SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62048; File No. SR-ISE-2010-43]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Fees and Rebates for Adding and Removing Liquidity

May 6, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 3,

2010, International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. ISE has designated this proposal as one establishing or changing a member due, fee, or other charge imposed under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees in order to (i) increase the number of options classes to be included in the Exchange's current schedule of transaction fees and rebates for adding and removing liquidity; and (ii) adopt a rebate for certain orders executed in the Exchange's Price Improvement Mechanism. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, at the Commission's Public Reference Room, and on the Commission's Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to increase liquidity and attract order flow by amending its transaction fees and rebates for adding and removing

liquidity (“maker/taker fees”).⁵ The Exchange’s maker/taker fees apply to the following categories of market participants: (i) Market Maker; (ii) Market Maker Plus;⁶ (iii) Non-ISE Market Maker;⁷ (iv) Firm Proprietary; (v) Customer (Professional);⁸ (vi) Priority Customer,⁹ 100 or more contracts; and (vii) Priority Customer, less than 100 contracts.¹⁰

Current Transaction Charges for Adding and Removing Liquidity

The Exchange currently assesses a per contract transaction charge to market participants that remove, or “take,” liquidity from the Exchange in the following three options classes: PowerShares QQQ trust (“QQQQ”), Bank of America Corporation (“BAC”)

⁵ These fees are similar to the “maker/taker” fees currently assessed by NASDAQ OMX PHLX (“PHLX”). PHLX currently charges a fee for removing liquidity to the following class of market participants: (i) Customer, (ii) Directed Participant, (iii) Specialist, ROT, SQT and RSQT, (iv) Firm, (v) Broker-Dealer, and (vi) Professional. PHLX also provides a rebate for adding liquidity to the following class of market participants: (i) Customer, (ii) Directed Participant, (iii) Specialist, ROT, SQT and RSQT, and (iv) Professional. See Securities Exchange Act Release Nos. 61684 (March 10, 2010), 75 FR 13189 (March 18, 2010); 61932 (April 16, 2010), 75 FR 21375 (April 23, 2010); and 61961 (April 22, 2010), 75 FR 22881 (April 30, 2010). See e-mail from Samir M. Patel, Assistant General Counsel, ISE, to Andrew Madar, Special Counsel, Commission, dated May 5, 2010.

⁶ A Market Maker Plus is a market maker who is on the National Best Bid or National Best Offer 80% of the time in that symbol during the current trading month for series trading between \$0.03 and \$5.00 in premium. The Exchange will determine whether a market maker qualifies as a Market Maker Plus at the end of each month by looking back at each market maker’s quoting statistics during that month. If at the end of the month, a market maker meets the 80% criteria, the Exchange will rebate \$0.10 per contract for transactions executed by that market maker during that month. The Exchange will provide market makers a report on a daily basis with quoting statistics so that market makers can determine whether or not they are meeting the 80% criteria.

⁷ A Non-ISE Market Maker, or Far Away Market Maker (“FARMM”), is a market maker as defined in Section 3(a)(38) of the Securities Exchange Act of 1934, as amended (“Exchange Act”), registered in the same options class on another options exchange.

⁸ A Customer (Professional) is a person who is not a broker/dealer and is not a Priority Customer.

⁹ A Priority Customer is defined in ISE Rule 100(a)(37A) as a person or entity that is not a broker/dealer in securities, and does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s).

¹⁰ The Chicago Board Options Exchange (“CBOE”) currently makes a similar distinction between large size customer orders that are fee liable and small size customer orders whose fees are waived. CBOE currently waives fees for customer orders of 99 contracts or less in options on exchange-traded funds (“ETFs”) and Holding Company Depositary Receipts (“HOLDERS”) and charges a transaction fee for customer orders that exceed 99 contracts. See Securities Exchange Act Release No. 59892 (May 8, 2009), 74 FR 22790 (May 14, 2009).

and Citigroup, Inc. (“C”). The per contract transaction charge depends on the category of market participant submitting an order or quote to the Exchange that removes liquidity.¹¹ Priority Customer Complex orders, regardless of size, are not assessed a fee for removing liquidity.

The Exchange also currently assesses transaction charges for adding liquidity in options on QQQQ, BAC and C. Priority Customer orders, regardless of size, and Market Maker Plus orders are not assessed a fee for adding liquidity.

Current Rebates

In order to promote and encourage liquidity in options classes that are subject to maker/taker fees, the Exchange currently offers a \$0.10 per contract rebate for Market Maker Plus orders sent to the Exchange.¹² Additionally, the Exchange’s Facilitation Mechanism has an auction which allows for participation in a trade by members other than the member who entered the trade. To incentivize members, the Exchange currently offers a rebate of \$0.15 per contract to contracts that do not trade with the contra order in the Facilitation Mechanism.

Fee Changes

The Exchange proposes to add the following 17 options classes to be included in the Exchange’s maker/taker fee schedule: Standard and Poor’s Depository Receipts/SPDRs (“SPY”), iShares Russell 2000 (“IWM”), Financial Select Sector SPDR (“XLF”), Apple, Inc. (“AAPL”), General Electric Company (“GE”), JPMorgan Chase & Co. (“JPM”), Intel Corporation (“INTC”), Goldman Sachs Group, Inc. (“GS”), Research in Motion Limited (“RIMM”), AT&T, Inc. (“T”), Verizon Communications, Inc. (“VZ”), United States Natural Gas Fund (“UNG”), Freeport-McMoRan Copper & Gold, Inc. (“FCX”), Cisco Systems, Inc. (“CSCO”), Diamonds Trust, Series 1 (“DIA”), Amazon.com, Inc. (“AMZN”)

¹¹ Although these options classes will no longer be subject to the tiered market maker transaction fees, the volume from these options classes will continue to be used in the calculation of the tiers so that this new pricing does not affect a market maker’s fee in all other names.

¹² The concept of incenting market makers with a rebate is not novel. In 2008, the CBOE established a program for its Hybrid Agency Liaison whereby it provides a \$0.20 per contract rebate to its market makers provided that at least 80% of the market maker’s quotes in a class during a month are on one side of the national best bid or offer. Market makers not meeting CBOE’s criteria are not eligible to receive a rebate. See Securities Exchange Act Release No. 57231 (January 30, 2008), 73 FR 6752 (February 5, 2008). The CBOE has since lowered the criteria from 80% to 60%. See Securities Exchange Act Release No. 57470 (March 11, 2008), 73 FR 14514 (March 18, 2008).

and United States Steel Corporation (“X”).

Additionally, as noted above, to incentivize members, the Exchange currently offers a rebate of \$0.15 per contract to contracts that do not trade with the contra order in the Exchange’s Facilitation Mechanism. The Exchange proposes to extend that \$0.15 per contract rebate to contracts that do not trade with the contra order in the Exchange’s Price Improvement Mechanism.

Other Fees

- Fees for orders executed in the Exchange’s Facilitation, Solicited Order, Price Improvement and Block Order Mechanisms are for contracts that are part of the originating or contra order.

- Complex orders executed in the Facilitation and Solicited Order Mechanisms are charged fees only for the leg of the trade consisting of the most contracts.

- Payment for Order Flow fees will not be collected on transactions on QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options.¹³

- The Cancellation Fee will continue to apply in QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options.¹⁴

- The Exchange has a \$0.20 per contract fee credit for members who, pursuant to Supplementary Material .02 to Rule 803, execute a transaction in the Exchange’s flash auction as a response to orders from persons who are not broker/dealers and who are not Priority Customers.¹⁵ For QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options, the Exchange proposes to lower the per contract fee credit for members who execute a

¹³ ISE currently has a payment-for-order-flow (“PFOF”) program that helps the Exchange’s market makers establish PFOF arrangements with an Electronic Access Member (“EAM”) in exchange for that EAM preferencing some or all of its order flow to that market maker. This program is funded through a fee paid by Exchange market makers for each customer contract they execute, and is administered by both Primary Market Makers (“PMM”) and Competitive Market Makers (“CMM”), depending to whom the order is preferenced.

¹⁴ The Exchange assesses a Cancellation Fee of \$2.00 to EAMs that cancel at least 500 orders in a month, for each order cancellation in excess of the total number of orders such member executed that month. All orders from the same clearing EAM executed in the same underlying symbol at the same price within a 300 second period are aggregated and counted as one executed order for purposes of this fee. This fee is charged only to customer orders.

¹⁵ See Securities Exchange Act Release No. 61731 (March 18, 2010), 75 FR 14233 (March 24, 2010).

transaction in the Exchange's flash auction as a response to orders from persons who are not broker/dealers and who are not Priority Customers to \$0.10 per contract.

- The Exchange has a \$0.20 per contract fee for market maker orders sent to the Exchange by EAMs.¹⁶ Market maker orders sent to the Exchange by EAMs will be assessed a fee of \$0.25 per contract for removing liquidity in QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options and \$0.10 per contract for adding liquidity in QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options.

The Exchange has designated this proposal to be operative on May 3, 2010.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(4) that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The impact of the proposal upon the net fees paid by a particular market participant will depend on a number of variables, most important of which will be its propensity to add or remove liquidity in QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X options. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to another exchange if they deem fee levels at a particular exchange to be excessive. The Exchange believes that the proposed fees it charges for options overlying QQQQ, BAC, C, SPY, IWM, XLF, AAPL, GE, JPM, INTC, GS, RIMM, T, VZ, UNG, FCX, CSCO, DIA, AMZN and X remain competitive with fees charged by other exchanges and therefore continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than to a competing exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act¹⁷ and Rule 19b-4(f)(2)¹⁸ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
