SUPPLEMENTARY INFORMATION:**A. Purpose**

Part 28 of the FAR contains guidance related to obtaining financial protection against damages under Government contracts (e.g., use of bonds, bid guarantees, insurance etc.). Part 52 contains the texts of solicitation provisions and contract clauses. These regulations implement a statutory requirement for information to be provided by Federal contractors relating to payment bonds furnished under construction contracts which are subject to the Miller Act (40 U.S.C. 270a-270d). This collection requirement is mandated by Section 806 of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Pub. L. 102-190), as amended by Section 2091 of the Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-335). The clause at 52.228-12, Prospective Subcontractor Requests for Bonds, implements Section 806(a)(3) of Public Law 102-190, as amended, which specifies that, upon the request of a prospective subcontractor or supplier offering to furnish labor or material for the performance of a construction

contract for which a payment bond has been furnished to the United States pursuant to the Miller Act, the contractor shall promptly provide a copy of such payment bond to the requestor.

In conjunction with performance bonds, payment bonds are used in Government construction contracts to secure fulfillment of the contractor's obligations under the contract and to assure that the contractor makes all payments, as required by law, to persons furnishing labor or material in performance of the contract. This regulation provides prospective subcontractors and suppliers a copy of the payment bond furnished by the contractor to the Government for the performance of a Federal construction contract subject to the Miller Act. It is expected that prospective subcontractors and suppliers will use this information to determine whether to contract with that particular prime contractor. This information has been and will continue to be available from the Government. The requirement for contractors to provide a copy of the payment bond upon request to any prospective subcontractor or supplier under the Federal construction contract is contained in Section 806(a)(3) of Public Law 102-190, as amended by Sections 2091 and 8105 of Public Law 103-355.
