SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62105; File No. SR-Phlx-2010-71]

Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Professional Routing Fees

May 13, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹, and Rule 19b-4 thereunder,² notice is hereby given that on May 7, 2010, NASDAQ OMX PHLX, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees governing pricing for Exchange members using the Phlx XL II system,³ for routing standardized equity and index option professional orders to away markets for execution.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, at the Commission’s Public Reference Room, and on the Commission’s Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to recoup costs that the Exchange incurs for routing and executing professional orders in equity and index options to away markets.

In May 2009, the Exchange adopted Rule 1080(m)(iii)(A) to establish Nasdaq Options Services LLC (“NOS”), a member of the Exchange, as the Exchange’s exclusive order router.⁴ NOS is utilized by the Phlx XL II system solely to route orders in options listed and open for trading on the Phlx XL II system to destination markets.

Currently, the Exchange’s Fee Schedule includes Routing Fees for customer and professional orders. The Exchange currently assesses a fee of \$.06 per contract in all professional⁵ option orders that are routed to International Securities Exchange, LLC (“ISE”).

The Exchange proposes to amend the current fee of \$.06 per contract that is assessed for routing professional orders to ISE in all options to \$.24 per contract. The Exchange is proposing this charge in order to recoup clearing and transaction charges which are incurred by the Exchange when orders are routed to ISE. Each destination market’s transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange proposes this fee change to account for an increase in cost for routing to ISE.⁶

⁴ See Securities Exchange Act Release No. 59995 (May 28, 2009), 74 FR 26750 (June 3, 2009) (SR-Phlx-2009-32).

⁵ The Exchange defines a “professional” as any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) (hereinafter “Professional”).

⁶ See SR-ISE-2010-41.

As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change. While changes to the Exchange’s Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated this proposal to be operative for trade date May 10, 2010.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(4) of the Act⁸ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that this fee is equitable because it would be equally assessed on all professional orders routed to ISE. The Exchange also believes that this fee is reasonable because the Exchange is seeking to recoup the costs incurred by the Exchange to route professional orders to ISE on behalf of its members.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and paragraph (f)(2) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing,

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62102; File No. SR-BATS-2010-011]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend BATS Rule 11.9, Entitled "Orders and Modifiers"

May 13, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 4, 2010, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to make a modification to the existing technology that it provides to a User that wishes to avoid trading against orders from that same User (currently referred to as "Member Match Trade Prevention" or "MMTP").

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of

the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to make a minor change to its Member Match Trade Prevention, or MMTP, functionality, described in BATS Rules 11.9(f) and 21.1(g) and to rename the functionality as Match Trade Prevention ("MTP").

MMTP modifiers are designed to prevent two orders with the same Unique Identifier (as defined below) from executing against each other. The Exchange currently offers four MMTP modifiers that can be set at the market participant identifier ("MPID"), the Exchange Member identifier or the Exchange Sponsored Participant identifier level (any such identifier, a "Unique Identifier").⁵ BATS is proposing a change to the MMTP Decrement and Cancel identifier ("MDC"); none of the other MMTP identifiers are affected by this proposal, other than to change the references throughout the rule text to MTP.

Under the existing rules, an incoming order marked with the MDC modifier will not execute against opposite side resting interest marked with any MMTP modifier originating from the same Unique Identifier. If both orders are equivalent in size, both orders will be cancelled back to the originating User. If the orders are not equivalent in size, the equivalent size will be cancelled back to the originating User and the larger order will be decremented by the size of the smaller order, with the balance remaining on the BATS Book; provided, however, that if the resting order is marked with any MMTP modifier other than MDC, and the incoming order is smaller in size than the resting order, then both orders will be cancelled back to the originating User (the "MDC Exception"). Thus, as shown in the example below, rather than decrementing either order, pursuant to the MDC Exception both orders are cancelled in their entirety when the resting order contains an MMTP modifier other than MDC and is larger than the incoming order.

Current MDC Exception—Example:
An order to buy 500 shares @ \$22.00 is

⁵ Any Exchange Member that has an MPID issued by FINRA is identified in the Exchange's internal systems by that MPID. Each Exchange Member that does not already have an MPID and each Sponsored Participant is issued an identifier that is specific to the Exchange and allows the Exchange to determine the User for each order and trade.
