Forest Service

Title: 36 CFR Part 228, Subpart C—Disposal of Mineral Materials.

OMB Control Number: 0596-0081.

Summary of Collection: The Forest Service (FS) is responsible for overseeing the management of National Forest System land. The Multiple-Use Mining Act of 1955 (30 U.S.C. 601, 603, 611-615) gives the FS specific authority to manage the disposal of mineral materials mined from National Forest land. A review of the operating plan provides the authorized officer the opportunity to determine if the proposed operation is appropriate and consistent with all applicable land management laws and regulations. The information also provides the means of documenting planned operations and the terms and conditions that the FS deems necessary to protect surface resources. If FS did not collect this information, a self-policing situation would exist.

Total Burden Hours: 10,665.
