DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of Draft General Management Plan/Environmental Impact Statement for Lincoln Home National Historic Site, IL

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(c), the National Park Service (NPS) announces the availability of a draft General Management Plan/Environmental Impact Statement (GMP/EIS) for Lincoln Home National Historic Site, Illinois.

DATES: The draft GMP/EIS will remain available for public review for 60 days following the publishing of the notice of availability in the **Federal Register** by

the U.S. Environmental Protection Agency. Public meetings will be held during the 60-day review period on the GMP/EIS in Springfield, Illinois, in summer 2010.

You may submit your comments by any one of several methods. You may comment via the Internet through the national planning site at <http://www.parkplanning.nps.gov/liho>. You may mail comments to Superintendent, Lincoln Home National Historic Site, 413 South Eighth Street, Springfield, Illinois 62701-1905. You may contact the Superintendent by facsimile at 217-492-4673. Finally, you may hand-deliver comments to the Lincoln Home National Historic Site headquarters at the address above.

ADDRESSES: Copies of the draft GMP/EIS are available from the Superintendent, 413 South Eighth Street, Springfield, Illinois 62701-1905.

SUPPLEMENTARY INFORMATION: This GMP/EIS will guide the management of the Lincoln Home National Historic Site for the next 20 years. The draft GMP/EIS considers four draft conceptual alternatives—a no-action and three action alternatives, including the NPS preferred alternative. The draft GMP/EIS assesses impacts to cultural resources, visitor opportunities and use, socioeconomic, and NPS operations.

The NPS preferred alternative focuses on rehabilitating the historic landscape to offer visitors a strong sense of the neighborhood as Lincoln knew it. This goal would be accomplished by extensive rehabilitation at the core of the site, but less extensive away from the core. The Lincoln lot would be restored if there is sufficient documentation.

FOR FURTHER INFORMATION CONTACT: Contact Superintendent, Lincoln Home National Historic Site, at the address or telephone number above.

Before including your address, telephone number, electronic mail address, or other personal identifying information in your comments, you should be aware that your entire comment (including your personal identifying information) may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will make all submissions from organizations or businesses, from individuals identifying themselves as representatives or officials, of organizations or businesses, available for public inspection in their entirety.

Dated: April 30, 2010.

Ernest Quintana,

Regional Director, Midwest Region.

Bureau of Land Management

[LLMT924000 L12200000.PM0000]

Final Supplementary Rules for Camping on Undeveloped Public Lands in Montana, North Dakota, and South Dakota

AGENCY: Bureau of Land Management, Interior.

ACTION: Final supplementary rules.

SUMMARY: The Bureau of Land Management (BLM) is issuing final supplementary rules regarding time limits for camping and the storage of personal property on undeveloped public lands managed by the BLM in Montana, North Dakota, and South Dakota. These final supplementary rules consolidate existing rules for camping on undeveloped BLM-administered public lands throughout Montana, North Dakota, and South Dakota. These final supplementary rules will supersede prior published rules.

DATES: The rules are effective July 2, 2010.

ADDRESSES: You may submit suggestions or inquiries to Christina Miller, Outdoor Recreation Planner, BLM Montana State Office, 5001 Southgate Drive, Billings, MT 59101-4669.

FOR FURTHER INFORMATION CONTACT: Christina Miller, Outdoor Recreation Planner, BLM Montana State Office, 5001 Southgate Drive, Billings, Montana 59101-4669, (406) 896-5038.

SUPPLEMENTARY INFORMATION:

I. *Background*

II. *Discussion of Comments*

I. Background

The BLM proposed these final supplementary rules in order to promote consistency between the BLM-managed public lands in Montana, North Dakota, and South Dakota on issues of camping, occupancy, and the storage of property on undeveloped public lands. These rules are necessary to protect the area's natural resources, to provide for the public's health and safety, and provide needed guidance in the areas of camping, occupancy, and storage of personal property. These final supplementary rules would not apply to locations that contain structures or

capital improvements (such as boat launch sites, picnic areas, and interpretive centers) and that are used primarily by the public for recreational purposes. Examples of such locations include developed campgrounds, designated recreation areas, and special recreation management areas. The BLM regulates the use and occupancy at such developed locations in accordance with 43 CFR 8365.2-3. In addition, site-specific rules for these locations remain in effect and are posted at each site.

These final supplementary rules supersede rules previously published at 72 FR 19958 (April 20, 2007). The rules in the Notice of Camping Limits on Public Lands in Montana, South Dakota and North Dakota required camps to be moved a minimum of 5 miles every 14 days. These final supplementary rules allow camping at a particular location for 16 days, either cumulatively or consecutively, during any 30-day interval. The placing or leaving of unattended motor vehicles, trailers, or other personal property for the purpose of reserving a camping site is considered camping for the purpose of these final supplementary rules. These changes will allow the public to remain in the general area in which they wish to recreate while still achieving the BLM's goal of protecting public lands and natural resources by prohibiting long-term camps in a single location.

II. Discussion of Comments

These rules were published as proposed final supplementary rules on August 13, 2009 in the **Federal Register** (74 FR 40839-40841). Comments were solicited in that publication and could be submitted by mail, electronic means, or by telephone.

No comments were received. Therefore, we are publishing the final supplementary rules as proposed, with the exception of editorial changes made for purposes of clarity.

III. Procedural Matters

Executive Order 12866, Regulatory Planning and Review

These final supplementary rules are not a significant regulatory action and are not subject to review by the Office of Management and Budget under Executive Order (E.O.) 12866. These final supplementary rules will not have an effect of \$100 million or more on the economy. These final supplementary rules will not adversely affect, in a material way, the economy, productivity, competition, jobs, the environment, public health or safety, or state, local, or tribal governments or communities. These final
