Mr. Joshua Holzer

RE: U.S. Government Procurement;

Title III, Trade Agreements Act of 1979 (19 U.S.C. § 2511); Subpart B, Part 177, CBP Regulations; ICS Units

Dear Mr. Holzer:

This is in response to your request dated October 15, 2009, made on behalf of Scale Computing (“Scale”). You ask for a country of origin marking decision and final determination relating to government procurement pursuant to subpart B of Part 177, Customs and Border Protection (“CBP”) Regulations (19 C.F.R. § 177.21 *et seq.*). Under these regulations, which implement Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. § 2511 *et seq.*), CBP issues country of origin advisory rulings and final determinations on whether an article is or would be a product of a designated country or instrumentality for the purpose of granting waivers of certain “Buy American” restrictions in U.S. law or practice for products offered for sale to the U.S. Government.

This final determination concerns the country of origin of Scale’s SN1000, SN2000, and SN4000 Commodity-based Clustered Storage (“ICS”) Units. We note that Scale is a party-at-interest within the meaning of 19 C.F.R. § 177.22(d)(1) and is entitled to request this final determination.

FACTS:

Scale Computing produces storage appliances that offer a multi-protocol, multi-density suite of non-controller-based, unified NAS/SAN, enterprise-class storage solutions. Scale’s SN1000, SN2000, and SN4000 ICS Units are mass data storage devices similar in function to Storage Area Network (“SAN”) or Network Attached Storage (“NAS”) devices (i.e., special-purpose networks that interconnect different kinds of data storage devices—such as tape libraries and disk arrays—with associated data servers on behalf of a larger network of
