[Docket No. USCG–2010–0363]

RIN 1625–AA08

Special Local Regulation for Marine Event; 2010 International Cup Regatta, Pasquotank River, Elizabeth City, NC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is temporarily changing the enforcement period of special local regulations for a recurring marine event involving power boat races in the Fifth Coast Guard District. This action is intended to restrict vessel traffic in a portion of the Pasquotank River, near Elizabeth City, NC, during the 2010 International Cup Regatta. Special local regulations are necessary to provide for the safety of life on navigable waters during the event.

DATES: This rule is effective from June 4 through June 6, 2010.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2010–0363 and are available online by going to http://www.regulations.gov, inserting USCG–2010–0363 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail Petty Officer Kevin Ouyoumjian, Prevention Department, Coast Guard Sector North Carolina, Atlantic Beach, NC; telephone 252–247–4528, e-mail Kevin.J.Ouyoumjian@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the potential dangers posed by vessel traffic operating in close proximity to high speed power boats makes special local regulations necessary to provide for the safety of participants, event support vessels, spectator craft and other vessels. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, patrol vessels, spectator craft and other vessels transiting the event area. For these reasons, it is in the public interest to have these regulations in effect during the event. The Coast Guard will issue broadcast notice to mariners to advise vessel operators of navigational restrictions. On scene Coast Guard and local law enforcement vessels will also provide actual notice to mariners.

For the same reasons, the Coast Guard also finds under 5 U.S.C. 553(d)(3) that good cause exists for making this rule effective less than 30 days after publication in the Federal Register.

Basis and Purpose

This regulation temporarily changes the enforcement period of special local regulations for a recurring marine event in 33 CFR 100.501 and 33 CFR Table to § 100.501, No. 54. On June 5 and 6, 2010, Carolina Cup Regatta, Inc. will sponsor the 2010 International Cup Regatta hydroplane races on the waters of the Pasquotank River adjacent to Elizabeth City, North Carolina. The event will consist of approximately 75 hydroplane powerboats conducting high-speed competitive races on the Pasquotank River from shoreline to shoreline in the vicinity of the Elizabeth City Waterfront, Elizabeth City, North Carolina. A fleet of spectator vessels is expected to gather near the event site to view the competition. The regulation in 33 CFR 100.501 and 33 CFR Table to 100.501 is effective annually for this marine event on the second Saturday and Sunday of June, which is June 12 and 13 this year. Because the dates of the event this year differ from the effective dates in the CFR, this rule temporarily changes the effective dates of the existing regulation. To provide for the safety of participants, spectators, support and transiting vessels, the Coast Guard will temporarily restrict vessel traffic in the event area during the hydroplane races. The existing regulation in the CFR will be enforced for the duration of the event this year on June 5 and 6 instead of June 12 and 13.

Discussion of Rule

The Coast Guard is temporarily changing the effective dates of special local regulations, in 33 CFR Table to 100.501, No. 54, for the 2010 International Cup Regatta from “June—2nd Saturday and Sunday” to “June—1st Saturday and Sunday” because the regatta will be held on the latter dates this year. The temporary special local regulations in 33 CFR 100.501 will be enforced from 9 a.m. to 6:30 p.m. on June 5 and June 6, 2010, and will restrict general navigation in the regulated area described in 33 CFR Table to 100.501, No. 54. The name of the event has also changed this year from the Carolina Cup Regatta to the 2010 International Cup Regatta, and the event sponsor’s name has changed from the Virginia Boat Racing Association to Carolina Cup Regatta, Inc. Except for participants and vessels authorized by the Coast Guard Patrol Commander, no person or vessel will be allowed to enter or remain in the regulated area. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

Although this rule prevents traffic from transiting a portion of the Pasquotank River during the event, the effect of this regulation will not be significant due to the limited duration
that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via marine information broadcasts, local radio stations and area newspapers so mariners can adjust their plans accordingly. Additionally, this rulemaking does not change the permanent regulated areas that have been published in 33 CFR 100.501, Table to § 100.501. In some cases vessel traffic may be able to transit the regulated area when the Coast Guard Patrol Commander deems it safe to do so.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in the Pasquotank River in the regulated area. This regulation will not have a significant impact on a substantial number of small entities because it will be enforced only in a limited area for a short duration. The Captain of the Port will ensure that small entities are able to operate in the areas where events are occurring when it is safe to do so. In some cases, vessels will be able to safely transit around the regulated area and, with the permission of the Patrol Commander, vessels may transit through the regulated area. Before the enforcement period, the Coast Guard will issue maritime advisories so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12830, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a
category of actions that do not individually or cumulatively have a
significant effect on the human environment. This rule is categorically
excluded, under figure 2–1, paragraph (34)(h), of the Instruction because the
rule involves promulgation of special local regulations issued in conjunction
with a regatta or marine parade.
Under figure 2–1, paragraph (34)(h), of the Instruction, an environmental
analysis checklist and a categorical exclusion determination are not
required for this rule.

DATES: This rule is effective June 28, 2010.

ADDRESSES: Comments and material received from the public, as well as
documents mentioned in this preamble as being available in the docket, are part
doctor USCG–2009–0302 and are available online by going to http://
www.regulations.gov, inserting USCG–2009–0302 in the “Keyword” box, and
then clicking “Search.” This material is also available for inspection or copying
at the Docket Management Facility (M–30), U.S. Department of Transportation,
West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE.,
Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If
you have questions on this rule, call or e-mail: Chief Petty Officer Christie
Dixon, Prevention Department, USCG Sector Long Island Sound at 203–468–
4459, christie.m.dixon@uscg.mil. If you have questions on viewing the docket,
call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–
9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On July 8, 2009 we published an
Interim Rule with a request for
comments entitled, Special Local
Regulation. Maggie Fischer Memorial
Great South Bay Cross Bay Swim. Great
South Bay, NY, in the Federal Register
(74 FR 32428). We did not receive any
comments or requests for meetings in
response to the Interim Rule.

Basis and Purpose

The Cross Bay Swim has been
successfully held off and on from the early 1900’s on the waters of Great
South Bay, NY. This 5.25 mile swim has historically involved up to 100
swimmers and accompanying safety
craft that travel along a course located
directly north of the Fire Island
Lighthouse Dock, NY and extending to
Gilbert Park in Brightwaters, NY. Prior
to this rule there was not a regulation in
place to protect the swimmers or safety
craft from the hazards imposed by
marine traffic.

To ensure the continued safety of the
swimmers, safety craft and the boating
public, the Coast Guard is establishing
a permanent special local regulation on
the navigable waters of the Great South
Bay, New York that would exclude all
unauthorized persons and vessels from
approaching within 100 yards of any
swimmer or safety craft on the race
course from 6:30 a.m. to 12:30 p.m. on
the day of the race.

Entry into this zone is prohibited
unless authorized by the Captain of the
Port Long Island Sound or by designated
on-scene patrol personnel. Any
violation of the safety zone described
herein is punishable by, among other
things, civil and criminal penalties, in
rem liability against the offending
vessel, and the initiation of suspension
or revocation proceedings against Coast

RIN 1625–AA08
Special Local Regulation; Maggie
Fischer Memorial Great South Bay
Cross Bay Swim, Great South Bay, NY

AGENCY: Coast Guard, DHS.
ACTION: Final rule.

SUMMARY: The Coast Guard is
establishing a permanent special local
regulation on Great South Bay, NY
between Gilbert Park, Brightwaters, NY
and Fire Island Lighthouse Dock, Fire
Island, NY due to the annual Maggie
Fischer Memorial Great South Bay Cross
Bay Swim. This special local regulation
is necessary to protect swimmers, safety
vessels and the boating public on the
navigable waters of Great South Bay,
NY. Entry into this zone is prohibited
unless authorized by the Captain of the
Port Long Island Sound, New Haven,
CT.
