Defense Federal Acquisition Regulation Supplement; Restrictions on the Use of Mandatory Arbitration Agreements (DFARS Case 2010-D004)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Interim rule with request for comments.

SUMMARY: DoD is issuing an interim rule to implement section 8116 of the DoD Appropriations Act for Fiscal Year 2010. Section 8116 restricts the use of mandatory arbitration agreements when using funds appropriated or otherwise made available by this DoD Appropriations Act to award contracts that exceed \$1 million. It allows the Secretary of Defense to waive applicability to a particular contractor or subcontractor, if determined necessary to avoid harm to national security.

DATES: *Effective date:* May 19, 2010.

Comment date: Comments on this interim rule should be submitted in writing to the address shown below on or before July 19, 2010, to be considered in the formation of the final rule.

SUPPLEMENTARY INFORMATION:**A. Background**

Section 8116 of the DoD Appropriations Act for Fiscal Year 2010 (FY 10) (Pub. L. 111-118) prohibits the use of funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act for any contract (including task or delivery orders and bilateral modifications adding new work) in excess of \$1 million, if the contractor restricts its employees to arbitration for claims under title VII of the Civil Rights Act of 1964, or tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention, hereinafter the "covered areas."

This rule does not apply to the acquisition of commercial items, including commercially available off-the-shelf items. After June 17, 2010, section 8116(b) requires the contractor to certify compliance by subcontractors.

Additionally, enforcement of this rule does not affect the enforcement of other aspects of an agreement that is not related to the covered areas.

This rule allows the Secretary of Defense to waive applicability to a particular contract or subcontract, if determined necessary to avoid harm to national security.

The following examples are provided to help determine applicability:

- A new order that exceeds \$1 million using funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act, placed against an indefinite-delivery/indefinite-quantity contract for an applicable item or service, is covered by this restriction, regardless of whether the basic indefinite-delivery/indefinite-quantity contract was covered.

- A funding modification adding more than \$1 million of funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act to a contract that does not contain the clause at 252.222-7006 or 252.222-7999 (Deviation), is not covered.

- A bilateral modification adding new work that uses funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act in excess of \$1 million is covered.

- The award of a new order using funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act with a value of \$700,000 is not covered, since the value is under \$1 million.

- A contract valued at \$1.5 million awarded today, and only \$10,000 in funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act will be obligated, with the remaining balance being FY 11 funding, is not covered, because the total value of funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act is less than \$1 million.

- An entity or firm that does not have a contract in excess of \$1 million appropriated or otherwise made available by the FY 10 DoD Appropriations Act is not affected by the clause. The term "contractor" is narrowly applied only to the entity that has the contract. Unless a parent or subsidiary corporation is a party to the contract, it is not affected.

Contracting officers will modify existing contracts, on a bilateral basis, if using funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act, when such funds will be used for bilateral modifications adding new work or orders that exceed \$1 million and are issued after the effective date of this interim rule. In the event that a contractor refuses to accept such a modification, the contractor will not be eligible for receipt of funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act on such modifications or orders.

This is a significant regulatory action and, therefore, was subject to review under section (6)b of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This is not a major rule.

B. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein. The analysis is summarized as follows:

The objective of this rule is to implement section 8116 of the DoD Appropriations Act for Fiscal Year 2010 (Pub. L. 111-118). The clause at 252.222-7006, Restrictions on the Use of Mandatory Arbitration Agreements, prohibits the use of funds appropriated

or otherwise made available by the FY 10 DoD Appropriations Act for any contract (including task or delivery orders and bilateral modifications adding new work) in excess of \$1 million, if the contractor restricts its employees to arbitration for claims under title VII of the Civil Rights Act of 1964, or tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention. Most contractors should not be impacted unless they have a covered claim. A significant number of small businesses provide only commercial items to the Government, and this rule does not apply to that portion of the business community. We anticipate that there will be limited, if any, additional costs imposed on small businesses unless there is, in fact, a covered claim filed against a particular contractor.

DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2010–D004) in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense (DoD) that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comments. This action is necessary because section 8116 of the DoD Appropriations Act for Fiscal Year 2010 (Pub. L. 111–118) prohibits the use of funds appropriated or otherwise made available by the FY 10 DoD Appropriations Act for any contract (including task or delivery orders and bilateral modifications) in excess of \$1 million. This action is necessary to provide implementing language quickly to preclude a contracting officer from inadvertently awarding a contract that is not in compliance with the DoD Appropriations Act for Fiscal Year 2010. Pursuant to 41 U.S.C. 418b, DoD will

consider public comments received in response to this interim rule in the formation of the final rule.
