

federal, state, local, tribal and foreign law enforcement and non-law enforcement agencies (including investigating reports from TECS or NCIC; other non-Department of Justice investigative agencies; client agencies of the Department of Justice); statements of witnesses and parties; and the work product of the staff of the INTERPOL-USNCB working on particular cases. Although the organization uses the names INTERPOL-USNCB and INTERPOL Washington for purposes of public recognition, the INTERPOL-USNCB is not synonymous with the International Criminal Police Organization (ICPO or INTERPOL), which is a private, intergovernmental organization headquartered in Lyon, France. The Department of Justice USNCB serves as the United States liaison with the INTERPOL General Secretariat and works in cooperation with the National Central Bureaus of other member countries, but is not an agent, legal representative, nor organization subunit of the International Criminal Police Organization. The records maintained by the INTERPOL-USNCB are separate and distinct from records maintained by INTERPOL and INTERPOL-USNCB does not have custody of, nor control over, the records of the International Criminal Police Organization.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

The Attorney General has exempted this system from subsections (c)(3) and (4), (d), (e)(1), (2), and (3), (e)(4)(G) and (H), (e)(5) and (8), (f), and (g) of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2), and (k)(2) and (k)(5). Rules have been promulgated in accordance with the requirements of 5 U.S.C. 553(b), (c) and (e) and have been published in the **Federal Register**. See 28 CFR 16.103.

DEPARTMENT OF LABOR

Employment and Training Administration

Announcement of the Career Videos for America's Job Seekers Challenge

AGENCY: Employment and Training Administration.

ACTION: Notice.

SUMMARY: In today's tight employment market the publicly funded workforce investment system has a major responsibility to maximize unemployed workers' opportunities for rapid

reemployment by quickly connecting them to the full scope of available jobs. The ability to make such connections can be improved by increasing the workers' knowledge of the jobs that are in demand. The Employment and Training Administration (ETA) has identified 15 high-wage and in-demand occupations about which the U.S. Department of Labor (DOL) would like to share information with the public. To this end, ETA invites members of the public to produce short (1-3 minute) videos focusing on one of 15 occupations' daily activities, necessary Knowledge, Skills, and Abilities (KSAs), and career pathways. Video makers are free to choose which occupation to film from the list of selected occupations. After DOL staff screen all video submissions, the public (including job seekers, One Stop Career Center staff, and our partners in the workforce development system) will vote for their favorite video in each occupation category. These top videos will then be made accessible to the workforce system and posted on DOL Web sites, and the creators of the top videos will receive a cash prize. Successful video challenges have been held at the Department of State, the Department of Education, the Environmental Protection Agency, and other Federal agencies.

SUPPLEMENTARY INFORMATION: Through an outreach campaign that includes a DOL Press Release, E-Blast to the Public Workforce System, e-mails to occupational associations, and blog posts, ETA will encourage the general public, employer associations, Registered Apprenticeship program sponsors, businesses, veterans, youth organizations, educational institutions, and labor organizations to participate in the Career Videos for America's Job Seekers Challenge (hereafter called the Challenge). The Challenge will consist of four phases. Phase 1 will run from May 10 to June 18, 2010. In this phase, the general public, associations, and/or employers can submit their occupational video for one of the 15 occupational categories to <http://www.dolvideochallenge.ideascale.com>. The submitted occupational videos should pertain to one of the following occupations:

1. Biofuels Processing Technicians;
2. Boilermakers;
3. Carpenters;
4. Computer Support Specialists;
5. Energy Auditors;
6. Heating, Air Conditioning, and Refrigeration Mechanics and Installers/Testing Adjusting and Balancing (TAB) Technicians;
7. Licensed Practical and Licensed Vocational Nurse;

8. Medical Assistants;
9. Medical and Clinical Lab Technicians including Cytotechnologists;
10. Medical Records and Health Information Technicians including Medical Billers and Coders;
11. Pipefitters and Steamfitters;
12. Radiological Technologists and Technicians;
13. Solar Thermal Installers and Technicians;
14. Weatherization Installers and Technicians; and
15. Wind Turbine Service Technicians.

Phase 2 will run from June 21 to July 9. During this phase, the DOL/ETA will screen, review, and identify the top three career videos in each occupational category and post these selected videos online at <http://www.dolvideochallenge.ideascale.com> for public review.

Phase 3 will run from July 12 to August 6. During this phase, the public will recommend the top career video in each occupational category. They will also have the opportunity to comment on videos.

Phase 4 will run from August 9 to August 19. In this final phase, DOL and ETA, will communicate the top career video in each occupational category to the workforce development community, educational community, and job seekers by:

1. Posting an announcement of the top ranking videos on key websites including:

- DOL.gov;
- DOLETA.gov;
- White House Office of Science and Technology Policy blog;
- Workforce3One.org; and Other sites;

2. Highlighting the videos and occupations on ETA's <http://www.CareerOneStop.org> portal, which already houses a variety of occupational videos for the workforce system;

3. Providing additional coverage of the videos on the ETA Communities of Practice, including: 21st Century Apprenticeship, Green Jobs, Reemployment Works, Regional Innovators, and Disability and Employment.

4. Utilizing other communication outlets such as national associations and intergovernmental organizations like the National Association of State Workforce Agencies, the National Association of Workforce Boards, the National Governor's Association, the National Association of Counties, and the Association of Community Colleges.

As a result of the Challenge, job seekers will have a greater awareness of in-demand career opportunities, and the

workforce development system will quickly boost its understanding of these occupations, significantly increasing the number of customers requesting training in these areas.

NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal
Advisory Committee Act (Pub. L. 92–
463, as amended), the National Science
Foundation (NSF) announces its intent
to hold proposal review meetings
throughout the year. The purpose of
these meetings is to provide advice and
recommendations concerning proposals
submitted to the NSF for financial
support. The agenda for each of these
meetings is to review and evaluate
proposals as part of the selection
process for awards. The review and
evaluation may also include assessment
of the progress of awarded proposals.
The majority of these meetings will take
place at NSF, 4201 Wilson Blvd.,
Arlington, Virginia 22230.

These meetings will be closed to the
public. The proposals being reviewed
include information of a proprietary or
confidential nature, including technical
information; financial data, such as
salaries; and personal information
concerning individuals associated with
the proposals. These matters are exempt
under 5 U.S.C. 552b(c), (4) and (6) of the
Government in the Sunshine Act. NSF
will continue to review the agenda and
merits of each meeting for overall
compliance with the Federal Advisory
Committee Act.

These closed proposal review
meetings will not be announced on an
individual basis in the **Federal Register**.
NSF intends to publish a notice similar
to this on a quarterly basis. For an
advance listing of the closed proposal
review meetings that include the names
of the proposal review panel and the
time, date, place, and any information
on changes, corrections, or
cancellations, please visit the NSF Web

site: <http://www.nsf.gov>. This
information may also be requested by
telephoning, 703/292–8182.

Dated: May 13, 2010.

NUCLEAR REGULATORY COMMISSION

[NRC–2010–0179]

Biweekly Notice; Applications and Amendments to Facility Operating Licenses Involving No Significant Hazards Considerations

I. Background

Pursuant to section 189a. (2) of the
Atomic Energy Act of 1954, as amended
(the Act), the U.S. Nuclear Regulatory
Commission (the Commission or NRC)
is publishing this regular biweekly
notice. The Act requires that the
Commission publish notice of any
amendments issued, or proposed to be
issued and grants the Commission the
authority to issue and make
immediately effective any amendment
to an operating license upon a
determination by the Commission that
such amendment involves no significant
hazards consideration, notwithstanding
the pendency before the Commission of
a request for a hearing from any person.

This biweekly notice includes all
notices of amendments issued, or
proposed to be issued from April 22 to
May 5, 2010. The last biweekly notice
was published on May 4, 2010 (75 FR
23808).

Notice of Consideration of Issuance of Amendments to Facility Operating Licenses, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing

The Commission has made a
proposed determination that the
following amendment requests involve
no significant hazards consideration.
Under the Commission's regulations in
Title 10 of the Code of Federal
Regulations (10 CFR) 50.92, this means
that operation of the facility in
accordance with the proposed
amendment would not (1) Involve a
significant increase in the probability or
consequences of an accident previously
evaluated; or (2) create the possibility of
a new or different kind of accident from
any accident previously evaluated; or
(3) involve a significant reduction in a
margin of safety. The basis for this
proposed determination for each
amendment request is shown below.
