DEPARTMENT OF ENERGY
Energy Efficiency and Renewable Energy
National Energy Rating Program for Homes

ACTION: Request for Information (RFI).

SUMMARY: The Department of Energy (DOE) is seeking comments and information from interested parties to assist DOE in developing a voluntary National Energy Rating Program for Homes. The purpose of this program is to encourage consumers to invest in energy improvements in existing homes by providing reliable information to them at low cost. The Department is considering a wide range of issues including how to measure energy performance, what performance metrics to use, and how to present the information to consumers, among other questions. For a full discussion of these issues, please view www.buildings.energy.gov/home_rating_rfi.html.

DATES: Comments must be postmarked by no later than July 5, 2010. Comments must be received by no later than July 10, 2010.

FOR FURTHER INFORMATION CONTACT: Joan Glickman at buildingratingRFI@ee.doe.gov.

Issued in Washington, DC, on June 2, 2010.

Cathy Zoi, Assistant Secretary, Energy Efficiency and Renewable Energy.

Notice Announcing Preliminary Permit Drawing

May 28, 2010.

In the matter of: Three Rivers Park District, Project No. 13457–000, BOST1 Hydroelectric LLC, Project No. 13458–000.

On May 1, 2009, at 8:30 a.m., the Commission received two preliminary permit applications for proposed projects to be located at the existing Coon Rapids Dam on the Mississippi River in Hennepin and Anoka Counties, Minnesota. The applications were filed by Three Rivers Park District, for Project No. 13457 and BOST1 Hydroelectric LLC, for Project No. 13458.

Where all permit applicants are municipalities or all permit applicants are non-municipalities, and no applicant’s plans are better adapted than the others’ to develop, conserve, and utilize in the public interest the water resources of a region, the Commission issues a permit to the applicant who filed first in time. In this case, because two applications from entities not claiming municipal preference are deemed filed at the same time, the Commission will conduct a random tie breaker to determine priority. In the event that the Commission concludes that neither applicant’s plans are better adapted than the other, priority will be determined accordingly.

On June 8, 2010, at 2 p.m. (eastern time), the Secretary of the Commission, or her designee, will, by random drawing, determine the filing priority for the two applicants identified in this notice. The drawing is open to the public and will be held in room 2C, the Commission Meeting Room, located at 888 First St., NE., Washington, DC 20426. The results of the drawing will be recorded by the Secretary or her designee. A subsequent notice will be issued by the Secretary announcing the results of the drawing.

Kimberly D. Bose, Secretary.

Notice Announcing Preliminary Permit Drawing

May 28, 2010.

In the matter of: Green Power Development, LLC, Alaska Power & Telephone Company, Project No. 12661–001, Project No. 13599–000.

On October 1, 2009, at 8:30 a.m., the Commission received two preliminary permit applications for proposed projects to be located at an unnamed lake designated as Lake 3160 in an unorganized borough near Juneau, Alaska. The applications were filed by Green Power Development, LLC, for Project No. 12661–001 and Alaska Power & Telephone Company, for Project No. 13599–000.

Where all permit applicants are municipalities or all permit applicants are non-municipalities, and no applicant’s plans are better adapted than
