[Project No. 13678–000]

Hydrodynamics, Inc.; Notice of Preliminary Permit Application
Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

May 21, 2010.

On March 4, 2010, Hydrodynamics, Inc. filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Dry Creek Canal Irrigation Hydroelectric Project. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

The proposed project would consist of: (1) a new reinforced concrete intake structure; (2) a new 36-inch-diameter, 2,600-foot-long [polyethylene and/or steel or PVC] penstock; (3) a new approximately 35-foot by 35-foot powerhouse, housing one turbine/generator unit (with an installed capacity of 500 kilowatts); (4) a new substation; and (5) a 100-foot-long, 12.47 kilovolt transmission line which will interconnect with an existing Park Electric utility line. The estimated annual generation for this project is 1.7 gigawatt hours.

Applicant Contact: Jason M. Cohn, Project Engineer, Hydrodynamics, Inc., 521 East Peach St., Suite 2B, Bozeman, MT 59715.

Deadline for filing comments, motions to intervene, competitive applications (without notices of intent), or notices of intent to file competitive applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(ii) and the instructions on the Commission’s Web site (http://www.ferc.gov/docs-filing/ferconline.asp) under the “eFiling” link. For a simpler method of submitting text only comments, click on “Quick Comment.” For assistance, please contact FERC Online Support at FERCONlineSupport@ferc.gov; call toll-free at (866) 208–3676; or, for TTY, contact (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and eight copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

More information about this project, including a copy of the application, can be viewed or printed on the “eLibrary” link of Commission’s Web site at http://www.ferc.gov/docs-filing/elibrary.asp. Enter the docket number (P–13678) in the docket number field to access the document. For assistance, contact FERC Online Support.

Kimberly D. Bose, Secretary.

Friant Power Authority Orange Cove Irrigation District; Notice of Application Accepted for Filing, Soliciting Motions To Intervene and Protests, Ready for Environmental Analysis, and Soliciting Comments, Recommendations, Terms and Conditions, and Fishway Prescriptions

May 20, 2010.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Application Type: Amendment of license to increase the installed capacity.

b. Project No.: 11068–014.

d. Applicant: Friant Power Authority and Orange Cove Irrigation District.

e. Name of Project: Fishwater Release Hydroelectric Project.

f. Location: The project is located at the Bureau of Reclamation’s Friant Dam on the San Joaquin River in Fresno County, California.

g. Filed Pursuant to: Federal Power Act, 16 USC 791a–825a.

h. Applicant Contact: Bill Carlisle, General Manager, Friant Power Authority, c/o South San Joaquin Municipal Utility District, P.O. Box 279, Delano, CA 93216; telephone (661) 725–0610.

Fergus Morrissey, Orange Cove Irrigation District, 1130 Park Boulevard, Orange Cove, CA 93646; telephone (559) 626–4461.

i. FERC Contact: Linda Stewart, telephone: (202) 502–6680, and e-mail address: linda.stewart@ferc.gov.

j. Deadline for filing motions to intervene and protests, comments, recommendations, terms and conditions, and fishway prescriptions is 60 days from the issuance of this notice; reply comments are due 105 days from the issuance date of this notice. All documents (original and eight copies) should be filed with: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please include the project number (P–11068–014) on any comments or motions filed.

l. Description of Request: Friant Power Authority and Orange Cove Irrigation District (licensees) propose to construct a new powerhouse from the one authorized in the October 13, 2006 Order Amending License. Instead of constructing a new powerhouse containing a single turbine generating unit with an installed capacity of 1.8 megawatts (MW) and hydraulic capacity of 130 cubic feet per second (cfs), the licensees propose to construct a new powerhouse containing a single turbine generating unit with an installed capacity of 7.0 MW and hydraulic capacity of 370 cfs. The proposed new powerhouse would be constructed at a location different from the location authorized in the license.

m. Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission’s Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. This filing may also be viewed on the Commission’s Web site at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, call 1–866–208–3676 or e-mail FERCONlineSupport@ferc.gov, for TTY, call (202) 502–8659. A copy is also available for inspection and reproduction at the address in item (h) above.

Individuals desiring to be included on the Commission’s mailing list should so indicate by writing to the Secretary of the Commission.
n. Comments, Protests, or Motions to Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission’s Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

6. Filing and Service of Responsive Documents: All filings must (1) bear in all capital letters the title “PROTEST”, “MOTION TO INTERVENE”, “COMMENTS,” “REPLY COMMENTS,” “RECOMMENDATIONS,” “TERMS AND CONDITIONS,” or “FISHWAY PRESCRIPTIONS”; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, recommendations, terms and conditions or prescriptions should relate to project works which are the subject of the license amendment. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

As provided for in 18 CFR 4.34(b)(5)(i), a license applicant must file, no later than 60 days following the date of issuance of this notice of acceptance and ready for environmental analysis: (1) A copy of the water quality certification; (2) a copy of the request for certification, including proof of the date on which the certifying agency received the request; or (3) evidence of waiver of water quality certification.

q. e-Filing: Motions to intervene, protests, comments, recommendations, terms and conditions, and fishway prescriptions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site at http://www.ferc.gov under the “e-Filing” link.

Kimberly D. Bose,
Secretary.

[Project No. 2211–004]

Duke Energy Indiana, Inc.; Indiana;
Notice of Availability of Environmental Assessment

May 21, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission’s (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a new license for the Markland Hydroelectric Project, located at the U.S. Army Corps of Engineers’ (Corps) existing Markland Locks and Dam on the Ohio River in Switzerland County, Indiana, and has prepared an Environmental Assessment (EA) for the project. Parts of the project occupy 6.21 acres of federal land administered by the Corps; Duke Energy Indiana, Inc., proposes changing the project boundary to include a total of 10.2 acres of federal land to accommodate new and existing project facilities.

The EA contains the staff’s analysis of the potential environmental impacts of continued operation and maintenance of the project and concludes that relicensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For further information, contact Dianne Rodman at (202) 502–6077.

South Feather Water and Power Agency; Notice of Availability of Environmental Assessment

May 20, 2010.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission’s (Commission) regulations, (18 CFR Part 380), Commission staff has prepared an environmental assessment (EA) regarding South Feather Water and Power Agency’s (SFWPA) request to raise the dam crest and modify the spillway at Sly Creek Dam, part of the Sly Creek Power Project, of the South Feather Power Project (FERC No. 2088). Sly Creek is located on Sly Creek
