

Foggy Bottom, on Blue and Orange Line).

REGISTRATION: To gain entry into the Harry S. Truman Building, a member of the public should provide the following information to the Department of State not later than Friday, June 11: The individual's full name, date of birth, type of identification (valid driver's license or passport) and its identification number, and whether there is a request for reasonable accommodation. This data is requested pursuant to Public Law 99-399 (Omnibus Diplomatic Security and Antiterrorism Act of 1986), as amended; Public Law 107-56 Stat. 272, 10/26/2001 (USA PATRIOT Act); and Executive Order 13356. The purpose of the collection is to validate the identity of individuals who enter Department facilities. The data will be entered into the Visitor Access Control System (VACS-D) database. Please see the Privacy Impact Assessment for VACS-D at <http://www.state.gov/documents/organization/100305.pdf> for additional information. Please provide to Michele Peregrin by E-mail: PeregrinMS@state.gov or by phone: 202-632-6445.

FOR FURTHER INFORMATION CONTACT: Michele Peregrin, Staff Assistant, Office of the Assistant Secretary, 202-632-6445.

Dated: June 2, 2010.

Stanley S. Colvin,

Deputy Assistant Secretary for Private Sector Exchange, Department of State.

BILLING CODE 4710-05-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activity Seeking OMB Approval

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget's (OMB) extension of a current information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 8, 2010, vol. 75, no. 44, page 10550. A letter of application and related documents which set forth an applicant's ability to conduct operations in compliance with FAR Part 125 provisions are submitted to the appropriate FSDO.

DATES: Please submit comments by July 7, 2010.

FOR FURTHER INFORMATION CONTACT: *Carla Scott at Carla.Scott@faa.gov.*

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Certification and Operation FAR 125.

Type of Request: Extension without change of a currently approved collection.

OMB Control Number: 2120-0085.

Forms(s): There are no FAA forms associated with this collection.

Affected Public: An estimated 163 Respondents.

Frequency: This information is collected on occasion.

Estimated Average Burden Per Response: Approximately 1.33 hours per response.

Estimated Annual Burden Hours: An estimated 61,388 hours annually.

Abstract: Part A of Subtitle VII of the Revised Title 49 United States Code authorizes the issuance of regulations governing the use of navigable airspace. 14 CFR Part 125 prescribes requirements for leased aircraft, Aviation Service Firms, and Air Travel. A letter of application and related documents which set forth an applicant's ability to conduct operations in compliance with the Part 125 provisions are submitted to the appropriate Flight Standards District Office. Inspectors in FAA FSDO's review the submitted information to determine eligibility.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202)395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of

automated collection techniques or other forms of information technology.

Issued in Washington, DC, on May 28, 2010.

Carla Scott,

FAA Information Collection Clearance Officer, IT Enterprises Business Services Division, AES-200.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2010-0005-N-12]

Information Collection Requirement; Notice and Request for Comments

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirement (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on March 31, 2010 (75 FR 16228).

DATES: Comments must be submitted on or before July 7, 2010.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., 3rd Floor, Mail Stop 25, Washington, DC 20590 (telephone: (202) 493-6292), or Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., 3rd Floor, Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 31, 2010, FRA published a 60-day notice in the **Federal Register** soliciting comment on this ICR that the agency was seeking OMB approval. 75 FR 16228. FRA

received no comments in response to this notice.

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507(b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summary below describes the nature of the information collection requirement (ICR) and the expected burden for the ICR being submitted for clearance by OMB as required by the PRA.

Title: Notice of Funding Availability and Solicitation of Applications for Grants under the Railroad Safety Technology Grant Program.

OMB Control Number: 2130–0587.

Type of Request: Regular Approval of an Emergency Clearance.

Affected Public: 40 Railroads.

Abstract: The Rail Safety Technology Program is a newly authorized program under the Rail Safety Improvement Act of 2008 (RSIA) (Pub. L. 110–432; October 16, 2008). The program was directed by Congress and passed into law in the aftermath of a series of major rail accidents that culminated in an accident at Chatsworth, California, in 2008. Twenty-five people were killed and 135 people were injured in the Chatsworth accident. This event turned the Nation's attention to rail safety and the possibility that new technologies, such as PTC, could prevent such accidents in the future. The RSIA ordered installation of PTC by all Class I railroads on any of their mainlines carrying poisonous inhalation hazard (PIH) materials and by all passenger and commuter railroads on their main lines not later than December 31, 2015.

As part of the RSIA, Congress provided \$50 million to FRA to award, in one or more grants, to eligible projects by passenger and freight rail carriers, railroad suppliers, and State and local Governments. Funds will be awarded to projects that have a public benefit of improved railroad safety and efficiency, with priority given to

projects that make PTC technologies interoperable between railroad systems; projects that accelerate the deployment of PTC technology on high-risk corridors, such as those that have high volumes of hazardous material shipments; and for projects over which commuter or passenger trains operate, or that benefit both passenger and freight safety and efficiency.

Funds provided under this grant program may constitute a maximum of 80 percent of the total cost of a selected project, with a minimum of 20 percent of costs funded from other sources. The funding provided under these grants will be made available to grantees on a reimbursement basis. FRA anticipates awarding grants to multiple eligible participants. FRA may choose to award a grant or grants within the available funds in any amount. Funding made available through grants provided under this program, together with funding from other sources that is committed by a grantee as part of a grant agreement, must be sufficient to complete the funded project and achieve the anticipated technology development. FRA began accepting grant applications 10 days after publication of the Notice of Funds Availability, which was published on March 29, 2010, in the **Federal Register** detailing the terms of the Railroad Safety Technology Grant Program. Applications may be submitted until July 1, 2010. Selection announcements will be made on or around September 3, 2010.

Form Number(s): FRA F 6180.146; SF–269; SF–270.

Annual Estimated Burden Hours: 11,385 hours.

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503, Attention: FRA Desk Officer. Comments may also be sent via e-mail to OMB at the following address: oir_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

Issued in Washington, DC on June 1, 2010.

Kimberly Coronel,

Director, Office of Financial Management, Federal Railroad Administration.
