### GENERAL SERVICES ADMINISTRATION

#### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0115; Docket 2010-0083; Sequence 27]

#### Submission for OMB Review; Notification of Ownership Changes

**AGENCY:** Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of request for public comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Regulatory Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement concerning notification of ownership changes. A request for public comments was published in the **Federal Register** at 75 FR 9603, on March 3, 2010. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

**DATES:** Comments may be submitted on or before June 14, 2010.

**ADDRESSES:** Submit comments identified by Information Collection 9000-0115 by any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by inputting "Information Collection 9000-0115" under the heading "Enter Keyword or ID" and selecting "Search". Select the link "Submit a Comment" that corresponds with "Information Collection 9000-0115". Follow the instructions provided at the "Submit a Comment" screen. Please include your name, company name (if any), and "Information Collection 9000-0115" on your attached document.

- *Fax:* 202-501-4067.

- *Mail:* General Services Administration, Regulatory Secretariat (MVCB), 1800 F Street, NW., Room 4041, Washington, DC 20405. *Attn:* Hada Flowers/IC 9000-0115.

*Instructions:* Please submit comments only and cite Information Collection 9000-0115, in all correspondence related to this collection. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS-0990-NEW; 30-day notice]

### Agency Information Collection Request. 30-Day Public Comment Request

**AGENCY:** Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to [Sherette.funncoleman@hhs.gov](mailto:Sherette.funncoleman@hhs.gov), or call the Reports Clearance Office on (202) 690-5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202-395-5806.

*Proposed Project:* Patient Perceptions of the Delivery of Health Care Through the Use of an Electronic Health Record (New)—OMB No. 0990-NEW—Office of the National Coordinator for Health Information Technology.

*Abstract:* Recognizing the potential of health information technology (IT), Congress incorporated the Health Information Technology for Economic and Clinical Health (HITECH) Act as part of the American Recovery and Reinvestment Act of 2009, and allocated

\$19.2 billion to meet the goal of meaningful use of certified EHRs for each person in the United States by 2014. The HITECH Act builds on existing federal efforts to encourage health IT adoption and use, and contains provisions that are expected to promote the widespread adoption of health IT among health care providers. Health IT experts agree that HITECH stimulus funds are likely to improve how physicians practice medicine for

Medicare and Medicaid beneficiaries and, ultimately, for advancing patient-centered medical care for all Americans. However, there is an evidence gap about patients' preferences and perceptions of delivery of health care services by providers who have adopted EHR systems in their practices.

The goal of the Patient Perceptions of the Delivery of Health Care through the Use of an Electronic Health Record (Patient Perceptions of EHR) Study is to

help policymakers understand how primary care practices' use of electronic health records (EHRs) affects consumers' satisfaction with (1) their medical care, (2) communication with their doctor, and (3) coordination of care. The research questions for the proposed Patient Perceptions of EHR Study are motivated by a concern that patients may have negative experiences as practices begin to use EHRs.

*Proposed Project:* HavBED Assessment to Prepare for Public Health Emergencies—OMB No. 0990-0344—Reinstatement with change—Office of the Assistant Secretary for Preparedness and Response (ASPR), Office of Preparedness and Emergency Operations (OPEO).

*Abstract:* The Office of the Secretary (OS) is requesting clearance by the Office of Management and Budget to extend data collection regarding the status of the health care system. ASPR/OPEO received expedited clearance for data collection during the 2009-H1N1 pandemic. Since September 2009 HHS has collected data on bed availability, health care system resource needs such as ventilators and health care system stress such as implementation of surge strategies. These data have proven useful to ASPR in fulfilling its responsibilities for preparedness and response.

Pursuant to section 2811 of the PHS Act, the ASPR serves as the principal

advisor to the Secretary on all matters related to Federal public health and medical preparedness and response for public health emergencies. In addition to other tasks, the ASPR coordinates with State, local, and tribal public health officials and healthcare systems to ensure effective integration of Federal public health and medical assets during an emergency. ASPR's National Hospital Preparedness Program (HPP) awards cooperative agreements to each of the 50 states, the Pacific Islands, and US territories (for a total of 62 awardees) to improve surge capacity and enhance community and hospital preparedness for public health emergencies. These 62 awardees are responsible for enhancing the preparedness of the nation's nearly 6000 hospitals. These awards are authorized under section 391C-2 of the Public Health Service (PHS) Act.

For this data collection the situation will dictate how often the data will be collected using the web-based interface known as HAvBED. For a large scale emergency, data will be collected nationally from all 62 HPP awardees to include all 6000 hospitals in HAvBED system. For smaller scale events, data collection will be targeted to individual states or regions. Data may also be gathered during exercises. Notifications for data collection are sent to the affected states through the HPP program staff. The data gathered from the hospitals are reported to the HHS Secretary's Operations Center to inform situational awareness and national preparedness.
