Ceda-Pine Veneer, Inc., a Subsidiary of Excaliber, Inc., Sandpoint, ID; Notice of Negative Determination Regarding Application for Reconsideration

By application dated March 10, 2010, a company official requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of the subject firm. The negative determination was signed on December 17, 2009. The Department's Notice of negative determination was published in the **Federal Register** on February 16, 2010 (75 FR 7034).

Pursuant to 29 CFR 90.18(c), reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or
- (3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The negative determination of the TAA petition filed on behalf of workers at Ceda-Pine Veneer, Inc., Sandpoint, Idaho, was based on the finding that there was no increase of imports by the workers' firm or its customer and no shift/acquisition by the workers' firm; nor did the workers produce an article or supply a service that was used by a firm with TAA-certified workers in the production of an article or supply of a service that was the basis for TAA-certification.

In the request for reconsideration, the petitioner stated that the workers should be eligible to apply for TAA because of the importation from Canada of boards whose production is subsidized by the Canadian government and that similarly-situated workers (workers at mills producing similar products in the

same part of the country) are eligible to apply for TAA, specifically Welco, LLC, Naples, Idaho (TA-W-72,655, certified on January 25, 2010).

The basis for certification of TA-W-72,655 was increased imports by the major declining customers of Welco, LLC. The increase in imports was revealed by a customer survey conducted by the Department.

In the case at hand, however, the survey of the major declining customers of the subject firm regarding their purchases of veneer and lumber boards revealed no increase imports nor any increased reliance on imports on the part of the subject firm's customers during the relevant time period.

The petitioner did not supply facts not previously considered, nor provide additional documentation indicating that there was either (1) a mistake in the determination of facts not previously considered or (2) a misinterpretation of facts or of the law justifying reconsideration of the initial determination.

After careful review of the request for reconsideration, the Department determines that 29 CFR 90.18(c) has not been met.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed in Washington, DC, this 12th day of May, 2010.

Del Min Amy Chen,

Certifying Officer, Division of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION:

Background

The Assistant Secretary of Labor for Occupational Safety and Health invites interested individuals to submit nominations for membership on NACOSH.

NACOSH is authorized by section 7(a) of the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 656) to advise the Secretary of Labor and the Secretary of Health and Human Services on matters relating to the administration of the OSH Act. NACOSH is a continuing advisory body and operates in compliance with provisions in the OSH Act, the Federal Advisory Committee Act (5 U.S.C. App.), and regulations issued pursuant to those laws (29 CFR 1912a, 41 CFR part 102-3).

NACOSH Membership

NACOSH is comprised of 12 members, all of whom the Secretary of Labor appoints. Nominations will be accepted for five positions (29 CFR 1912a.2). The composition of the committee and categories of new members to be appointed are as follows:

- *Four public representatives*—Two will be appointed;
- *Two management representatives*—One will be appointed;
- *Two labor representatives*;
- *Two occupational safety professional representatives*—One will be appointed; and,
- *Two occupational health professional representatives*—One will be appointed.

Pursuant to 29 CFR 1912a.2, the Secretary of Health and Human Services (HHS) designates one of the public representatives and the representative from the occupational health professions for appointment by the Secretary of Labor. OSHA will provide to HHS all nominations and supporting materials for those membership categories.

NACOSH members serve staggered two-year terms, unless they become unable to serve, resign, cease to be qualified to serve or is removed by the Secretary of Labor. If a vacancy occurs before a term expires, the Secretary may appoint for the remainder of the unexpired term a new member who

represents the same interest as the predecessor. NACOSH members may be appointed to successive terms. The committee meets at least two times a year (29 CFR 1912a.4).

Any interested person or organization may nominate one or more qualified persons for membership. *Nominations must include the following information:*

- The nominee's contact information and current occupation or position;
- The nominee's resume or curriculum vitae, including prior membership on NACOSH or other OSHA advisory committees or other relevant organizations, associations, and committees;
- The categories of membership (employer, employee, public, safety professional, health professional) that the candidate is qualified to represent;
- A summary of the background, experience, and qualifications that demonstrates the nominee's suitability for each of the nominated membership categories;
- Articles or other documents the nominee has authorized that indicate the nominee's knowledge, experience, and experience in occupational safety and health; and
- A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in NACOSH meetings for a two-year term, and has no conflicts of interest that would preclude membership on NACOSH.

Membership Selection

NACOSH members will be selected upon the basis of their experience and competence in the field of occupational safety and health (29 CFR 1912a.2). The information received through this nomination process, in addition to other relevant sources of information, will assist the Secretary of Labor in appointing members to serve on NACOSH. In selecting NACOSH members, the Secretary of Labor will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals.

The U.S. Department of Labor is committed to bringing greater diversity of thought, perspective and experience to its advisory committees. Nominees from all races, gender, age and disabilities are encouraged to apply.

If, instead, you wish to mail additional materials in reference to an electronic or fax submission, you must submit three copies to the OSHA Docket Office (*see ADDRESSES* section). The additional materials must clearly identify your electronic nomination by name, date, and docket number so OSHA can attach them to your nomination.
