The City of Nashua, Iowa; Notice of Availability of Environmental Assessment

May 26, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for an original license for the Cedar Lake Dam Hydroelectric Project, to be located on the Cedar River, within the City of Nashua, Chickasaw County, Iowa, and has prepared an Environmental Assessment (EA). In the EA, Commission staff analyze the potential environmental effects of licensing the project and conclude that

issuing a license for the project, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link.
