SUPPLEMENTARY INFORMATION:

I. Background

Section 531(b) of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA) (Pub. L. 106-554) requires the Secretary to establish procedures for coding and payment determinations for new clinical diagnostic laboratory tests under Part B of title XVIII of the Social Security Act (the Act) that permit public consultation in a manner consistent with the procedures established for implementing coding modifications for International Classification of Diseases (ICD-9-CM). The procedures and public meeting announced in this notice for new clinical laboratory tests are in accordance with the procedures published on November 23, 2001 in the **Federal Register** (66 FR 58743) to implement section 531(b) of BIPA.

Section 942(b) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) (Pub. L. 108-173) added section 1833(h)(8) of the Act. Section 1833(h)(8)(A) of the Act states that such new tests are any clinical diagnostic laboratory tests with respect to which a new or substantially revised Healthcare Common Procedures Coding System (HCPCS) code is assigned on or after January 1, 2005 (hereinafter referred to as, "new test" or "new clinical laboratory test"). Section 1833(h)(8)(B) of the Act sets forth the methods for determining payment bases for new tests. Pertinent to this notice, section 1833(h)(8)(B)(i) and (ii) of the Act requires the Secretary to make available to the public a list that includes new tests for which establishment of a payment amount is being considered for a year and, on the same day that the list is made available, to publish in the **Federal Register** a notice of a meeting to receive comments
