

periodic reports since the period ended February 28, 2003.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of SHEP Technologies, Inc. because it has not filed any periodic reports since the period ended December 31, 2004.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of WHEREVER.Net Holding Corp. because it has not filed any periodic reports since it filed a Form 8-A on April 26, 2000.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed companies. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed companies is suspended for the period from 9:30 a.m. EDT on May 13, 2010 and terminating at 11:59 p.m. EDT on May 26, 2010.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62067; File No. SR-NYSEAmex-2010-41]

Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish Strike Price Intervals and Trading Hours for Options on Index Linked Securities

May 10, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on April 28, 2010, NYSE Amex LLC ("NYSE Amex" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 903 Commentary .05 to establish strike price intervals for options on Index Linked Securities,³ and to amend Rule 901NY Commentary .02, to establish trading hours for these products. The text of the proposed rule change is available on NYSE Amex's Web site at <http://www.nyse.com>, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend Rule 903 Commentary .05, and to amend Rule 901NY Commentary .02, to establish strike price intervals and trading hours for options on Index-Linked Securities ("ILS"), also known as

³ Index-Linked Securities, also known as exchange-traded notes, are long-term notes that are the non-convertible debt of an issuer with a term of at least one year but not greater than thirty years. These exchange-traded securities are designed for investors who desire to participate in a specific market segment by providing exposure to one or more identifiable underlying securities, commodities, currencies, derivative instruments or market indexes. The Exchange's listing standards for options on Index-Linked Securities were established in September, 2008. See Securities Exchange Act Release No. 58516 (September 11, 2008), 73 FR 54184 (September 18, 2008) (SR-NYSEAmex-2008-69). Other Exchanges have established similar listing standards. See Securities Exchange Act Release Nos. 58571 (September 17, 2008), 73 FR 55188 (September 24, 2008) (SR-Phlx-2008-60) (notice of filing and immediate effectiveness); 59923 (May 14, 2009), 74 FR 23902 (May 21, 2009) (SR-NASDAQ-2009-046) (notice of filing and immediate effectiveness); 58204 (July 22, 2008), 73 FR 43807 (July 28, 2008) (SR-CBOE-2008-64) (approval order); 58203 (July 22, 2008), 73 FR 43812 (July 28, 2008) (SR-NYSEArca-2008-57) (approval order); and 58985 (November 20, 2008), 73 FR 72538 (November 28, 2008) (SR-ISE-2008-86) (notice of filing and immediate effectiveness).

Exchange-Traded Notes ("ETN"), prior to the Exchange actually listing and trading these products.

The Commission has approved the Exchange's proposal, as well as the proposals of other options exchanges, to enable the listing and trading of options on ILS (ETN).⁴ Options trading has not commenced to date and is contingent upon the Commission's approval of The Options Clearing Corporation's ("OCC") proposed supplement to the Options Disclosure Document ("ODD") that will provide disclosure regarding options on Index-Linked Securities.⁵

\$1 Strikes for ILS (ETN) Options

Prior to the commencement of trading options on Index-Linked Securities, the Exchange is proposing to establish that strike price intervals of \$1 will be permitted where the strike price is less than \$200. Where the strike price is greater than \$200, \$5 strikes will be permitted. These proposed changes are reflected by the addition to Commentary .05 to Rule 903.

The Exchange is seeking to establish \$1 strikes for ILS (ETN) options where the strike price is less than \$200 because the Exchange believes the marketplace and investors will be expecting these types of options to trade in a similar manner to options on exchange-traded funds ("ETFs"). Strike prices for ETF options are permitted in \$1 or greater intervals where the strike price is \$200 or less and \$5 or greater where the strike price is greater than \$200. Accordingly, the Exchange believes that the rationale for permitting \$1 strikes for ETF options equally applies to permitting \$1 strikes for ILS (ETN) options, and that investors will be better served if \$1 strike price intervals are available for ILS (ETN) options where the strike price is less than \$200. The Exchange believes that \$1 strike price intervals for options on Index-Linked Securities will provide investors with greater flexibility by allowing them to establish positions that are better tailored to meet their investment objectives.

Trading Hours for ILS (ETN) Options

The Exchange proposes to amend Commentary .02 to Rule 901NY to provide that options on exchange-traded notes including Index-Linked Securities may be traded on the Exchange until 1:15 p.m. (Pacific Time) each business day. This will establish similar trading hours for ILS (ETN) options as the

⁴ See supra Note 3.

⁵ OCC previously received Commission approval to clear options based on Index-Linked Securities. See Securities Exchange Act Release No. 60872 (October 23, 2009), 74 FR 55878 (October 29, 2009) (SR-OCC-2009-14) (approval order).

currently-established trading hours for ETF options.

The Exchange expects that other option exchanges that have adopted rules providing for the listing and trading of options on Index-Linked Securities has or will submit similar proposals.⁶

The Exchange has analyzed its capacity and believes the Exchange and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle the additional traffic associated with the listing and trading of \$1 strikes where the strike price is less than \$200 for ILS (ETN) options.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) ⁷ of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5) ⁸ in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest by having strike price intervals and trading hours established prior to the commencement of trading in options on Index-Linked Securities and thereby lessening the likelihood for investor confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become

operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act ⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that doing so is consistent with the protection of investors and the public interest. The Commission notes that it recently approved the same changes to strike price intervals and trading hours for options on Index-Linked Securities for another exchange.¹¹ The Commission believes that the proposed changes to strike price intervals and trading hours for options on Index-Linked Securities do not raise any novel regulatory issues, and waiver of the operative delay should benefit investors by creating consistency and predictability for investors who may view these products as serving similar investment functions in the marketplace to ETFs. Therefore, the Commission designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹¹ See Securities Exchange Act Release Nos. 61696 (March 12, 2010), 75 FR 13174 (March 18, 2010) (SR-CBOE-2010-005); 61943 (April 20, 2010), 75 FR 21689 (April 26, 2010) (SR-Phlx-2010-40).

¹² For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
