

malfunctions with the types of circuits and age of equipment. FRA can then identify the causes of grade crossing system failures and investigate them to determine whether periodic maintenance, inspection, and testing standards are effective. FRA also uses the information collected to alert railroad employees and appropriate highway traffic authorities of warning system malfunctions so that they can take the necessary measures to protect motorists and railroad workers at the grade crossing until repairs have been made.

Form Number(s): FRA F 6180.83.

Annual Estimated Burden: 8,152 hours.

Title: Bridge Worker Safety Rules.

OMB Control Number: 2130-0535.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Railroads.

Abstract: Section 20139 of Title 49 of the United States Code required FRA to issue rules, regulations, orders, and standards for the safety of maintenance-of-way employees on railroad bridges, including for "bridge safety equipment" such as nets, walkways, handrails, and safety lines, and requirements for the use of vessels when work is performed on bridges located over bodies of water. FRA has added 49 CFR part 214 to establish minimum workplace safety standards for railroad employees as they apply to railroad bridges. Specifically, section 214.15(c) establishes standards and practices for safety net systems. Safety nets and net installations are to be drop-tested at the job site after initial installation and before being used as a fall-protection system; after major repairs; and at six-month intervals if left at one site. If a drop-test is not feasible and is not performed, then a written certification must be made by the railroad or railroad contractor, or a designated certified person, that the net does comply with the safety standards of this section. FRA and State inspectors use the information to enforce Federal regulations. The information that is maintained at the job site promotes safe bridge worker practices.

Form Number(s): N/A.

Annual Estimated Burden: 1 hour.

Title: Railroad Police Officers.

OMB Control Number: 2130-0537.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Railroads.

Abstract: Under 49 CFR part 207, railroads are required to notify states of all designated police officers who are discharging their duties outside of their

respective jurisdictions. This requirement is necessary to verify proper police authority.

Form Number(s): N/A.

Annual Estimated Burden: 175 hours.

ADDRESSES: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC, 20503, Attention: FRA Desk Officer. Alternatively, comments may be sent via e-mail to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget, at the following address: oira_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collections of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501-3520.

Issued in Washington, DC, on *June 1, 2010*.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[FHWA-DC-2010-01-D]

Notice of Availability and Notice of Public Hearing for the Environmental Assessment for the Klingle Valley Trail

AGENCIES: Federal Highway Administration, District of Columbia Division; and District Department of Transportation; in cooperation with the National Park Service.

ACTION: Notice of availability of the Environmental Assessment for the Klingle Valley Trail Project; Notice of public hearing for and request for comments on the Environmental Assessment for Klingle Valley Trail Project.

SUMMARY: The U.S. Federal Highway Administration (FHWA) and the District Department of Transportation (DDOT) as lead agencies, and in cooperation with the National Park Service (NPS), announce the availability of the Environmental Assessment (EA) for the Klingle Valley Trail Project, pursuant to the requirements of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321-4347; the Council on Environmental Quality Regulations (40 CFR parts 1500-1508); and the FHWA Environmental Impact and Related Procedures (23 CFR 771). FHWA and DDOT will also be hosting a Public Hearing to provide citizens an opportunity to comment on the proposed project and EA. FHWA and DDOT will consider comments received (*see DATES and ADDRESSES*, below) in finalizing the EA. FHWA and DDOT will then determine whether to prepare an environmental impact statement or issue a finding of no significant impact if appropriate for the proposed action.

FOR FURTHER INFORMATION CONTACT:

Federal Highway Administration, District of Columbia Division: Mr. Michael Hicks, Environmental/Urban Engineer, 1990 K Street, NW., Suite 510, Washington, DC 20006-1103, (202) 219-3536; or District Department of Transportation: Austina Casey, Project Manager, Planning, Policy and Sustainability Administration, 2000 14th Street, NW., 7th Floor, Washington, DC 20009, (202) 671-2740.

SUPPLEMENTARY INFORMATION: The EA has been prepared to evaluate a range of alternatives and impacts for the construction of a multi-use trail facility within the 0.7 mile barricaded portion of Klingle Road between Porter Street, NW., and Cortland Place, NW.; including the restoration of Klingle Creek. The purpose of the proposed action is to construct a multi-use trail facility using context sensitive design, to provide safe non-motorized transportation and recreational opportunities to the residents and visitors of the District of Columbia. The project needs are a culmination of safety concerns due to the deteriorated roadway and structures; social demands as presented in the Park and Recreation Open Space District element in the *District Comprehensive Plan*; system linkage provisions tying points west of Connecticut Avenue to the Rock Creek Park multi-use trail system; deficiencies in the existing infrastructure resulting in degraded habitat within Klingle Valley; and legislation: The District's Klingle Road Sustainable Development Act of 2008.

Four Alternatives for the proposed Klingle Valley Multi-Use Trail, including the No Action Alternative, were developed in accordance with the project objectives established to meet the project purpose and need and are analyzed in detail in the EA. The proposed trail alignment for all Action Alternatives (Alternatives 2, 3, and 4) lies within the existing DDOT right-of-way. The EA examines and evaluates the existing environmental conditions within the project area along with the environmental consequences and cumulative impacts of several alternatives for the proposed improvement.

DATES: The public hearing will be held on June 23, 2010 at the National Zoological Park, Visitor Center Auditorium, 3001 Connecticut Avenue, NW., Washington, DC 20008. The Public Hearing will consist of an open house from 6 p.m. to 6:30 p.m. followed by a formal presentation and opportunity to comment from 6:30 p.m. to 8 p.m. *Comments on the EA must be received on or before July 6, 2010.*

ADDRESSES: In addition to attending the Public Hearing, you may submit comments or requests for copies of the EA by any of the following methods:

- *Project Web Site:* <http://www.klingletrail.com>. Follow the instructions for submitting comments on the Web site.
- *E-mail:* comments@klingletrail.com.
- *Mail:* Austina Casey, Project Manager, Planning, Policy and Sustainability Administration, District Department of Transportation, 2000 14th Street, NW., 7th Floor, Washington, DC 20009.

Electronic copies may be downloaded for review from the project Web site and hard copies of the EA may also be viewed at the following locations:

- District Department of Transportation, Planning, Policy, and Sustainability Administration, 2000 14th Street, NW., 7th Floor, Washington, DC 20009;
- National Capital Planning Commission Library, 401 9th Street, NW., North Lobby, Suite 500, Washington, DC 20004;
- Martin Luther King, Jr. Memorial Library, 901 G Street, NW., Washington, DC 20001;
- Cleveland Park Branch Library, 3310 Connecticut Avenue, NW., Washington, DC 20008;
- Mount Pleasant Library, 3162 Mt. Pleasant Street, NW., Washington, DC 20010.

Issued: May 27, 2010.

Joseph C. Lawson,

Division Administrator, Federal Highway Administration, District of Columbia Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

FEDERAL HIGHWAY ADMINISTRATION

[FHWA-DC-2010-01-D]

Notice of Withdrawal of the Notice of Intent for Klingle Road Environmental Impact Statement; Washington, DC

AGENCIES: Federal Highway Administration, District of Columbia Division; and District Department of Transportation.

ACTION: Notice of Withdrawal of the Notice of Intent to prepare an Environmental Impact Statement for Klingle Road.

SUMMARY: The U.S. Federal Highway Administration (FHWA) is issuing this notice to advise the public that, effective immediately, the Notice of Intent (NOI) (**Federal Register** Vol. 69, No 52; FR Doc 04-6027) to prepare an Environmental Impact Statement (EIS) for the proposed reopening of Klingle Road, NW., to vehicular access in Washington, DC, is being withdrawn. The NOI for the EIS was announced on March 18, 2004.

FOR FURTHER INFORMATION CONTACT: Federal Highway Administration, District of Columbia Division: Mr. Michael Hicks, Environmental/Urban Engineer, 1990 K Street, NW., Suite 510, Washington, DC 20006-1103, (202) 219-3536; or District Department of Transportation: Austina Casey, Project Manager, Planning, Policy and Sustainability Administration, 2000 14th Street, NW., 7th Floor, Washington, DC 20009, (202) 671-2740.

SUPPLEMENTARY INFORMATION: In June 2008, the District of Columbia Council passed legislation called the Klingle Road Sustainable Development Amendment Act of 2008 (DC Law 17-219; DC Official Code § 9-115.11). This legislation ended studies to reopen the barricaded segment of Klingle Road to vehicular traffic, and specifies that District Department of Transportation (DDOT) shall allocate and use Federal aid highway funds for the environmental remediation of Klingle Valley and the construction of a pedestrian and bicycle trail along the barricaded portion of Klingle Road, between Porter Street, NW., and Cortland Place, NW. Based on this

legislation, the NOI to prepare an EIS will be withdrawn.

FHWA in conjunction with DDOT have determined that an Environmental Assessment (EA) will instead be prepared to evaluate a range of alternatives and impacts for the construction of a multi-use trail facility within the 0.7 mile barricaded portion of Klingle Road; including the restoration of Klingle Creek, in cooperation with the National Park Service (NPS). The proposed multi-use trail facility will be constructed using context sensitive design, to provide safe non-motorized transportation and recreational opportunities to the residents and visitors of the District of Columbia.

Issued: May 27, 2010.

Joseph C. Lawson,

Division Administrator, Federal Highway Administration, District of Columbia Division.
