected a diverse group of members representing

a broad spectrum of persons interested in providing suggestions and ideas on how USDA can tailor its programs to meet the dairy industry's needs. Equal opportunity practices were considered in all appointments to the Dairy Committee in accordance with USDA policies. The Secretary announced the members on January 6, 2010.

Representatives include: producers and producer organizations, processors and

processor organizations, consumers, academia, a retailer, and a state representative.

The Dairy Committee will hold the meeting on the following dates and locations. The meeting is open to the public. The dairy industry and public are invited to provide oral comments at the meeting on June 3, 2010, at a designated time.

Date	Time	Location information
June 3, 2010	8:30 a.m.–4:30 p.m.	USDA headquarters, in the Jamie L. Whitten Building, Room 104–A, 12th Street, SW., and Jefferson Drive, Washington, DC 20250
June 4, 2010	8:30 a.m.–4:30 p.m.	USDA headquarters, in the Jamie L. Whitten Building, Room 104–A, 12th Street, SW., and Jefferson Drive, Washington, DC 20250

The purpose of the meeting is to:

- Discuss farm milk price volatility and dairy farmer profitability,
- Review current USDA programs and Federal dairy policy,
- Hear proposals from dairy industry groups, and
- Allow comments from the public.

Instructions for Attending the Meeting

Space for attendance at the meeting is limited. Due to USDA headquarters security and space requirements, all persons wishing to attend the public meeting or provide oral comments to the Dairy Committee during the public meeting must send an e-mail to DIAC@wdc.usda.gov by June 1, 2010, to register the names of those planning to attend. Registrations will be accepted until maximum room capacity is reached. Upon arrival at the USDA Whitten Building, registered persons must provide valid photo identification in order to enter the building. Additional information about the public meeting, meeting agenda, materials and minutes including directions and how to provide comments is available at the Dairy Committee Web site: <http://www.fsa.usda.gov/DIAC>.

The received comments will be distributed to Dairy Committee members for consideration at the meeting.

If you require special accommodations, such as a sign language interpreter, use the contact information above.

Notice of this meeting is provided in accordance with section 10(a)(2) of the Federal Advisory Committee Act, as amended, (5 U.S.C. Appendix 2).

Signed in Washington, DC, on May 6, 2010.

Jonathan W. Coppess.

Administrator, Farm Service Agency.

Forest Service

Notice of New Recreation Fee Site; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108–447)

AGENCY: National Forests in Mississippi, USDA Forest Service.

ACTION: Notice of New Recreation Fee Site.

SUMMARY: Bethel Motorcycle and Bethel ATV Trails are located near Saucier, MS. Currently, the Bethel Motorcycle trail contains a 17-mile single track trail and the Bethel ATV Trail contains 39 miles of trail. Both sites contain an information board, toilet facilities, and parking; and security is provided. The Forest Service proposes to charge \$10 per operator for access to these trails. A \$60 annual pass will also be available for purchase by the public. This annual pass could be used for access to three other motorized trails in the National Forests in Mississippi and would be valid for 12 months. The fees listed are only proposed and will be determined upon further analysis and public comments. All funds received from these fees would be used for continued operation and maintenance of the facility and allow additional amenities to be added to enhance the recreational experience at the facility. Comparable recreational use fees are being proposed at other sites that provide similar

recreational opportunities in Mississippi.

DATES: Comments will be accepted through November 1, 2010. Implementation of fees is proposed to take place in fiscal year 2011.

FOR FURTHER INFORMATION CONTACT: Jeff Gainey, Recreation Program Manager, 601–965–1617, National Forests in Mississippi, 100 West Capitol Street, Suite 1141, Jackson, MS 39269.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108–447) directed the Secretary of Agriculture to publish advance notice in the **Federal Register** whenever new recreation fee areas are established.

Dated: April 28, 2010.
