SUPPLEMENTARY INFORMATION:

I. Background: The American Recovery and Reinvestment Act of 2009 (The Recovery Act) was signed into law by President Obama on February 17, 2009. Among other funding directed to the Department of Labor, the Recovery Act provides \$750 million for a program of competitive grants for worker training and placement in high growth and emerging industries, the American Recovery and Reinvestment Act (ARRA) High Growth and Emerging Industries (HGEI) grants. It is critical to record the impact of these Recovery Act resources, current information on participants in these grants, and the services provided to them. Therefore, to obtain comprehensive information on participants served by and services provided with Recovery Act resources, ETA proposes an extension with revisions of an information collection set for ARRA HGEI grantees.

II. Review Focus:

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
 - Enhance the quality, utility, and clarity of the information to be collected; and
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
