BILLING CODE 7710-12-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 36

[CC Docket No. 80-286; FCC 10-89]

Jurisdictional Separations and Referral to the Federal-State Joint Board

AGENCY: Federal Communications Commission.

ACTION: Interim rule.

SUMMARY: Jurisdictional separations is the process by which incumbent local exchange carriers (incumbent LECs) apportion regulated costs between the intrastate and interstate jurisdictions. In this document, the Commission extends until June 30, 2011, the current freeze of part 36 category relationships and jurisdictional cost allocation factors used in jurisdictional separations. Extending the freeze provides stability for, and avoids imposing undue burdens on, carriers that must comply with the Commission's separations rules while the Commission considers issues relating to comprehensive reform of the jurisdictional separations process.

DATES: This interim rule is effective July 1, 2010.

FOR FURTHER INFORMATION CONTACT: Daniel Ball, Attorney Advisor, at 202-418-1577, Pricing Policy Division, Wireline Competition Bureau.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order (R&O) in CC Docket No. 80-286, FCC 10-89, released on May 25,

2010. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC 20554.

1. Jurisdictional separations is the process by which incumbent LECs apportion regulated costs between the intrastate and interstate jurisdictions. The freeze of Part 36 category relationships and jurisdictional cost allocation factors was first implemented for five years on July 1, 2001, 66 FR 33202, June 21, 2001 (2001 Separations Freeze Order), extended approximately three years on June 23, 2006, 71 FR 29843, May 24, 2006 (2006 Separations Freeze Extension Order), and extended a second time until June 30, 2010 74 FR 23955, May 22, 2009 (2009 Separations Freeze Extension Order). On March 29, 2010, the Commission released a notice of proposed rulemaking seeking comment on a further extension of the freeze until June 30, 2011. 75 FR 17109 (Apr. 5, 2010) (NPRM). The overwhelming majority of parties filing comments in response to the NPRM supported extension of the freeze. This R&O extends the current freeze until June 30, 2011. Extending the freeze provides stability for, and avoids imposing undue burdens on, carriers that must comply with the Commission's separations rules while the Commission, working with the Federal-State Joint Board on Separations, considers issues relating to comprehensive separations reform.

2. The extended freeze will be implemented as described in the 2001 Separations Freeze Order. Specifically, price-cap carriers would use the same relationships between categories of investment and expenses within part 32 accounts and the same jurisdictional allocation factors that have been in place since the inception of the current freeze on July 1, 2001. Rate-of-return carriers would use the same frozen jurisdictional allocation factors, and would use the same frozen category relationships if they had opted previously to freeze those as well.

I. Procedural Matters

A. Final Regulatory Flexibility Certification

3. As required by the Regulatory Flexibility Act, the Commission certifies that these regulatory amendments will not have a significant impact on small business entities.
