SUPPLEMENTARY INFORMATION:

Eligibility: The extension of the application deadline date in this notice applies to eligible applicants under the Investing in Innovation Fund that are located in a Federally-declared disaster area, as determined by the Federal Emergency Management Agency (FEMA) (see http://www.fema.gov/news/disasters.fema), and adversely affected by the severe storms, flooding, straight-line winds, and tornadoes beginning on April 30, 2010, and continuing, in Tennessee.

Under section 14007(a)(1) of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5), an eligible applicant for the Investing in Innovation Fund is (a) a local educational agency (LEA) or (b) a partnership between a nonprofit organization and (1) one or more LEAs or (2) a consortium of schools. In the case of an eligible applicant that is a partnership, the extension of the application deadline date applies if any of the entities required to be part of the partnership (i.e., a nonprofit organization, an LEA, or a consortium of schools) are located in a Federally-declared disaster area, as determined by FEMA, and adversely affected by the severe storms, flooding, straight-line winds, and tornadoes in Tennessee.

An eligible applicant submitting an application on the Extended Deadline must provide a certification in its application that it meets the criteria for doing so and be prepared to provide appropriate supporting documentation, if requested. If such an eligible applicant is submitting its application electronically, the submission of the application serves as the eligible applicant’s attestation that it meets the criteria for submitting an application on the Extended Deadline.
